Simplified Chinese Character Dictionary - Pocket Edition 2018-05-23 do you often have difficulty finding a particular character in a standard chinese dictionary do you often fail to remember characters though you have seen and looked them up several times don't you think one of the reasons could be that characters that look similar to others are not grouped together and don't you think that the etymological background of characters their historical development could and should be explained better in order to understand the reason for all those dots and strokes if your answer to these questions is yes then help could be on its way within seconds the simplified chinese character dictionary and its parent the chinese character dictionary both contain several new features that make looking up learning and remembering chinese characters more effective and more fun characters are arranged by the phonetic part that in most characters is relatively easy to distinguish by grouping characters that have the same phonetic into series characters that look almost similar can be compared and studied together any character can be found by stripping it first of its radicals and then splitting the remaining phonetic into components phonetic and character can then be found under one of these components more than 5 700 different character shapes can be found using the same 3 step method examples are given of their usage in daily or literary chinese and many pinyin transliterations are given counting strokes is not necessary most characters can be found within seconds almost all phonetics are supplied with an etymological explanation which are helpful for better understanding of the historical background of phonetics and characters moreover they are very effective in helping with remembering characters and distinguishing them from others that look similar a 30 page introduction is included in which the method used for looking up characters is explained step by step and illustrated with many examples it also explains how to distinguish radicals and explains the different kinds of radicals moreover the introduction contains a brief overview of the historical development of chinese characters in general the simplified chinese character dictionary is based on the chinese character dictionary ccd it differs from the latter in that it only contains simplified character entries if a character has a different traditional version then that is only given in brackets behind its simplified counterpart in contrast the ccd contains both simplified and traditional character entries which can be searched for independently another difference is that the example words and phrases in the simplified ccd are entirely in simplified chinese while in the ccd these are primarily in traditional chinese the simplified chinese character dictionary is primarily for students of chinese in the beginning years of their study who want to focus on learning simplified characters as quickly as possible in contrast the ccd can be used by people who use traditional and or simplified script
