multilayered plays variously classified as tragic comedies allegories satires characterised by high sense of humour to the philosopher the logician and the linguist questions have a special fascination the two main views of language that it describes the world and that it expresses thought are not directly applicable to questions ques tions are not assertions a question may be apt sharp to the point impor tant or it may be inappropriate ambiguous awkward irrelevant or irreverent but it cannot be true or false it does not have a truth value not just because an utterance like was the letter long does not indicate which letter is being talked about the indicative the letter was not long has the same indeter minacy in actual context the anaphoric definite article will be resolved both for a question and for an indicative sentence contextual resolutions are easily found for most cross references a question cannot be either true or it does not describe a state of affairs neither does it express false because thought because it is an expression of suspended thought of lack of judge ment to dress it in other philosophical styles a question is not a judgment it is not a proposition it is not an assertion a philosopher may try to paraphrase a question as an indicative sentence for instance as a statement of ignorance or as a statement of the desire to know hintikka wachowicz and lang explore this territory or he may interpret it as a meta statement intimating the direction in which the flow of the discourse is going the questions we ask ourselves determine our lives our thoughts are nothing more than a continuous question and answer session we have with ourselves our lives material emotional spiritual and financial are a direct reflection of our thoughts eighty five percent of these thoughts are both habitual and unconscious meaning we are asking and answering the exact same questions every day usually in the same way over and over again what all this means if there is any area of your life you re not 100 happy with the root of the needed change is in the questions you re asking of yourself and since these questions are habitual and unconscious the first order of business is to become aware of the questions only then can we change them that is exactly what we re doing with this book ask yourself a better question the improved quality of your questions will lead to an improved quality of life no matter how much skill and how many resources you add to your arsenal bad questions will always drag you backwards into failure not taking full control of your questions will lead you into the randomness of the world good days and outcomes followed by just as many bad days and outcomes if this has happened to you before there isn t anything wrong with you you just didn t know what you didn t know no one ever told you about this there aren t any classes in school teaching you the habit of asking strong empowering questions some people live 80 years and never consider what they ve been asking themselves all day every day thus they think success in life is based on randomness the luck of the draw success and happiness are not random you become exactly what you ask yourself are you ready to ask yourself better questions and improve your life one answer at a time you better be because the journey begins on the next page let s get
