love them or hate them executive remuneration consultants are key players in remuneration committees pay determination processes this book concerns the professional standards of executive remuneration consultants and their in house counterparts for example human resources director and head of reward in providing remuneration committee advisory services the author is a 25 year veteran executive remuneration consultant having worked around the world in this capacity particularly in the financial services sector this book is based on a qualitative empirical doctoral research exercise involving 53 participants in the uk executive pay scene including regulators institutional shareholder bodies proxy advisors remuneration committees chairs members executive remuneration consultants and in house executive reward specialists the objective was to formulate conclusions that could be used to the benefit of uk practice and contribute to the relevant academic scholarship on executive remuneration consultants the research covered 18 aspects ranging from an examination of the independence of such consultants to whether there might be a specialised accreditation qualification and or licence to practise regime covering their

services it provides novel insights into this previously under researched area of corporate governance financial regulation this book will be of interest to those involved in the uk executive remuneration scene whether government regulators or any of the other parties mentioned already plus academics in universities and business schools it is hoped too that overseas remuneration regimes that have respects in common with the uk s will find this book useful

The Nonprofit Manager's Resource Directory 2018-01-29

the recent crisis in the financial markets has exposed serious flaws in management methods the failure to anticipate and deal with the consequences of the unfolding collapse has starkly illustrated what many leaders and managers in business have known for years in most organizations the process of forecasting is badly broken for that reason forecasting business performance tops the list of concerns for cfo s across the globe it is time to rethink the way businesses organize and run forecasting processes and how they use the insights that they provide to navigate through these turbulent times this book synthesizes and structures findings from a range of disciplines and over 60 years of the authors combined practical experience this is presented in the form of a set of simple strategies that any organization can use to master the process of forecasting the key message of this book is that while no mortal can predict the future you can take the steps to be ready for it good enough forecasts wise preparation and the capability to take timely action will help your organization to create its own future written in an engaging and thought provoking style future ready leads the reader to answers to questions such as what makes a good forecast what period should a forecast cover how frequently should it be updated what information should it contain what is the best way to produce a forecast how can you avoid gaming and other forms of data manipulation how should a forecast be used how do you ensure that your forecast is reliable how accurate does it need to be how should you deal with risk and uncertainty what is the best way to organize a forecast process do you need multiple forecasts what changes should be made to other performance management processes to facilitate good forecasting future ready is an invaluable guide for practicing managers and a source of insight and inspiration to leaders looking for better ways of doing things and to students of the science and craft of management praise for future ready will make a difference to the way you think about forecasting going forward howard green group controller unilever plc great analogies and stories are combined with rock solid theory in a language that even the most reading averse manager will love from page one bjarte bogsnes vice president performance management development at statoilhydro a timely addition to the growing research on management planning and performance measurement dr charles t horngren edmund g littlefield professor of accounting emeritus stanford university and author of many standard texts including cost accounting a managerial emphasis introduction to management accounting and financial accounting in the area of forecasting it is the best book in the market fritz roemer leader of enterprise performance executive advisory program the hackett group
