early modern period is a historical period that is part of the modern period based primarily on the history of europe and the broader concept of modernity there is no exact date that marks the beginning or end of the period and its timeline may vary depending on the area of history being studied

1999[7][28] the emergence of modern europe 1500 1648 economy and society the 16th century was a period of vigorous economic expansion this expansion in turn played a major role in the many other transformations social political and cultural of the early modern age

2015[3][5] early modern japan or the period between 1600 and 1868 witnessed the birth of many of japan s most enduring cultural and political attributes as well as the expansion of its basic geographic boundaries

early modern europe also referred to as the post medieval period is the period of european history between the end of the middle ages and the beginning of the industrial revolution roughly the mid 15th century to the late 18th century

2014[11][3] this chapter examines the emergence of the idea of early modern history during the 1960s and 1970s and explains its origins particularly in modernization theory and in the expansion of the university system at that period

such interpretations set the early modern period within a much larger premodern era and indeed suggested that the break between medieval and early modern mattered far less than the historical changes of the later eighteenth and early nineteenth centuries the early phase of the industrial revolution

2014[11][3] this handbook provides a comprehensive introduction to early modern europe in a global context it presents some account of the

development of the subject during the past half century but primarily offers an integrated survey of present knowledge together with some suggestions as to how the field is developing □□□ the period from about 1580 to 1877 saw the reunification of japan after a long period of civil war followed by two and a half centuries of peace and stability under the tokugawa shogunate and closing with the meiji restoration of 1868 which laid the foundation for a modern nation state

early phase of the industrial revolution
