2021-04-13

this is a fine book impressive in both quantity and quality journal of economic history the collection stands out as one of the most useful volumes currently available on the soviet union in the 1930s labour history review altogether this book succeeds in opening up the social history of the soviet union in the era of planning for those students and scholars who are ready to advance beyond the old stereotypes ilwch the pathbreaking essays assembled here examine the complex pattern of relationships between the first five year plans and the society and culture of stalinist russia discussion focuses on urbanization social mobility questions of social identity and the cultural constructions of the industrialization drive as well as work organization management relations and the underlying processes of industrial organization

# **Training in the Food and Beverages Sector in the Netherlands**

1996

the khrushchev era examines the major political social and economic reforms of nikita khrushchev from the secret speech and khrushchev s limited but at the time earth shattering critique of stalin to his ill fated reorganizations of the communist party agriculture and industry besides giving a factual account of the reforms themselves filtzer analyses the complex factors behind their failure focussing not so much on the inadequacies of khrushchev as a leader as on the structural obstacles to reform within the stalinist system itself as such the khrushchev period is shown to contain instructive historical lessons for our understanding of mikhail gorbachev and his own failed perestroika

many of today s organizations live in public they devote extensive resources to branding catching the public eye and capitalizing on the age of transparency but at the same time a growing number of companies and other collectives are flying under the radar concealing their identities and activities this book offers a framework for thinking about how organizations and their members communicate identity to relevant audiences considering the degree to which organizations reveal

themselves the extent to which members express their identification with the organization and whether the audience is public or local author craig r scott describes collectives as residing in regions that range from transparent to shaded from shadowed to dark taking a closer look at groups like earthfirst the church of scientology alcoholics anonymous the kkk skull and bones u s special mission units men s bathhouses and various terrorist organizations this book draws attention to shaded shadowed and dark collectives as important organizations in the contemporary landscape

## **SSC General Awareness Chapter Wise Note Book | Complete Preparation Guide For CGL/CPO/CHSL/GD/MTS**

2022-10-01

this title was first published in 2000 drawn from an international research project this study provides evidence of efforts to make law and policy making truly inclusive and discusses whether success or failure depends on the nature of the procedure or the legal and social context the book contains six case studies detailing national

practice in promoting equality between the sexes and a series of general chapters which evaluate the effectiveness of individual equality strategies and the factors which contribute to their success or failure the contributors analyze the contribution of the European Union in promoting gender equality in Europe and particular emphasis is placed on gender mainstreaming and how this strategy might be developed
