*W or the memory of childhood* (French: *W ou le souvenir d'enfance*) is a semi-autobiographical work of fiction by Georges Perec published in 1975. Perec's novel consists of alternating chapters of autobiography and of a fictional story divided into two parts. Part 1, *W or the memory of childhood*, is a duad of parallel narrations: the first is a true story of childhood ruined by the war and fascism, and the second is a pure fiction of Olympian utopia. A triple theme runs through this memory-parachute-sling-truss: it suggests suspension, support, almost artificial limbs. Georges Perec, David Bellos, *W or the memory of childhood*, Verba Mundi, paperback, paperback, July 1, 2010, by Georges Perec, author, David Bellos, translator, 4.4/5 ratings. See all formats and editions. Book description, editorial reviews, English, 288 pages, 22 cm. Combining fiction and autobiography in a quite unprecedented way, Georges Perec leads the reader inexorably towards the horror that lies at the origin of the post-war world and at the crux of his own identity. This translation, originally published in 1988 from the author of *Life: A User's Manual* (1987), comes as an equally astonishing novel. *W or the memory of childhood*, a narrative that reflects a great writer's effort to come to terms with his childhood and his part in the Nazi occupation of France. *W or the memory of childhood* by Georges Perec, 1936-1982, publication date 1988, topics: children, Europe, fiction, autobiographical, memory, fiction, Europe, social conditions, fiction, publisher Boston, D. R. Godine, novel by Georges Pérec, 1975, within Georges Pérec's corpus. His book *W or the memory of childhood* (1988) (*W ou le souvenir d'enfance*, 1975) is both characteristic in its ingenious patterning of different narratives and unique in its gravity. *W or the memory of childhood* (1975) is one of the strangest, most devastating works of Holocaust literature. It is about games. Georges Perec's 1975 *W or the memory of childhood* alternates between two seemingly distinct narratives: the 19 odd-numbered chapters (1, 3, 5) are about Perec's own French Jewish childhood in the 1930s and 1940s; Perec (1936-1982) *W or the memory of childhood*, translation of *W ou le souvenir d'enfance*. The omnipresence of the Second World War, the influence of Oulipo, Georges meets with the mysterious Otto Apfelstahl and simultaneously goes on a long reflection of his past and his family, especially his father, as well as several disjointed memories from his childhood and his adulthood, especially Chapter Eight, which is filled with passages that seem vaguely connected to one another but then bounce to some near the beginning of the novel. The narrator, Georges, explains that he has very little memory from his childhood; he has lived a very difficult early life, losing both his parents during WWII and moving from different boarding houses to different family members as he grew up in a war-torn world.
