the pages in this section provide detailed information about how to write research papers including discussing research papers as a genre choosing topics and finding sources learn the steps to write a research paper from understanding the assignment to proofreading your final draft find tips on choosing a topic conducting research developing a thesis creating an outline and more stage 1 topic literature search stage 2 structure outline stage 3 iterative writing key takeaways what exactly is a research paper let s start by asking the most important question what is a research paper how to write a research paper in 9 steps below is a step by step guide to writing a research paper catered specifically for students rather than professional researchers while some steps may not apply to your particular assignment think of this as more of a general guideline to keep you on track the research assignment introduction when tasked with writing a research paper you are able to dig in to a topic idea theme or question in greater detail in your academic career you will be assigned several assignments that require you to research something and then write about it a clear understanding of the assignment will allow you to focus on other aspects of the process such as choosing a topic and identifying your audience topic a student will often encounter one of two situations when it comes to choosing a topic for a research paper step 1 introduce your topic the first job of the introduction is to tell the reader what your topic is and why it s interesting or important this is generally accomplished with a strong opening hook the hook is a striking opening sentence that clearly conveys the relevance of your topic planning and writing research papers quoting and paraphrasing incorporating interview data writing annotated bibliographies creating poster presentations writing an abstract for your research paper 1 what is a research paper 2 how to write a research paper 3 research paper examples 4 research paper writing checklist what is a research paper a research paper is a scholarly document that presents a systematic and structured exploration of a specific topic issue or question an effective research assignment targets specific skills for example the ability to trace a scholarly argument through the literature or the ability to organize consulted resources into a bibliography effective research assignments this guide is for instructors creating assignments that require using outside sources this page describes best practices see assignment ideas to explore different possible approaches beyond a traditional research paper identify learning goals consider your professor may assign the task of writing a research proposal for the following reasons develop your skills in thinking about and designing a comprehensive research study research essay the main goal of a research paper is to investigate a particular issue and provide new perspectives or solutions the writer uses their own original research and or evaluation of others research to present a unique sound and convincing argument introductory writing research assignment guidelines criteria and expectations for this assignment you will write an 8 12 page research essay the objective in developing this inquiry based research essay is not perhaps like other research essays with which you may be familiar step 1 understand the assignment and set a schedule one of the biggest problems students have when beginning a research paper is that they don t understand the assignment make sure that if you have any questions you ask the professor other students or come into the writing center some specific details you should know are the research paper assignment sheet what is a research supported essay you are responsible for researching and reading on a subject of your choice with my approval and using source material in combination with your own words biographical papers are allowed the assignment these resources give examples of research assignments that take many forms community of online research assignments cora sample assignments oregon state university libraries
