mankind has many conflicting ideas about what god is really like god created the whole material universe by his word and then the word of god emptied himself to become a speck in a tiny part of it why to show people exactly what god would be like if he lived in a limited human body like our own this also allowed him to become a perfect example of how we should live on earth and to pay a just price for the sins of mankind his creation this little book provides a foundation for understanding the character and nature of god showing how god's provision in jesus is very different from what any religion provides this difference is vital for preparing us for all eternity god's way to save us through jesus helps us to grow in true love and cuts through a deadly self righteousness that if god allowed it would even lower the quality of heaven this book was first written for people in south sudan but can help people anywhere who want to find meaning and purpose for their lives on earth

the 2016 election has inspired millions of u s citizens and struck panic in the hearts of millions more this book explains the allure of trump examines how trump s success ties into the hopes and fears of many americans and calls into question the limitations of our democratic system across the united states and around the world people are struggling to understand why so many turned to donald trump an individual described as rude and insensitive at best and as racist hateful and ignorant at worst as their champion trump s nomination as the republican presidential candidate and his subsequent election to president of the united states upended many long held assumptions and beliefs about politics such as the inevitable power of superfunding election syndicates and the need for presidential candidates to have governance experience and broad knowledge of domestic and foreign affairs why irrational politics appeals understanding the allure of trump takes a serious scientific look at trump and his politics against the backdrop of modern american society it brings together experts from a variety of psychological and political science fields to answer the mystifying question of why people by the millions would follow a leader who to so many others seems unqualified undiplomatic and in opposition to previously established standards for a national leader readers will gain an understanding of how little a role rationality plays in political choices particularly but not always among citizens of certain socioeconomic backgrounds and why trump s apparently divisive attitudes and prejudices his lack of political correctness and his hubris appeal to so many voters the book also raises questions about our democratic processes and our need for more thoughtful political cultures to ensure that citizens are adequately prepared to make important leadership decisions that will affect the future of our nation s economy social norms and global safety

jesus said the truth will set you free father spitzer lays bare the theological and philosophical roots of catholic morality and also uses secular statistical studies to demonstrate that these teachings even from a scientific standpoint help human beings to flourish gathering data from universities general psychiatry medical institutes and general survey organizations such as pew research gallup research and harris poll this book shows that going against foundational christian doctrines from marriage to the sanctity of unborn life leads to significant increases in depression anxiety substance abuse familial tensions suicidal contemplation the numbers speak for themselves many people today particularly the young are embarrassed by the church s moral teaching for them it is only an outdated expression of hatred or disgust yet nothing could be further from the truth sin is what degrades man and kills his joy and a moral life is a life of love if we tell the truth about destructive lifestyles we can rescue our loved ones from a life of darkness helping to bring about a shift in our culture with scientific clarity this work provides readers everything they need to know to speak credibly effectively and persuasively about the most controversial moral issues imprimatur the most reverend kevin j vann j c d o d bishop diocese of orange february 28 2021
