a biography of the plains cree chief who challenged canadian authorities and became a warrior of legend when big bear was young in the first half of the nineteenth century he overcame smallpox and other hardships and eventually followed in the footsteps of his father black powder engaging in warfare against the blackfoot the time would come for him to draw on these experiences and step into a leadership role as the buffalo began to disappear and his people suffered this rich historical biography tells of big bear s role as chief of a plains cree community in western canada in the late nineteenth century at a time of transition between the height of plains indian culture and the modern era during the 1870s and early 1880s big bear became the focal point of opposition for cree and saulsteaux bands that did not wish to make treaty with canada during the early 1880s he spearheaded a plains diplomatic movement to renegotiate the treaties in favor of the aboriginal groups whose way of life had been devastated although big bear personally favored peaceful protest violent acts by some of his followers during the north west rebellion of 1885 provided the federal government with the opportunity to crush him by prosecuting him for treason his story provides fascinating insight into this era of north american history when the white settlers came to western canada big bear realized that the cree indians way of life was threatened and he fought to prevent his people from being reduced to poverty stricken outcasts in their own land although his protests were peaceful he was labelled a troublemaker years of frustration and rage exploded when his followers killed the white people of frog lake a tragedy big bear was powerless to stop the old chief stood trial for inciting rebellion though all he had sought was justice and freedom the story of the northwest rebellion is synonymous with métis leader louis riel whose allies joined together in 1885 to face the military forces of the canadian government engaging in a civil war on the canadian prairies a lesser known element of the story is the gripping tale of river warfare along the banks of rivers in saskatchewan alberta and manitoba inprairie warships river navigation in the northwest rebellion historian gordon e tolton tells of the follies and triumphs of a small prairie war that was fought using steamboats ferries and other river craft this was an adventure experienced at water level by warriors and soldiers on all sides european settlers first nations and métis richly illustrated and thoroughly researched prairie warshipstakes readers to an era when the frontier was under siege when prairie towns were ports of call when a region s lifeblood depended on transport and when the mood of the river determined the fate of a nation in two months in the camp of big bear the accounts of theresa delaney and theresa gowanlock were made to conform to the literary convention of the indian captivity narrative sarah carter s scholarly introduction provokes a careful reconsideration of the text the ghost towns of southern california some dramatic and nearly intact others devastated are well worth visiting most are remnants of once colorful mining towns though there are also railroad towns a world war ii relocation center a promoter s swindle and a failed socialist colony some excellent attractions remain one of the best preserved stamp mills in the west is in skidoo smelters homes stores and the remarkable wooden american hotel can be found in cerro gordo which the author calls california s best true ghost town seasoned back roads traveler philip varney who has visited nearly a hundred ghost towns in the area provides a down to earth and helpful guide to more than sixty of the best in southern california and nearby inyo and kern counties he defines a ghost town as a town with a population markedly decreased from its peak one whose initial reason for settlement no longer keeps people there it can be completely deserted have a resident or two or retain genuine signs of vitality but varney has eliminated those towns he considers either too populated or too empty of significant remains the sites are grouped in four chapters in inyo county death valley the mojave desert and kern river and the regions surrounding los angeles and san diego each chapter provides a map of the region a ranking of sites as major secondary and minor information on road conditions trip suggestions and tips on the use of particular topographic maps for readers interested in more detailed exploration each entry includes directions to a town a brief history of that town and notes on its special points of interest current photographs provide a valuable record of the
