History of the World 2021-04-29 this detailed study is the only reference work of

its kind to address spain s conquest of central and south america providing in depth

coverage of native and european ideologies political motivations and cultural

practices of the region as the study of world history evolves from a eurocentric

perspective to a more global viewpoint formerly marginalized groups are now the

focus of discussion revealing a background rich with important military political

social and economic achievements this book examines the once prosperous and powerful

native civilizations in central and south america discussing the key individuals

strategies and politics that made these countries strong and indomitable in spite of

this the author shows how in only a few generations spain defeated these mini

empires eventually dominating much of the western hemisphere conflict in the early

americas an encyclopedia of the spanish empire s aztec incan and mayan conquests

focuses primarily on the defeat of the aztec incan and mayan civilizations but also

includes spanish interactions with lesser known native groups supporting documents

including primary sources maps and visual aids provide necessary context to this

once untold story
