on december 29 1890 american troops opened fire with howitzers on hundreds of unarmed lakota sioux men women and children near wounded knee creek in south dakota killing nearly 300 sioux as acclaimed historian heather cox richardson shows in wounded knee the massacre grew out of a set of political

forces all too familiar to us today fierce partisanship heated political rhetoric and an irresponsible profit driven media richardson tells a dramatically new story about the wounded knee massacre revealing that its origins lay not in the west but in the corridors of political power back east politicians in washington democrat and republican alike sought to set the stage for mass murder by exploiting an age old political tool fear assiduously researched and beautifully written wounded knee will be the definitive account of an epochal american tragedy

the fetterman fight ranks among the most crushing defeats suffered by the u s army in the nineteenth century west on december 21 1866 during red cloud s war 1866 1868 a well organized force of 1 500 to 2 000 oglala lakota northern cheyenne and arapaho warriors annihilated a detachment of seventy nine infantry and cavalry soldiers among them captain william judd fetterman and two civilian contractors with no survivors on the u s side the only eyewitness accounts of the battle came from lakota and cheyenne participants in eyewitness to the fetterman fight award winning historian john h monnett presents these native views drawn from previously published sources as well as newly discovered interviews with oglala and cheyenne warriors and leaders supplemented with archaeological evidence these narratives flesh out historical understanding of red cloud s war climate change in the mid nineteenth century made the resource rich powder river country in today s wyoming increasingly important to plains indians at the same time the discovery of gold in montana encouraged prospectors to pass through the powder river region on their way north and so the u s army began to construct new forts along the bozeman trail in the resulting conflict the lakotas and cheyennes defended their hunting ranges and trade routes traditional histories have laid the blame for fetterman s 1866 defeat and death on his incompetent leadership and thus implied that the indian alliance succeeded only because of fetterman s personal failings monnett s sources paint another picture narratives like those of miniconjou lakota warrior white bull suggest that fetterman s actions were not seen as rash or reprehensible until after the fact nor did his men flee the field in panic rather they fought bravely to the end the indians for their part used their knowledge of the terrain to carefully plan and execute an ambush ensuring them victory critical to understanding the nuances of plains indian strategy and tactics the firsthand narratives in eyewitness to the fetterman fight reveal the true nature of this native victory against regular army forces
