2015-08-10 in recent decades the evidence for an oral epic tradition in ancient greece has grown enormously along with our ever increasing awareness of worldwide oral traditions john foley here examines the artistic implications that oral tradition holds for the understanding of the iliad and odyssey in order to establish a context for their original performance and modern day reception in homer s traditional art foley addresses three crucially interlocking areas that lead us to a fuller appreciation of the homeric poems he first explores the reality of homer as their actual author examining historical and comparative evidence to propose that homer is a legendary and anthropomorphic figure rather than a real life author he next presents the poetic tradition as a specialized and highly resonant language bristling with idiomatic implication finally he looks at homer s overall artistic achievement showing that it is best evaluated via a poetics aimed specifically at works that emerge from oral tradition along the way foley offers new perspectives on such topics as characterization and personal interaction in the epics the nature of penelope s heroism the implications of feasting and lament and the problematic ending of the odyssey his comparative references to the south slavic oral epic open up new vistas on homer s language narrative patterning and identity homer s traditional art represents a disentangling of the interwoven strands of orality textuality and verbal art it shows how we can learn to appreciate how homer s art succeeds not in spite of the oral tradition in which it was composed but rather through its unique agency

Homer's Traditional Art 1866 introduction the truth of narration and the powers of the false accepting complicated legacies by being once removed from the world everything is illuminated foer 2002 he looked for truth in facts and not in stories crimes of historiography and forces of fabulation in richard flanagan s gould s book of fish 2003 making time undoing race richard powers the time of our singing 2003 conclusion

Ken Follett and the Triumph of Suspense 2014-02-05 while books and articles on leadership abound most of them are written by successful men who look at the world through the lens of a western business model the standard for success is based on the bottom line financial growth in both the personal and corporate realms this perspective has infected christian leadership literature as well in leadership reconsidered ruth a tucker calls for a revised definition one that abandons the love of power and success for the eternal value of legacy she challenges the assumption that a leader

must by definition have followers be an extrovert crave recognition and dominate others instead legacy encompasses the values of behind the scenes influence that are available to everyone and last beyond the grave this unique and refreshing perspective on leadership is accessible and engaging and will make an impact on anyone who takes it to heart

Remembering Mass Violence 2014-01-07 learning to rival tells the inside story of college and high school writers learning to rival to actively seek rival hypotheses and negotiate alternative perspectives on charged questions it shows how this interdisciplinary literate practice alters with the context of use and how in learning to rival in school and out students must often negotiate conflicts not apparent to instructors this study of the rival hypothesis stance a powerful literate practice claimed by both humanities and science initially posed two questions how does the rival hypothesis stance define itself as a literate practice as we move across the boundaries of disciplines and genres of school and community how do learners crossing these boundaries interpret and use the family of literate practices especially in situations that pose problems of intercultural understanding over the course of this project with urban teenagers and minority college students the rival hypothesis stance emerged as a generative and powerful tool for intercultural inquiry posing in turn a new question how can the practice of rivaling support the difficult and essential art of intercultural interpretation in education the authors present the story of a literate practice that moves across communities as well as the stories of students who are learning to rival across the curriculum learning to rival offers an active strategic approach to multiculturalism addressing how people negotiate and use difference to solve problems in the spirit of john dewey s experimental way of knowing it presents a multifaceted approach to literacy research combining contemporary research methods to show the complexity of rivaling as a literate practice and the way it is understood and used by a variety of writers as a resource for scholars teachers and administrators in writing across the curriculum studies writing program administration service learning and community based projects as well as literacy rhetoric and composition this volume reveals how learning a

new literate practice can force students to encounter and negotiate conflicts it also provides a model of an intercultural inquiry that uses difference to understand a shared problem
