with very few people engaged in agriculture today it is no  
surprise that most americans have little understanding of the  
challenges that modern farmers face this book provides  
readers a glimpse into life on a modern missouri farm where  
a variety of grains grass seed corn and cattle are produced  
all of the conversations events and descriptions are drawn  
from the author s experience working alongside and  
observing this father and son family farm operation during the  
course of a year farming today is technologically complex and  
requires a broad set of skills that range from soil conservation

animal husbandry and mechanics to knowledge of financial markets and computer technology the focus on skills in addition to the size of the financial risks and the number of unexpected challenges along the way provides readers with a new perspective and appreciation for modern farm life

households in the uk each generate around one tonne of waste per year and the successful management and disposal of this waste is becoming an increasingly important issue in many cases recycling is the most sensible option and the uk government has set a target to recycle a quarter of all household waste by the year 2000 this book gives an

overview of the waste management and disposal options currently available and provides a comprehensive and up to date analysis of how recycling could develop the author one of the uk s leading experts looks at how much of the waste is potentially recyclable shows the various ways in which recyclable materials can be separated and reprocessed and assesses the existing markets for recyclable materials he gives an in depth account of the important subject of packaging recycling and compares the uk s progress and performance with what is happening elsewhere in europe he also discusses how the performance of current recycling schemes can be measured and costed and forecasts future developments in the industry dr richard waite is a former specialist advisor to the house of commons environment select committee and is currently a consultant with coopers lybrand he established one of the first commercial mrfs in the country and has advised many local authorities central government departments including the european commission and private sector organisations on recycling issues originally

published in 1995
