Readers are responsible for designing, implementing, and managing the voice, data, and video systems their companies use to support everything from business-critical applications to employee collaboration and electronic commerce.

## **Indianapolis Monthly 2005-07**

A lucid and rewarding synthesis of cultural and western history, Richard W. Etulain, author of *Writing Western History*, Wrobel makes a fine contribution to the study of myth by analyzing the anxiety or angst Americans felt about the frontier in the half century after 1890. This is an excellent book on a big subject, executed with much skill. *Western Historical Quarterly*, direct, admirably brief, and crisply written journal of American history.
