Forever young, some cars seem to have all the luck; there aren't many vehicles that are so well kept, babied, and in some cases ignored altogether that they never seem to get old and tired. In the old car hobby, these cars are called survivors; they usually have very low mileage, loving owners, and a lot of good fortune, and today they are more coveted than ever. In only original collector car fans can examine a fascinating cross-section of survivor cars and learn how they have managed to defy the odds. From Duesenbergs to Corvettes, only Originals slates the unrestored time capsule cars that remind us of yesterday. Two men moulded by the fierceness and pain of their lives form a bond that ignites their passion but will their love be strong enough to endure the violence of their pasts? Lucas Matthews has loyally served his race for over two centuries, forced to kill the criminals of his own kind when his commander decided to take their laws into his own hands and give Lucas the choice to join his select group of rebels or die. Lucas ran, he refused to bow down to the corruption of his commander and kill humans for profit. After four years of hiding and six years of well-earned peace, his life was once more turned upside down when a small wisp of a man captured his heart. Kyle Jennings' desperate need to find love and acceptance landed him under the cruel domination of a sadistic boyfriend for five years. When Lucas appeared to rescue him, one day like a fierce protective hero, he found himself succumbing to the gentle yet firm hand of the Dom. Through guidance and care, he finally found the courage to regain his independence and willingly surrender his control to Lucas. Together they create a soul bond forged in love, but they must fight to keep it with the commander once again. On Lucas' trail, they each find themselves with a decision to make: will Lucas have to forfeit his freedom for the sake of his love's happiness, or will Kyle choose to sacrifice his life for his Dom? Indianapolis Monthly is the Circle City's essential chronicle and guide, an indispensable authority on what's new and what's news through coverage of politics, crime, dining, style, business, sports, and arts and entertainment. Each issue offers compelling narrative stories and lively, urbane coverage of Indy's cultural landscape. America has a history of being courageous conquerors and brave, however there are issues in its backyard that have either been ignored or overlooked. That is the issue of the convicted felon. There are barriers that prohibit felons from obtaining employment, gaining occupational licensing, and even voting. I learned in life that every situation or circumstance has a root. The convicted felon issue has roots that have been seeded throughout American history. I use my personal story growing up in Southside Jamaica, Queens, then I give an essay of how I perceive these circumstances came about. Lastly, I turn to the laws of America. I attempt to show how the laws in America worked for the African American in a nutshell. I attempt to show how American society has systematically created what we know as the felon. After an explosion of conversions to Pentecostalism over the past three decades, tens of millions of Nigerians now claim that Jesus is the answer. But if Jesus is the answer, what is the question? What led to the movement's dramatic rise, and how can we make sense of its social and political significance? In this ambitiously interdisciplinary study, Ruth Marshall draws on years of fieldwork and grapples with a host of important thinkers, including Foucault, Agamben, Arendt, and Benjamin, to answer these questions, to account for the movement's success. Marshall explores how Pentecostalism presents the experience of being born again as a chance for Nigerians to realize the promises of political and religious salvation made during the colonial and postcolonial eras. Her astute analysis of this religious trend sheds light on Nigeria's contemporary politics, postcolonial statecraft, and the everyday struggles of ordinary citizens coping with poverty, corruption, and inequality. Pentecostalism's rise is truly global, and political spiritualities persuasively argues that Nigeria is a key case in this phenomenon while calling for new ways of thinking about the place of religion in contemporary politics. Everyone knows huge problems exist in Greenpoint. Everyone wants change in this Brooklyn, New York neighborhood. Everyone wants justice, but they all want someone else to do the dirty work. When New York State Senator Nicky Collins returns to his boyhood home of Greenpoint to care for his dying mother, he realizes the extent of the crime problem in this once idyllic place. Worse, he understands that the root of much of the organized crime is his brother Jack, whose business interests include extortion, prostitution, drugs, and murder. Jack harbors pure hatred for Nicky, and his one goal in life is to orchestrate Nicky's collapse. Jack's other ambition includes wiping out competing crime families. A bloody and deadly endeavor as the violence escalates, Nicky and boyhood friend District Attorney Simon Banks join forces to take out the center of the crime ring. In the process, they discover a deeper, more sinister conspiracy at work.
