Writing the Talking Cure

2010

this book examines the nature of freud s relationship to the philosopher friedrich nietzsche nietzsche regarded himself among other things as a psychologist his psychological explorations included an understanding of the meaning and function of dreams the unconscious sublimation of drives drives turned inward upon the self unconscious guilt unconscious envy unconscious resistance and much more that anticipated some of freud s fundamental psychoanalytic concepts although freud wrote of nietzsche having anticipated psychoanalytic concepts he denied that nietzsche had any influence on his thought

The Challenge of Dialogue

1995-01-01

È un giorno di ottobre del 1882 e josef breuer quarantenne geniale psichiatra medico personale a vienna di artisti e filosofi come brahms brücke e brentano è al caffè sorrento in compagnia di una giovane donna che non conosce ma che ha avuto l'impudenza di convocarlo nel rinomato caffè veneziano per una questione di estrema urgenza in cui ne andrebbe addirittura del futuro della filosofia tedesca la donna si chiama lou salomé ed è di inusuale bellezza fronte poderosa luminosi occhi azzurri labbra piene e sensuali nonostante la temperatura pungente del mattino si è tolta il manto di

pelliccia e guardandolo direttamente negli occhi con voce ferma gli ha detto di temere per la vita di un suo caro amico friedrich nietzsche il pensatore tedesco che secondo richard wagner ha regalato al mondo un'opera senza pari poi posando leggermente la mano guantata sulla sua ha aggiunto che il filosofo è in preda a una profonda prostrazione uno stato che si manifesta con una moltitudine impressionante di sintomi emicrania parziale cecità nausea insonnia febbri anoressia e che lo porta ad assumere pericolose dosi di morfina così attraverso la voce della musa della vienna fin de siècle josef breuer stimato medico ebreo futuro padre della psicanalisi uomo dal comportamento ineccepibile e tuttavia oppresso anche dai legami e dalle convenzioni della vita borghese e matrimoniale e profondamente turbato dalla bella berthä sua paziente da due anni apprende della disperazione estrema di colui che diverrà il suo più illustre paziente breuer infatti sottoporrà il filosofo alle sue cure basate sulla convinzione che la guarigione del corpo passi attraverso quella dell'anima e tra lui e nietzsche nel corso di numerose sedute si instaurerà un dialogo serrato e coinvolgente durante il quale breuer cercherà di arrivare alle radici del male oscuro del filosofo e di indurlo ad aprirgli il cuore

2023-10-26

bestselling writer and psychotherapist irvin d yalom puts himself on the couch in a lapidary memoir irvin d yalom has made a career of investigating the lives of others in this profound memoir he turns his writing and his therapeutic eye on himself he opens his story with a nightmare he is twelve and is riding his bike past the home of an acne scarred girl like every morning he calls out hoping to befriend her hello measles but in his dream the girl's father makes yalom understand that his daily greeting had hurt her for yalom this was the birth of empathy he would not forget the lesson as becoming myself unfolds we see the birth of the insightful thinker whose books have been a beacon to so many this is not simply a man's life story yalom's reflections on his life and development are an invitation for us to reflect on the origins of our own selves and the meanings of our lives

Plansul lui Nietzsche

1994

classical and modern literature is full of patients with interesting neurological cognitive or psychiatric diseases often including detailed and accurate descriptions which suggests the authors were inspired by observations of real people in many cases these literary portrayals of diseases even predate their formal identification by medical science fictional literature encompasses nearly all kinds of disorders affecting the nervous system with certain favorites such as memory loss and behavioral syndromes there are even unique observations that cannot be found in scientific and clinical literature because of the lack of appropriate studies not only does literature offer a creative and humane look at disorders of the brain and mind but just as authors have been inspired by medicine and real disorders clinicians have also gained knowledge from literary depictions of the disorders they encounter in their daily practice this book provides an amazing and fascinating look at neurological conditions patients and doctors in literature and film in a way which is both nostalgic and novel

Da Nietzsche graed

in 1953 freud biographer ernest jones revealed that the famous hysteric anna o was really berthapappenheim 1859 1936 the prolific author german jewish feminist pioneering social worker and activist elizabeth loentz directs attention away from the young woman who arguably invented the talking cure and back to pappenheim and her post anna o achievements her writings especially reveal her to be one of the most versatile productive influential and controversial jewish thinkers and leaders of her time pappenheim's oeuvre includes stories plays poems prayers travel literature letters essays speeches and aphorisms she translated mary wollstonecraft's vindication of the rights of women as well as the memoirs of gluckel of hameln and other old yiddish texts into german she was discussed as both writer and newsmaker in german jewish newspapers of every religious and political affiliation and in german feminist publications as founder and leader of the league of jewish women in germany and the international league of jewish women she was at the forefront of the campaign to combat human trafficking and forced prostitution a pioneer of modern jewish social work she founded a home for at risk girls and unwed mothers and advocated on behalf of jewish women children refugees and immigrants her accomplishments are all the more remarkable because she attained them after struggling to recover from the debilitating mental illness chronicled in freud and breuer's studies on hysteria 1895 loentz examines how pappenheim engaged in words and deeds with the key political social and cultural issues concerning german jewry in the early decades of the twentieth century the status of the yiddish language zionism the conversion epidemic responses to the plight of eastern european jews and jewish spirituality pappenheim's unique approach to each of these issues balanced allegiances to feminism the jewish religion and german culture loentz also explores how biographers and artists have rediscovered pappenheim rewritten her life story and renegotiated her identity

Literary Medicine: Brain Disease and Doctors in Novels, Theater, and Film

2017-10-13

Josef Breuer um dos pais da psicanálise está prestes a se deparar com um grande desafio tratar do filósofo Friedrich Nietzsche atormentado por uma crise existencial e por uma depressão suicida. Mentor de Freud, Breuer entretanto vive também um momento de angústia obcecado pelas fantasias sexuais com Anna O, a jovem de quem tratou com seu novo método terapêutico. O encontro destes dois homens extraordinários resulta numa profunda amizade criada pela imaginação poderosa de Irvin D. Yalom, conhecido psiquiatra e escritor renomado tomando como pano de fundo a Viena do final do século XIX. Ele constrói um romance apaixonante em que realidade e ficção se misturam assim como literatura, filosofia e psicanálise. Poucas vezes se viu na história da literatura uma obra que traçasse paralelo tão fantástico entre ficção e realidade como esta de Irvin D. Yalom. Nela o leitor é convidado a participar de uma série de encontros que não aconteceram na vida real mas que expõem visões filosóficas, discussões sobre a psicanálise e as dores da alma. Os personagens são irresistíveis: o doutor Josef Breuer, o filósofo Friedrich Nietzsche e o jovem médico Sigmund Freud. No final do século XIX, Josef Breuer está envolvido numa atmosfera de glórias após curar uma paciente por meio de seu novo método de tratamento: a terapia através da conversa. O que deveria ser o auge de sua carreira se revela um grande tormento: ele tem obsessivas fantasias sexuais com Anna O, uma paciente recém curada e por isso sofre de insônia e pesadelos de férias em Veneza. Breuer encontra a jovem russa Lou Salomé que

He pede um favor tratar da depressão suicida de seu amigo Friedrich Nietzsche o filósofo alemão já tentou tratamento com dezenas de médicos em toda a Europa e quase sempre o orgulho e a natureza de seu sofrimento se configuraram em obstáculos intransponíveis

Brain Arrest or Domsday Countdown

2007-12-01

Humor has been praised by philosophers and poets as a balm to soothe the sorrows that outrageous fortune's slings and arrows cause inevitably if not incessantly to each and every one of us in mundane life. Having a sense of humor is seen not only as a positive trait of character but as a social prerequisite without which a person's career and mating prospects are severely diminished if not annihilated. However, humor is much more than this and so much else. In particular, humor can accompany cruelty, inform it, sustain it, and exemplify it. Therefore, in this book we provide a comprehensive, reasoned exploration of the vast literature on the concepts of humor and cruelty as these have been tackled in Western philosophy, humanities, and social sciences, especially psychology. Also, the apparent cacophony of extant interpretations of these two concepts is explained as the inevitable and even useful result of the polysemy inherent to all common sense concepts. In line with the understanding of concepts developed by M. Polanyi in the 20th century, thus a thorough, nuanced grasp of their complex mutual relationship is established, and many platitudes affecting today's received views and scholarship are cast aside.

Let Me Continue to Speak the Truth

2019-02-18

Since 1979, William Taylor has been taking hundreds of Northern California high school students to Europe, North Africa, and the Middle East to uncover the roots of Western history as part of a unique educational program. Arete West students participate in a nine-month curriculum reading and discussing historical literature, then fly overseas to explore the sites they studied. For arete students, the odyssey is both a journey into history and a formative encounter with the self. This book celebrates the Arete program as William Taylor and his students articulate arete memories from the past four decades for young adults interested in the world around them, parents wishing to enrich their children's education, and teachers seeking new and inspiring ways to reach their students. The Greatest Classrooms of the World presents fresh ideas and possibilities more than a collection of personal trip memories. This book communicates the search for personal excellence, the passion of international youth travel, and a program that can be emulated and adapted all over the world.

Quando Nietzsche chorou

2022-11-07

In this book, Heinrich Meier takes on the question of the meaning of Nietzsche's *Thus Spoke Zarathustra*, which has long proven controversial among readers. Meier closely examines the work to find a coherent structure and uncover the meanings in the figure of Zarathustra by showing the unity in Zarathustra's life and teaching. Meier argues that the hidden architecture of the work reveals the development of self-knowledge for the philosopher. What is Nietzsche's *Zarathustra*? A philosophical confrontation makes clear in its careful attention to the text that Nietzsche's deepest concern is with understanding himself and the world rather than with a view of himself as a prophet.

A Philosophical Exploration of the Humanities and Social Sciences

2013-05-15

katie morton's son liam was born with profound brain damage when he died six and a half weeks later she searched for answers in books on grief and coping but none seemed to address her situation without completely understanding why morton embarked on a wider search for solace the blue poppy and the mustard seed takes readers along as she travels to foreign lands to illuminate her inner journey through emotional highs and lows she interweaves what she witnesses simple rituals like children's baths and picnics and rites of passage like birth and death with her own progress in the process she discovers that the pain she has experienced is both unavoidable and necessary a pivotal part of the process of healing that can lead to a victorious kind of joy of acceptance in discovering herself morton shows readers suffering from similar tragedies how to endure world shattering pain and come out whole

The Schopenhauer Cure

2018-09-17

Michel Foucault continues to be regarded as one of the most essential thinkers of the twentieth century, a brilliantly evocative writer and conceptual creator. His influence is clearly discernible today across nearly every discipline: philosophy and history, certainly, as well as literary and critical theory, religious and social studies, and the arts. This volume exploits Foucault's insistent blurring of the self-imposed limits formed by the disciplines, with each author in this volume discovering in Foucault's work a model useful for challenging not only these divisions but developing a more fundamental interrogation of modernism. Foucault himself saw the calling into question of modernism to be the permanent task of his life's work, thereby opening a path for rethinking the social understanding. Foucault's understanding of modernism shows, on the one hand, that literature and the arts play a fundamental structural role in Foucault's works, while on the other hand, it shifts to the foreground what it presumes to be motivating Foucault: the interrogation of the problem of modernism to that end. Even his most explicitly historical or strictly epistemological and methodological enquiries directly engage the problem of modernism through the works of writers and artists, from de Sade, Mallarmé, Baudelaire, to Artaud, Manet, Borges, Roussel, and Bataille. This volume therefore adopts a transdisciplinary approach as a way to establish connections between Foucault's thought and the aesthetic problems that emerge out of those specific literary and artistic works. Methods and styles designated modern. The aim of this volume is to provide a resource for students and scholars not only in the fields of literature and philosophy but as well those interested in the intersections of art and intellectual history, religious studies, and critical theory.

Professional Behaviors and Dispositions

2010-08-24

This is a collection of more than forty essays on various topics, especially history, the Philippines, atheism, and existentialism. Many of the articles here were published in the local edition of the Philippine Post. This book is for those who are curious about the Philippines and the Filipinos; it provides an unconventional perspective on Philippine society, history, and culture.

Apply the major psychotherapy theories into practice with this comprehensive text. Counseling and psychotherapy theories in context and practice: skills, strategies, and techniques. 2nd edition is an in-depth guide that provides useful learning aids, instructions for ongoing assessment, and valuable case studies, more than just a reference. This approachable resource highlights practical applications of theoretical concepts, covering both theory and technique, with one text, easy to read, and with engaging information that has been recently revised to align with the latest in industry best practices. This book is the perfect resource for graduate-level counseling theory courses in counselor education, marriage and family therapy, counseling psychology, and clinical psychology. Included with each copy of the text is an access code to the online video resource center (VRC). The VRC features eleven videos, each one covering a different therapeutic approach using real therapists and clients, not actors. These videos provide a perfect complement to the book by showing what the different theories look like in practice. The second edition features new chapters on family systems theory and therapy, as well as Gestalt theory and therapy, extended case examples in each of the twelve theory chapters, a treatment planning section that illustrates how specific theories can be used in problem formulation, specific interventions, and potential outcomes, assessment, deeper and more continuous examination of gender and cultural issues, an evidence-based status section in each theory chapter focusing on what we know from the scientific research, with the goal of developing critical thinking skills, a new section on outcome measures that provides ideas on how client outcomes can be tracked using practice-based evidence, showcasing the latest research, theory, and evidence-based practice in an engaging and relatable style. Counseling and psychotherapy theories in context and practice is an illuminating text with outstanding practical value.

Understanding Foucault, Understanding Modernism

2012-04-14

Understanding Foucault, Understanding Modernism is a collection of essays by the philosopher and cultural theorist Paul Rabinowitz. The book was published in 1982 and is a collection of 40 essays that explore the work of Michel Foucault and the modernist movement. The essays are organized into four sections: Foucault's work, the modernist movement, the relationship between Foucault and the modernist movement, and the impact of Foucault's work on the modernist movement. The book is a comprehensive and accessible introduction to Foucault's work and the modernist movement.
