nonverbal communication is dead at 95 t wikipedia edward t hall wikipedia t nature t

Edward Twitchell Hall Jr. (May 16, 1914 – July 20, 2009) was an American anthropologist and cross-cultural researcher. He is remembered for developing the concept of proxemics and exploring cultural and social cohesion and describing how people behave and react in different types of culturally defined personal space.

Edward T. Hall (May 16, 1914 – July 20, 2009) was an American anthropologist and cross-cultural researcher. He is remembered for developing the concept of proxemics and exploring cultural and social cohesion and describing how people behave and react in different types of culturally defined personal space.

Edward T. Hall (May 16, 1914 – July 20, 2009) was an American anthropologist and cross-cultural researcher. He is remembered for developing the concept of proxemics and exploring cultural and social cohesion and describing how people behave and react in different types of culturally defined personal space. He is considered the founder of the field as his work has influenced a great deal of academic research in human interaction between cultures as well as applied intercultural communication.
