## ***Federal Response to Criminal Misconduct by Bank Officers, Directors, and Insiders***

1984

this textbook analyses the origins and effects of insider risk using multiple real life case histories to illustrate the principles and explains how to protect organisations against the risk some of the most problematic risks confronting businesses and organisations of all types stem from the actions of insiders individuals who betray trust by behaving in potentially harmful ways insiders cause material damage to their employers and society and psychological harm to the colleagues and friends they betray even so many organisations do not have a systematic understanding of the nature and origins of insider risk and relatively few have a coherent and effective system of protective security measures to defend themselves against that risk this book describes the environmental and psychological factors that predispose some individuals to become harmful insiders and the most common pathways by which this happens it considers how aspects of insider risk have been altered by shifts in society including our increasing reliance on technology and changes in working patterns the second half of the book sets out a practical systems based approach to personnel security the system of defensive measures used to protect against insider risk it draws on the best available knowledge from industry and academic research behavioural science and practitioner experience to explain how to make personnel security effective at managing the risk while enabling the conduct of business this book will be essential reading for students of risk management security resilience cyber security behavioural science hr leadership and business studies and of great interest to security practitioners

## ***How 2 Become a Police Community Support Officer***

2010-03

the book examines the regulation of insider dealing in the us the uk and japan in order to consider whether these regimes can be successfully transplanted to developing countries the book uses nigerian experiences to consider its implications for other

developing nations arguing that regulatory regimes need to take into account the specific social political historical and economic factors of a particular locale rather than importing regulations wholesale from developed jurisdictions

## **A Police Officer**

2009-11

essential reading on an expanding phenomenon the recent growth in mergers and acquisitions worldwide has been accompanied by a resurgence in insider trading on a scale not witnessed since the 1980s takeovers boom given the greater emphasis on insider trading in the global securities markets this text combines the latest law and finance research on this ever intriguing area with timely expert perspectives to comprehensively cover the established us european and asia pacific securities markets as well as the key emerging markets of brazil and the greater china region addresses these fundamental questions what are the relative costs and benefits of insider trading what is the rationale for criminalizing insider trading should insider trading that causes security prices to rise be subjected to harsher criminal and civil sanctions than trading that decreases securities costs examines newsworthy and recent case histories this text brings together econometric analysis of insider trading with qualitative papers that focus on insider trading regulation this combination of legal and economic perspectives makes insider trading regulation and analysis a useful reference not only for financial academics but also securities attorneys and managers and those involved with corporate governance recently the sec chairman called insider trading a major risk for us financial markets a public acknowledgement that the prosecution of insider trading is a priority for the us securities and exchange commission this speaks to the need for this publication as a guide to the wide reaching and highly relevant area of insider trading

## **Insider Risk and Personnel Security**
