The Son of Man in Myth and History

1870

since the publication of Kennedy's monumental bibliography of writings on the English language no bibliography has systematically surveyed the old and middle English scholarship accumulated over the past 60 years. Tajima's work aims to meet the need for an updated bibliography of old and middle English language studies. It lists books, monographs, dissertations, articles, notes, and reviews on old and middle English language. The items have been listed into fourteen fairly broad categories: 1 bibliographies, 2 dictionaries, glossaries, and concordances, 3 histories of the English language, 4 grammars, historical old English and middle English, 5 general and miscellaneous studies, 6 language of individual authors or works, 7 orthography and punctuation, 8 phonology and phonetics, 9 morphology, 10 syntax, 11 lexicology, lexicography, and word formation, 12 onomastics, 13 dialectology, 14 stylistics.

A History of World Societies

1877

this collection of articles provides rich and diverse insights into the historical dynamics of folkloristic thought with its shifting geographies shared spaces centres and borderlands by focusing on intellectual collaboration and sharing the volume also reveals the limitations barriers and boundaries inherent in scholarship and scholarly communities folklore scholars from estonia germany hungary latvia lithuania sweden and the usa reflect upon a range of related questions including to what extent and in what sense can folklore studies be regarded as a shared field of knowledge which lines of authority have held it together and what forces have led to segmentation how have the hierarchies of intellectual centres and peripheries shifted over time do national or regional styles of scholarly practice exist in

folkloristics the contributors here pay attention to individual personalities the politics and economics of scholarship and forms of communication as meaningful contexts for discussing the dynamics of folklore theory and methods
