Principles of Management

1964

this is a concise version of the eighth edition of management which has been translated into 15 languages and has been well accepted around the world since it was first published over 30 years ago this updated version deals with essential aspects of management the author believes that the functions of managers are essentially the same whether they are supervisors administrators middle rung or top executives there may be variations in environment scope of authority and types of problems but the basic function remains the same to obtain results by establishing an environment for effective and efficient performance of individuals operating in groups
isbn 0 07 y66498 6 pbk

Management

1984

the eight edition continues to integrate theory and practice while maintaining the global perspective several examples and cases illustrate the application of concepts and theories to the indian environment it aims to make students aspiring managers and practicing managers become more effective and efficient as well as become even more successful while at the same time achieve the aim of their organizations

Essentials of Management

1986

the ninth edition of this well known text continues to integrate theory with practice as in the previous editions

the systems model serves as the framework and integrates five constituent management functions planning organizing staffing leading and controlling this new edition comes with a greater emphasis on leadership while retaining the international view of managing the learner would find examples from top companies and renowned individuals which would not only help them deliberate upon but explore new vistas in management

Management, a Book of Readings

1976

this text provides a comprehensive overview of the development of the field of organizational behavior it covers the foundations of the scientific method theory development and the accrual of scientific knowledge in the field
