War Expenditures 1919 popular science gives our readers the information and tools to improve their technology and their world the core belief that popular science and our readers share the future is going to be better and science and technology are the driving forces that will help make it better

War Expenditures 1920 decades after liberal constitutional democracies ended the laws of patriarchy and committed to gender equality misogyny still pervades women s lives often expressed as hatred and discrimination against women misogyny is the legal aftermath of patriarchy which goes beyond attacking and belittling women after misogyny reframes misogyny as society s overentitlement to women s forbearance and sacrifices which continues to be expressed in the law even after patriarchy has been repudiated women s contributions both inside and outside the home are radically undercompensated and highly beneficial to society especially the reproductive work of childbearing and childrearing from antidiscrimination law to abortion bans the law fails women by keeping the dynamics of social overentitlement and male overempowerment invisible in recent years many constitutional democracies have used new processes of constitution making and constitutional change to reset entitlements and power after misogyny shows how movements to reset these baseline entitlements are necessary for constitutional democracies to overcome misogyny

War Expenditures: Camps. pts. 1-37 + index in 5 v 1919 vols for 1919 include an annual statistical issue title varies

Popular Science 1958-10 popular science gives our readers the information and tools to improve their technology and their world the core belief that popular science and our readers share the future is going to be better and science and technology are the driving forces that will help make it better

Automotive Industries 1968 field stream america s largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for generations

The Westminster Review 1930 we expect the police to stop armed robbers to arrest drug dealers to keep the peace at demonstrations and to protect us from crime many of us believe that police officers need to carry guns to protect themselves as well as us but do we want our police forces to become armies most of us are shocked when suspects are shot dead by police before they can be tried and disturbed to see police wearing riot gear and using baton charges at peaceful demonstrations when police begin using paramilitary tactics the essential nature of their role is redefined switching from protection and peacekeeping to active aggression some units within our police forces such as the special operations group train with the military and use military weapons and tactics in looking behind the extraordinary number of police shootings in victoria blue army examines how the special operations group and their tactics which are passed on to ordinary police have contributed to the toll jude mcculloch s involvement as a lawyer in cases of police shootings led her to detailed investigation of changes to policing in australia blue army arises from her research

into the paramilitarisation of the police it exposes the risks of allowing australia s police forces to move away from the key principle of keeping the peace with the use of minimum force blue army is a very disturbing book and one of great importance

Catalog of Copyright Entries. New Series 1852 popular science gives our readers the information and tools to improve their technology and their world the core belief that popular science and our readers share the future is going to be better and science and technology are the driving forces that will help make it better

Alphabetical and Analytical Catalogue of the American Institute Library 1978-06 popular science gives our readers the information and tools to improve their technology and their world the core belief that popular science and our readers share the future is going to be better and science and technology are the driving forces that will help make it better

Popular Science 1978-06 ifygl is a program jointly sponsored by canadian and u s national committee for international hydrological decade for coordinated research into the physical chemical and biological aspects of lake ontario to improve our understanding of the lake and its basin

Popular Mechanics 1978-04 women across the caribbean have been writing reading and exchanging cookbooks since at least the turn of the nineteenth century these cookbooks are about much more than cooking through cookbooks caribbean women and a few men have shaped embedded and contested colonial and domestic orders delineated the contours of independent national cultures and transformed tastes for independence into flavors of domestic autonomy culinary colonialism caribbean cookbooks and recipes for national independence integrates new documents into the caribbean archive and presents them in a rare pan caribbean perspective the first book length consideration of caribbean cookbooks culinary colonialism joins a growing body of work in caribbean studies and food studies that considers the intersections of food writing race class gender and nationality a selection of recipes culled from the archive that culinary colonialism assembles allows readers to savor the confluence of culinary traditions and local specifications that connect and distinguish national cuisines in the caribbean

Field & Stream 2001 ifygl is a program jointly sponsored by canadian and u s national committee for international hydrological decade for coordinated research into the physical chemical and biological aspects of lake ontario to improve our understanding of the lake and its basin

Blue Army 1842 until recently internal use of the armed forces has been generally regarded by the public as well as academic commentators as conduct to be expected of a military or autocratic regime not a democratic government there is however growing concern that the war on terror has been used to condition public opinion to accept the internal deployment of the armed forces including for broader industrial and political purposes this book examines the national and international law human rights and civil liberties issues involved in governments calling out troops to deal with civil unrest or terrorism as the introduction of military call out legislation has become an emerging global trend in the opening years of the 21st century there is considerable and growing interest in the constitutional and related problems surrounding the deployment of military forces for domestic purposes examining the

changes underway in six comparable countries the united states canada britain germany japan and australia this book provides a review and analysis of this trend including its implications for legal and political rights
