Falling Light 2014-02-04 centuries ago two lovers were torn apart by forces beyond their control now they have been reunited by destiny and are willing to sacrifice everything again and again to save a world on the brink of extinction the game of shadows continues troubled by dreams of strange creatures and unfamiliar voices echoing in her head mary has always felt disconnected from this world until she met the enigmatic stranger michael he knew about mary s past he was in it searching for her his soul mate and it s taken centuries to find her to re engage her in an ancient celestial cause find the deceiver before he destroys the world haunted by scores of deaths their own mary and michael have drawn on the wisdom of the ages and the power it has given them to fight the most malevolent force known to man joining a select band of warriors mary and michael are nearer to understanding the deceiver and all he stands for it s a terrifying reality that also brings them closer to realizing their own destiny and purpose and realizing that love like evil is eternal

Troubling Nationhood in U.S. Latina Literature 2013-06-26 this book examines the ways in which recent u s latina literature challenges popular definitions of nationhood and national identity it explores a group of feminist texts that are representative of the u s latina

literary boom of the 1980s 1990s and 2000s when an emerging group of writers gained prominence in mainstream and academic circles through close readings of select contemporary mexican american puerto rican and cuban american works maya socolovsky argues that these narratives are remapping the united states so that it is fully integrated within a larger hemispheric americas looking at such concerns as nation place trauma and storytelling writers denise chavez sandra cisneros esmeralda santiago ana castillo himilce novas and judith ortiz cofer challenge popular views of latino cultural unbelonging and make strong cases for the legitimate presence of latin@s within the united states in this way they also counter much of today's anti immigration rhetoric imagining the u s as part of a broader americas these writings trouble imperialist notions of nationhood in which political borders and a long history of intervention and colonization beyond those borders have come to shape and determine the dominant culture's writing and the defining of all latin@s as other to the nation

Louisiana Coffee ... with Lots of Cream

2007-09-04 louisiana coffeewith lots of cream is dr betty reynolds fifth book to be published not surprisingly this book is not about coffee nor is it about cream instead it is a delightful medley of intriguing tales covering four generations of a new orleans creole family since creole usually denotes a mixing of bloods the color of their skin can be as varied as the color of ones coffee ranging from dark dark chocolate to the

lightest of rich cream this fictional memoir appropriately starts a hundred years ago in new orleans the home of the family matriarch bertha mayberry berthas story is a mysterious one that she preferred to be kept locked among other family secrets she was particularly sensitive about having to reveal her misfortune of being trapped in a bordello when she first arrived in new orleans as a young girl her romantic rescue ended in tragedy but she did transcend in the end and married a popular black jazz musician named william sweetwater lewis together they gained respectability by working hard and providing their five daughters with a good education a passion for music and a young life filled with parties and gala events in a city that was known for them berthas children as well as her childrens children follow their own paths in choosing where and how they will live out their lives their accounts of triumphs and mishaps take you on a fascinating journey to experience the mysteries of black magic in the louisiana swamps a numbers racket in detroit and the casinos in las vegas when the mob was in control some leave the safety of their ancestral home on bourbon street to carve out new lives in other far away places such as the jersey shores philadelphia or new york whatever their destination each member of the lewis clan brings to the saga an interesting

storyline that shares his her unique motivations desires and actions that sometimes lead to less than favorable consequences louisiana coffeemis meant to inform rather than to alarm it is a tell all fiction that might open some eyes as what goes on in a different world on the other side of the cultural divide

The Broken Places 2001-11-03 susan perabo s short story collection who i was supposed to be was named a best book of 1999 by the los angeles times the miami herald and the st louis post dispatch the boston globe proclaimed the debut a stunning introduction to a fresh new literary talent now susan perabo returns with the broken places her eagerly anticipated novel about love and honor and how the aftermath of one terrifying night and one heroic act affects a close knit family twelve year old paul tucker knows his family is something akin to royalty in small town casey pennsylvania his father sonny is a dedicated career fireman in line for the position of chief long held by paul s late grandfather a local legend whose heroics continue to occupy the hearts and minds of all who knew and worked with him paul s mother laura is a math teacher at the high school paul is sometimes annoyed by her worries over him and her apparent lack of worry over his father but his life is generally untroubled his future bright his time measured by sport

seasons but on a windy october day the collapse of an abandoned farmhouse forever alters the fates and perceptions of paul his family and those closest to them sonny and the other casey firemen attempt a dangerous rescue to reach a teenager buried under the rubble and when sonny himself is trapped by a secondary collapse paul his mother and the crowd of onlookers believe the worst the wait is excruciating it s baby jessica all over again but this time the innocent victim is sixteen year old ian finch a swastika tattooed hoodlum who may have brought the house down on himself while building bombs still when sonny emerges from the rubble hours later the maimed teenager in his arms the rescue becomes a minor miracle and a major public relations event a validation of all things american and true sonny is immediately hailed as a national hero and paul s life is suddenly and irrevocably changed beyond the limelight the parades and the intrusion of the national media into a quiet and predictable life the tucker household balance is upset and ian finch s curious and continued involvement in sonny s life creates a new and troubling set of hurdles for paul to overcome somehow though his father has been saved he continues to slip through paul s fingers secrets lies and changing alliances threaten paul s relationship with his father and his mother

and his understanding of what holds a family and a town together the broken places is a brilliant meditation on the psychology of heroism the definition of family and the true meaning of honor with pitch perfect dialogue subtle but stunning insights and a dazzling ability to uncork the quiet power of each character susan perabo s the broken places uncovers and celebrates the unsettling truths of human nature

Travels in Paradox 2006-03-30 this innovative volume focuses on tourism through the twin lenses of cultural theory and cultural geography presenting a set of innovative case studies on tourist destinations around the world the contributors explore the paradoxes of the tourist experience and the implications of these paradoxes for our broader understanding of the problems of modernity and identity the book examines how tourism reveals the paradoxical ways that places are both mobile and rooted real and fake inhabited by those who are simultaneously insiders and outsiders and both subjectively experienced and objectively viewed the concepts of travel and mobility long have been used to explain modern identity and social behavior but this work pushes beyond the established literature by considering the ways that place and mobility are inherently related in unexpected even contradictory ways travel the

international cast of authors contends occurs in place rather than between places thus instead of offering yet another interpretation of the ways modern societies are distinguished by their mobilities in contrast to the supposed place bound quality of traditional societies the chapters here collectively argue for an understanding of modern identity as simultaneously grounded and mobile this rich blend of empirical and theoretical analysis will be invaluable for cultural geographers anthropologists and sociologists of tourism
