still the south

Rediscovering the South's Celtic Heritage 2004

the anti apartheid struggle remains one of the most fraught episodes in the history of modern jewish identity just as many american jews proudly fought for principles of justice and liberation in the civil rights movement so too did they give invaluable support to the movement for racial equality in south africa today however the memory of apartheid bedevils the debate over israel and palestine viewed by some as a cautionary tale for the jewish state even as others decry the comparison as anti semitic this pioneering history chronicles american jewish involvement in the battle against racial injustice in south africa and more broadly the long historical encounter between american jews and apartheid in the years following world war ii and the holocaust jewish leaders across the world stressed the need for unity and shared purpose and while many american jews saw the fight against apartheid as a natural extension of their civil rights activism others worried that such critiques would threaten jewish solidarity and diminish zionist loyalties even as the immorality of apartheid grew to be universally accepted american jews continued to struggle over persistent analogies between south african apartheid and israel s occupation as author marjorie n feld shows the confrontation with apartheid tested american jews commitments to principles of global justice and reflected conflicting definitions of jewishness itself

this proceeding contains selected papers of the international seminar on recent language literature and local culture studies in new normal kajian mutakhir bahasa sastra dan budaya daerah di era normal baru basa held on 4 november 2020 with virtual conference in solo indonesia the conference which was organized by sastra daerah faculty of cultural sciences universitas sebelas maret the conference accommodates topics for linguistics in general including issues in language literature local cultural studies philology folklore oral literature history art education etc selecting and reviewing process for the the international seminar on recent language literature and local culture studies in new normal kajian mutakhir bahasa sastra dan budaya daerah di era normal baru was very challenging in that it needs a goodwill of those who were involved in such a process more than ten experts were invited in reviewing giving suggestions for revision and at last selecting the papers on that account we would like to forward our appreciation and our gratefulness to such invited experts for having done the process papers in the proceeding are expected to give academic benefits especially in broadening the horizon of our understanding in language literature and local culture studies in new normal we realize that what we are presenting for the publication is till far for being perfect constructive criticism is very much welcome for improvement finally the committees thank for the participation and congratulate for the publication of the papers in the proceedings of basa 4 2020 the committees also thank all those who have supported and actively participated for the success of this event hopefully these proceedings can be used as references in developing technology and improving learning activities in the fields of education social arts and humanities

My Tears Spoiled My Aim, and Other Reflections on Southern Culture 1993

tin pan alley once new york city s songwriting and recording mecca issued more than a thousand songs about the american south in the first half of the twentieth century in reinventing dixie john bush jones explores the broad impact of these songs in creating and disseminating the imaginary view of

the south as a land of southern belles gallant gentlemen and racial harmony in profiles of tin pan alley s lyricists and composers jones explains how a group of undereducated and untraveled writers the vast majority of whom were urban northerners or european immigrants constructed the specific and detailed images of the south used in their song lyrics in the process of evaluating the origins of tin pan alley s songbook jones analyzes these songwriters attitudes about north south reconciliation ideals of honor and hospitality and the recurring theme of the yearning for home though a few of the songs employed parody or satire to undercut the vision of a peaceful romantic south the majority ignored the realities of racism and poverty in the region by the end of tin pan alley s era of cultural prominence in the mid twentieth century jones contends that the work of its writers had cemented the moonlight and magnolias myth in the minds of millions of americans reinventing dixie sheds light on the role of songwriters in forming an idyllic vision of the south that continues to influence the american imagination

Nations Divided 2014-07-24

this is the first english language book to focus on the electric rice cooker and the impact it has had on the lives of asian people this account of the rice cooker s globalization aims to move away from japan centric perspectives on how made in japan products made it big in the global marketplace instead choosing to emphasize the collaborative approach adopted by one japanese manufacturing giant and a hong kong entrepreneur the book also highlights the role hong kong as a free port played in the rice cooker s globalization and describes how the city facilitated the transnational flow of japanese appliances to southeast asia china and north america based on over 40 interviews conducted with key figures at both national panasonic and shun hing group it provides a fascinating insight into the process by which the national rice cooker was first localized and then globalized interspersed throughout are personal accounts by individuals in japan and hong kong for whom owning a rice cooker meant far more than just a convenient way of cooking rice the book includes over 60 images among them advertisements dating back to the 1950s that illustrate how japanese appliances contributed to the advent of a modern lifestyle in hong kong this account of the rice cooker s odyssey from japan to hong kong and beyond is intended for a general audience as well as for readers with an interest in the empirical study of globalization intercultural communication hong kong social history and japanese business in asia

the term hindu is referred to the religious life of the people of india and spirituality understood as wisdom about the way back into the ground of pluralism of religious forms these two volumes are

structured along the division between the classical and the postclassical twenty seven scholars from around the world shed light on the spiritual beauty of hinduism's poetry art and temples festivals and music as well as the contributions of modern pioneers such as swami vivekananda sri aurobindo mahatma gandhi and others

Encyclopedia of Politics, the Media, and Popular Culture **2009-10-15**

this book explores poems novels legends operas and other genres of writing from the ming dynasty it is composed of two parts the literary history and comprehensive reference materials based on the compilation of several chronologies by studying individual literary works the book analyzes the basic laws of the development of literature during the ming dynasty and explores the influences of people time and place on literature from a sociological perspective in turn it conducts a contrastive analysis of chinese and western literature based on similar works from the same literary genre and their creative methods the book also investigates the relationship between literary theory and literary creation practices including those used at various poetry schools in closing it studies the unique aesthetic traits of related works sharing valuable insights and perspectives the book can serve as a role model for future literary history studies it offers a unique resource for literary researchers reference guide for students and educators and lively read for members of the general public

Faultlines in Postcoloniality 2014-10-02

this volume assembles twelve interdisciplinary essays that were originally presented at the second international conference on word and music studies at ann arbor mi in 1999 a conference organized by the international association for word and music studies wma the contributions to this volume focus on two centres of interest the first deals with general issues of literature and music relations from culturalist historical reception aesthetic and cognitive points of view it covers issues such as conceptual problems in devising transdisciplinary histories of both arts cultural functions of opera as a means of reflecting postcolonial national identity the problem of verbalizing musical experience in nineteenth century aesthetics and of understanding reception processes triggered by musicalized fiction the second centre of interest deals with a specific genre of vocal music as an obvious area of word and music interaction namely the song cycle as a musico literary genre the song cycle not only permits explorations of relations between text and music in individual songs but also raises the question if and to what extent words and or music contribute to creating a larger unity beyond the limits of single songs elucidating both of these issues with stimulating diversity the essays in this section highlight classic nineteenth and twentieth century song cycles by franz schubert robert schumann hugo wolf richard strauss and benjamin britten and also include the discussion of a modern successor of the song cycle the concept album as part of today's popular culture

The Rodgers & Hammerstein Collection (Songbook) **2002-12-01**

dialectics of space and place across virtual and corporeal topographies explores the inter and multi disciplinary subjects of space and place in two parts part 1 virtual topographies of space and place is concerned with themes related to immaterial places and part ii corporeal topographies of space and place explores narratives of real and imagined experiences of places this volume underpinned by an array of philosophical positions provides a foundation for new and critical dialogues on space and place

The Book of Mormon Script Book 2011-06-07

it is no coincidence daphne lamothe writes that so many black writers and intellectuals of the first half of the twentieth century either trained formally as ethnographers or worked as amateur collectors of folklore and folk culture in inventing the new negro lamothe explores the process by which key figures such as zora neale hurston katherine dunham w e b du bois james weldon johnson and sterling brown adapted ethnography and folklore in their narratives to create a cohesive collective and modern black identity lamothe explores how these figures assumed the roles of self reflective translators and explicators of african american and african diasporic cultures to western largely white audiences lamothe argues that new negro writers ultimately shifted the presuppositions of both literary modernism and modernist anthropology by making their narratives as much about ways of understanding as they were about any quest for objective knowledge in critiquing the ethnographic framework within which they worked they confronted the classist racist and cultural biases of the dominant society and challenged their readers to imagine a different set of relations between the powerful and the oppressed inventing the new negro combines an intellectual history of one of the most important eras of african american letters with nuanced and original readings of seminal works of literature it will be of interest not only to harlem renaissance scholars but to anyone who is interested in the intersections of culture literature folklore and ethnography
