Legislation and Regulation, Cases and Materials 2021-07-13

now in its third edition this book reflects the extraordinary growth in the law of higher education and the accompanying rise in scholarship and commentary on higher education law and governance the case selection reflects major themes and issues to this end cases with interesting facts but less precedential value news accounts of fascinating developments and insights and articles from scholars and practitioners have also been used the result is a unique book on a rapidly growing area of law and society despite professor olivas s caution about making comparisons between this work and the acknowledged standard treatise in the field william kaplin s law and higher education these two volumes should be viewed by attorneys academicians and administrators as complementary unlike a treatise the olivas casebook gives the reader a comprehensive array of cases and court decisions on these subjects professor olivas writes overviews to provide contextual detail and history chapter 2 is an excellent example of the prudent use of cases chapter 3 contains a panoply of material taken from a variety of sources about fascinating episodes disputes and court cases this is rich material bimonthly review of law books on the first edition the law and higher education has become not merely a reference but an archive in its own right scott chafin media reviews on the second edition in both the casebook and the teachers manual the author s sense of humor knowledge of popular culture and breadth of knowledge about higher education come out clearly and loudly olivas is an attorney who knows both administrative practice and the law and is effectively able to pass that knowledge on to his readers naspa journal 2007

Business Organizations, Cases and Materials, Concise 2016-02

The Law and Higher Education 2006

this revision of corporate finance updates old topics deletes peripheral topics opens up a few new topics and re edits and tightens much of the continuing material the idea is to modernize without compromising the book s longstanding commitment to confrontation with complex mechanics whether theoretical or practical the most notable additions come in respect of debtor creditor relationships and startup finance as to the materials on debt fact patterns displaying the turn to hardball tactics by distressed companies now show up in multiple chapters what has been sleepy territory since the decision of the rjr nabisco case is now back at the policy margin this edition also fleshes out treatment of securitization more fully to cover market and regulatory developments since the financial crisis as to startups the chapter on venture capital has been redone from top to bottom and there is a new chapter on multiple class common capital structures the collection of appraisal cases also has been updated further to highlight the move to deal and market price

Cases and Materials on Contracts - Casebook Plus 2016-07

this casebook is designed with an emphasis on accessibility includes many discussion problems and questions focusing on real world application and gives students a solid grounding in the basic principles of administrative law that they might

come across in regulatory practice while it pays due attention to the historical evolution of the doctrine in certain areas this casebook focuses more heavily on current standards administrative law as a subject matter encompasses some very interesting theoretical discussions rather than remain strictly theoretical to the point of bordering on encyclopedic this book tends toward the more practical while still including enough reference to theory to enable a professor who wants to introduce more theoretical discussion into the classroom to do so the new edition incorporates new developments through the supreme court s 2018 19 term including excerpts from gundy v united states 2019 regarding the nondelegation doctrine lucia v sec 2018 regarding who is an officer of the united states kisor v wilkie 2019 regarding auer deference and spokeo v robbins 2016 regarding standing doctrine and much more the new edition includes sufficient material to support an advanced administrative law course taught to students with previous exposure to the regulatory state

Corporate Finance, Cases and Materials 2021-02-18

the sixth edition of this widely used casebook includes the usual rich mix of materials and is adaptable to a survey course a policy oriented seminar or a more specialized j d or ll m tax class every major topic is accompanied by a skillfully developed problem set and lively notes questions policy discussion and bibliographic references highlights of the sixth edition include coverage of all important developments since the last edition including the impact of the covid 19 pandemic on the nonprofit sector recent legislation and final regulations on the new excise taxes on excessive executive compensation and large charitable endowments and the unrelated business tax silo rules major antitrust litigation against the ncaa and related legislative proposals to expand the rights of college athletes and state law developments selective discussion of the american law institute s forthcoming restatement of the law of charitable nonprofit organizations division of the chapter on charitable tax exemptions into two chapters separately covering affirmative requirements for tax exemption chapter 5 and limitations on exemptions and procedural requirements chapter 6 updated author s text addressing the robust policy debate over income inequality elite philanthropy and the implications for reform of the charitable deduction surveys of proposed tax legislation including enhanced regulation of donor advised funds and private foundations pruning of dated materials more tightly edited cases and notes and several new problems

Federal Administrative Law, Cases and Materials 2020-01-06

this classic casebook now in its 10th edition offers first year students a solid and inviting introduction to contract law recognizing both the english and american common law traditions and bringing them into our age of statutes most particularly the uniform commercial code like earlier editions the 10th edition features carefully selected cases well

tailored notes and problems and authoritative textual discussions of major developments in current contract law these include the meaning of assent and agreement with particular focus on the online environment attention to comparative and international approaches and accessible discussion of theoretical underpinnings of contract doctrine the importance of which remain a mainstay of this new edition the casebook is ecumenical in its outlook presenting a well balanced approach that is usable by professors with a wide range of theoretical outlooks and pedagogical styles cases are situated within a variety of disciplines history economics philosophy and ethics and present the law in a variety of typical settings commercial familial employment consumer real estate and so on the 10th edition will feel familiar yet fresh to current users and both exciting and comfortable to newcomers among the 10th edition s updates and revisions extensive treatment of covid 19 and contract law including such areas as formation unjust enrichment unconscionability material adverse change clauses conditions specific performance impracticability frustration risk apportionment and third party beneficiaries updated and enhanced materials on electronic contracting coverage of such recent developments as the 2022 amendments to the uniform commercial code and the restatement of consumer contracts new cases and comments suitable for discussions of how such topics as race and class affect and are affected by contract law added problems in the casebook on applications of contract doctrine in line with upcoming changes to the multistate bar examination
