Your Nail - Daily Lenten Meditations 2019-01-21 this volume probes the nature of gratitude as a virtue and identifies its moral value in the christian life in order to enhance pastoral effectiveness in ministering to those gripped by sins of desire such impulses are explored in terms of the seven deadly sins which this inquiry regards as distorted desires for the good god provides utilizing a method of mutual critical correlation this volume brings philosophical and psychological claims about gratitude into conversation with the christian tradition on

the basis of an ontology of communion in which humans are inextricably situated in giving and receiving relationships with god others and the world this inquiry defines gratitude as a social response involving asymmetrical agapic reciprocity whereby a recipient freely joyfully and fittingly salutes a giver for the gift received in order to establish maintain or restore a personal and peaceable relationship critiquing especially the reductions of gratitude by aristotle and jacques derrida this inquiry recommends gratitude as a virtue which when embodied practiced and ritualized especially though not exclusively in the eucharist has potential to repel the destructive idolatries generated by the seven deadly sins and thus function as a crucial ingredient in human social flourishing familiarity with the virtue of gratitude as a vital ingredient in moral flourishing therefore equips pastors for greater ministerial effectiveness

Made for These Times 2017-09-23 the essays in this volume deal with the relationship between living religious traditions in canada and the fabric of canadian society canada is a pluralistic society ethnically and religiously how are these two pluralisms related their connection is intimate but never simple for many years there could plausibly have been said to be a dominant anglo canadian protestant tradition with other faiths and denominations being associated primarily with ethnic minorities no doubt this would always have been a simplistic understanding but today as canadian culture is increasing secularized it is religion itself that the majority sees as a minority concern ethnic and religious loyalties pull together against a secular assimilation such a change leaves the establishment denominations with an unwanted identity crisis of their own not the least part of which is due to an unfamiliar awareness of their own ethnic roots and histories
