The Event

2015-01-01

what is an event from a philosophical perspective events are irregular occurrences moments of change and interruption categorized by human perception language and thought while philosophers have pored over the subject of events extensively in recent years the event literature and theory seeks to ground it what is literature s approach to the event how does literature produce and give testimony to events ilai rowner s study not only revisits some of the most important thinkers of our time including maurice blanchot gilles deleuze jacques derrida and martin heidegger it also develops a critical approach to literature that questions the meaning of the literary event through examinations of literary works by marcel proust louis ferdinand céline and t s eliot rowner offers a new method of thinking about the particular characteristics of the event within literary works and defines the creative value of literature as the aspiration toward the un happening within the happening in this study the experience of literature as an act of both writing and reading becomes the struggle to capture the excessive movement of the event while also revealing the creative energy within that work of literature

Literary Theory

Literature and the Gods

2010-06-16

brilliant inspired and gloriously erudite literature and the gods is the culmination of roberto calasso s lifelong study of the gods in the human imagination by uncovering the divine whisper that lies behind the best poetry and prose from across the centuries calasso gives us a renewed sense of the mystery and enchantment of great literature from the banishment of the classical divinities during the age of reason to their emancipation by the romantics and their place in the literature of our own time the history of the gods can also be read as a ciphred and splendid history of literary inspiration rewriting that story calasso carves out a sacred space for literature where the presence of the gods is discernible his inquiry into the nature of absolute literature transports us to the realms of dionysus and orpheus baudelaire and mallarmé and prompts a lucid and impassioned defense of poetic form even when apparently severed from any social function lyrical and assured literature and the gods is an intensely engaging work of literary affirmation that deserves to be read alongside the masterpieces it celebrates

Inquiries and Opinions (1908)

2008-06-01

this scarce antiquarian book is a facsimile reprint of the original due to its age it may contain imperfections such as marks notations marginalia and flawed pages because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions

that are true to the original work

The J. Hillis Miller Reader

2005

this anthology exhibits the diversity inventiveness and intellectual energy of the writings of j hillis miller the most significant north american literary critic of the twentieth century from the 1950s onward miller has made invaluable contributions to our understanding of the practice and theory of literary criticism the ethics and responsibilities of teaching and reading and the role of literature in the modern world he has also shown successive generations of scholars and students the necessity of comprehending the relationship between philosophy and literature divided into six sections the volume provides more than twenty significant extracts from miller s works in addition there is a new interview with miller as well as a series of specially commissioned critical responses to miller s work by a number of the leading figures in literary and cultural studies today following a comprehensive critical introduction by the editor each section has a brief introduction directing the reader toward pertinent themes there is also a comprehensive bibliography and a chronology of miller s professional life and activities this reader the first of miller s work in english provides an indispensable overview and introduction to one of the most original critical voices to have emerged since the inception of the teaching of english and american literature in universities in the english speaking world

A Companion to American Literature

2020-04-03

a comprehensive chronological overview of american literature in three scholarly and authoritative volumes a companion to american literature traces the history and development of american literature from its early origins in native american oral tradition to 21st century digital literature this comprehensive three volume set brings together contributions from a diverse international team of accomplished young scholars and established figures in the field contributors explore a broad range of topics in historical cultural political geographic and technological contexts engaging the work of both well known and non canonical writers of every period volume one is an inclusive and geographically expansive examination of early american literature applying a range of cultural and historical approaches and theoretical models to a dramatically expanded canon of texts volume two covers american literature

between 1820 and 1914 focusing on the development of print culture and the literary marketplace the emergence of various literary movements and the impact of social and historical events on writers and writings of the period spanning the 20th and early 21st centuries volume three studies traditional areas of american literature as well as the literature from previously marginalized groups and contemporary writers often overlooked by scholars this inclusive and comprehensive study of american literature examines the influences of race ethnicity gender class and disability on american literature discusses the role of technology in book production and circulation the rise of literacy and changing reading practices and literary forms explores a wide range of writings in multiple genres including novels short stories dramas and a variety of poetic forms as well as autobiographies essays lectures diaries journals letters sermons histories and graphic narratives provides a thematic index that groups chapters by contexts and illustrates their links across different traditional chronological boundaries a companion to american literature is a valuable resource for students coming to the subject for the first time or preparing for field examinations instructors in american literature courses and scholars with more specialized interests in specific authors genres movements or periods

Leavis and Lonergan

2021-02-11

this book illustrates the value of the cross fertilisation of literary criticism with philosophy something leavis advocated in his later writings lonergan s epistemology of critical realism supports leavis s account of how we reach a valid judgment concerning the worth of a poem or literary text and his exploration of the relationship between subjectivity and objectivity illustrates how close engagement with serious literature can be considered morally beneficial something leavis passionately believed in leavis and lonergan are at one in providing convincing arguments against cartesian dualism and the dominant positivist philosophies of their times and leavis s method and practice as a literary critic which he developed independently of lonergan exemplify lonergan s epistemology as applied to literature and in this way illustrate its versatility and fruitfulness

The Cambridge Introduction to Literature and the Environment

2011-01-06

environmental criticism is a relatively new discipline that brings the global problem of environmental crisis to the forefront of literary and cultural studies this introduction defines what eco

criticism is and provides a set of conceptual tools to encourage students to look at the texts they re reading in a new way

Introduction to Literature

1981

literature and the writer was first conceived with the hope the essays would shed light on several dimensions of the authorial craft it was the hope of the editor that the selected essays would examine not only writers choice of vocabulary but also their deliberate selection of grammatical constructions and word order and their seamless weaving together of plots and imagery moreover the analyses would also draw attention to how the writing process impacts the development of characters and the formulation of thematic strands in fiction thus a wide variety of authors are deliberately selected to give the text depth writers of popular fiction as well as modern classics are included and contrasts are established between traditional writers and those who prefer to follow experimental trends modernists are set against postmodernists absurdists vs realists minority ethnicities vs majority cultures and dominant genders appear in contrast to subordinated ones clearly the major tenet of the collection is that the writing profession provides an unending dilemma that deserves to be explored in more detail as readers try to determine how authorial voices confuse while simultaneously elucidating their audience how texts are constructed by authors and yet deconstructed by the very words they choose to include how silence functions as inaudible yet audible discourse and how authorial self concept shapes not only itself but is also echoed in the fictional characters writers who appear in the texts

Literature and the Writer

2004

using place studies within a postcolonial context this study explores the sense aesthetic dimensions in literature such as smell sound etc that often challenge the rationalizing logic of modernity through close readings of writers such as conrad and coetzee moslund invites scholars to shift focus from discourse analysis to aesthetic analysis

Literature's Sensuous Geographies

2015-03-12

do the rich descriptions and narrative shapings of literature provide a valuable resource for readers writers philosophers and everyday people to imagine and confront the ultimate questions of life do the human activities of storytelling and complex moral decision making have a deep connection what are the moral responsibilities of the artist critic and reader what can religious perspectives from catholic to protestant to mormon contribute to literary criticism thirty well known contributors reflect on these questions including literary theorists marshall gregory james phelan and wayne booth philosophers martha nussbaum richard hart and nina rosenstand and authors john updike charles johnson flannery o connor and bernard malamud divided into four sections with introductory matter and questions for discussion this accessible anthology represents the most crucial work today exploring the interdisciplinary connections between literature religion and philosophy

Ethics, Literature, and Theory

2005

ecocriticism is a critical approach that focuses on the representation in literature of the non human elements of the natural world a method of inquiry that has been largely limited to literature written in english the aim of ecocritical approaches to literature in french is twofold to introduce ecocriticism to scholars of french language literature and to open ecocriticism to the vision and voices of french literature the chapters look at work not only from france but also from north america the caribbean and africa the discussions include fiction poetry film and pedagogy the goal of the collection is to demonstrate not only the applicability of ecocritical inquiry to literature in french but to demonstrate the possibilities of ecocritical theory on the study of french literature and also for ecocriticism itself this collection will be a useful resource both for scholars of french language literature and also for ecocritics who may have had only limited contact with literatures in languages other than english

Ecocritical Approaches to Literature in French

2015-12-24

this comprehensive companion to william faulkner reflects the current dynamic state of faulkner studies explores the contexts criticism genres and interpretations of nobel prize winning writer william faulkner arguably the greatest american novelist comprises newly commissioned essays written by an international contributor team of leading scholars guides readers through the plethora of critical approaches to faulkner over the past few decades draws upon current faulkner scholarship as well as critically reflecting on previous interpretations

A Companion to William Faulkner

2008-04-15

attempts to provide a broad coverage of the most important names in american writing from the early period of settlement through to the immediate present including figures of historical as well as directly literary interest gives a strong representation to twentieth century literature

The Penguin Companion to American Literature

1971

of fiction

The Literature Book

2016-04-21

in recent years there has been an increasing realization that language and literature are so to speak socioculturally consubstantial accordingly literary scholars and linguists now often define their interests in sociohistorical terms and the lang lit divide is giving way to shared concerns which are interdisciplinary between the three poles poetics linguistics society to illustrate and consolidate this new interdisciplinarity the editors of this volume have collected a number of articles specially written by an international team of scholars including figures of the highest international distinction key interdisciplinary terms such as contextualization addressivity and convention are subjected to critical scrutiny and applied to particular texts some of the most widely canvassed theories of communication and literature particularly sperber and wilson s relevance theory and bakhtin s sociolinguistic poetics are carefully assessed and extended to new areas and there are contextualizing approaches to phenomena such as genre historical genre modulation irony metaphor modernist impersonality unreliable narration informal style and literary gossip the book s argument is carefully structured an extensive introduction outlines the general background of ideas and the thirteen articles are grouped into four main sections linked together by a clear line of questioning and discussion which is made explicit in sectional introductions the book is addressed to established scholars postgraduate students and advanced undergraduates who are interested in linguistics literary theory literary criticism and sociocultural history and searching for ways of bringing these branches of learning into synergetic relation with each other

Literature and the New Interdisciplinarity

1994

this book redefines the nature of textual difficulty in literature and shows the implications of the new definition for teachers at all levels of education contrary to the traditional use of grade levels or readability formulae the authors redefine difficulty in terms of readers and the texts they meet they base their arguments on contemporary linguistic theory on historical and comparative studies of criticism on literary theory about readers and texts on post freudian psychology on empirical research concerning the nature of reading literature and on studies of

classrooms curricula and testing what emerges is a coherent work that builds a case for seeing difficulty in literature as a human phenomenon more than a textual one

The Idea of Difficulty in Literature

1991-09-03

this text is designed for introductory courses to literature studies it surveys major critical approaches to reading interpreting and evaluating literature and includes student papers as examples in draft and complete stages

Ways in

1994

the american dream has never been defined exactly and probably never can be it is both too various and too vague many men have meant many different things by it i shall therefore follow popular practice and use the phrase inclusively but american literature has been defined more exactly and has been outlined in courses and embodied in anthologies most men agree that it is something very different from english literature and many have sought to describe the difference this book began as a series of essays in interpretation of the major american authors but in the process of writing an idea crystallized american literature has differed from english because of the constant and omnipresent influence of the american dream upon it but this influence has usually been indirect and unconscious because the dream has remained vague and undefined but the vague idea has influenced the plotting of our fiction and the imagining of our poetry almost by inadvertence our literature has accomplished a symbolic and experimental projection of it the american dream and the patterns of thinking and feeling which it has inspired has given form and significance to american literature

American Literature and the Dream

1955

the anthropocene is a proposed geological epoch marking humanity's alteration of the earth its rock structure environments atmosphere the cambridge companion to literature and the anthropocene offers the most comprehensive survey yet of how literature can address the social cultural and philosophical questions posed by the anthropocene this volume addresses the old and new literary forms from novels plays poetry and essays to exciting and evolving genres such as cli fi experimental poetry interspecies design gaming weird ecotopian and petro fiction and new nature writing studies range from the united states to india from palestine to scotland while addressing numerous global signifiers or consequences of the anthropocene catastrophe extinction fossil capital warming politics ethics interspecies relations deep time and earth this unique companion offers a compelling account of how to read literature through the anthropocene and of how literature might yet help us imagine a better world

The Cambridge Companion to Literature and the Anthropocene

2021-06-17

this companion offers readers an accessible survey of the historical and symbolic relationships between literature and the city

The Cambridge Companion to the City in Literature

2014-10-06

sense and sensibility by jane austen the story revolves around two sisters elinor and marianne elinor is level headed and self controlled marianne is passionate and impulsive when their father dies his first son by a previous marriage takes possession of the family home against the fathers dying wishes elinor marianne and their mother remove to a cottage and each sister meets a man in whom she is interested as with other austen novels requited love does not come easily and many revelations and a trip to london are needed before a resolution

can be found when sense and sensibility first appeared the words of its title had enormous cultural weight austen was addressing and also satirizing notions of sensibility the meaning of which while akin to the current use of sensitivity was already a subject of debate sensibility had been considered the incorporation of reason and feeling a virtue according to many that would lead people into correct and benevolent behaviour and that marked them as intellectually and morally superior we are delighted to publish this classic book as part of our extensive classic library collection many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public the aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades the contents of the vast majority of titles in the classic library have been scanned from the original works to ensure a high quality product each title has been meticulously hand curated by our staff our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work we hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience

Sense and Sensibility

2018-06-12

offering a refreshing combination of accessibility and intellectual rigor how to interpret literature critical theory for literary and cultural studies presents an up to date concise and wide ranging historicist survey of contemporary thinking in critical theory back cover

How to Interpret Literature

2008

a companion to british literature victorian and twentieth century literature 1837 2000

A Companion to British Literature, Volume 4

2013-12-13

the term modernism is central to any discussion of twentieth century literature and critical theory astradur eysteinsson here maintains that the concept of modernism does not emerge directly from the literature it subsumes but is in fact a product of critical practices relating to nontraditional literature intervening in these practices and correlating them with modernist works and with modern literary theory eysteinsson undertakes a comprehensive reexamination of the idea of modernism eysteinsson critically explores various manifestations of modernism in a rich array of american british and european literature criticism and theory he first examines many modernist paradigms detecting in them a conflict between modernism s culturally subversive potential and its relatively conservative status as a formalist project he then considers these paradigms as interpretations and fabrications of literary history seen in this light modernism both signals a historical change on the literary scene and implies the context of that change laden with the implications of tradition and modernity modernism fills its major function that of highlighting and defining the complex relations between history and postrealist literature eysteinsson focuses on the ways in which the concept of modernism directs our understanding of literature and literary history and influences our judgment of experimental and postrealist works in literature and art he discusses in detail the relation of modernism to the key concepts postmodernism the avant garde and realism enacting a crisis of subject and reference modernism is not so much a form of discourse he asserts as its interruption a possible other modernity that reveals critical aspects of our social and linguistic experience in western culture comparatists literary theorists cultural historians and others interested in twentieth century literature and art will profit from this provocative book

Scott Foresman Literature and Integrated Studies

1998-01-01

this collection of essays centers on musical elements that authors have employed in their work thus joining heard sounds to a visual perception of their stories the spectrum of authors represented is a wide one from pound to durrell from steinbeck to cather from beckett to gaines but even more unusual is the variety of musical type represented classical music the quartet the fugue the symphony jazz the jazz riff and jazz improv and the spiritual all appear along with folk song and so called random noise such diversity suggests that there are few

limits when readers consider how great writers utilize musical styles and techniques indeed each author seems to realize that it is not the type of music that s he chooses to employ that is important rather it is the realization that such musical elements as harmony dissonance tonal repetition and beat are just as important in prose composition as they are in poetry and song the essayists have selected some works that may be considered obscure and some that are modern classics each one however has captured one of the varied ways in which words and music complement and enhance each other

The Concept of Modernism

1990

this is a reproduction of a book published before 1923 this book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process we believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide we appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book

1981

the fantastic has occupied the literary imagination of readers and scholars across historical theoretical and cultural contexts representations of the fantastic in literature rely on formal and generic types tropes and archetypes to mediate between depictions of fantasy and reality present in myth and folklore the gothic and neo gothic and contemporary and mainstream fantasy the fantastic reach stretches into many conceptions of literature over time curious if true the fantastic in literature presents recent articles by graduate students on the fantastic and makes connections across category genre and historical periods fantasy is used as an organizing topic a genre that has always allowed for a broad interpretation of its meaning from magic realism to high fantasy sci fi to the gothic this collection furthers the reach of fantasy in the study of english literature the authors value tradition in their reading and their writing but are not afraid to reach across genre borders to show their understanding of the fantastical in literature the ideas presented span years and literary periods texts and genres and show the

undeniable value of interdisciplinary study to expand perspectives in the field of english

Literature and Music

2002

in these reflections on the relations between art and science aldous huxley attempts to discern the similarities and differences implicit in scientific and literary language and he offers his opinions on the influence that each discipline exerts upon the other

The Literature and Literati of Bath

2013-09

this is the first book of its kind which questions jacques derrida s view of literature leveling all distinctions between literature and other disciplines setting forth those features of literature which mark it off from non literature the author argues that derrida s deconstruction is enshrined in a flawed view of language pleading stridently for a twofold division of language and drawing extensively on the philosophers and the linguists who support it the author advances a fresh approach to literature as well as other disciplines this book is a defense of literature and by implication of logic and truth in the age of deconstruction subject literature india studies philosophy literary studies literary criticism

“Curious, if True”

2012-11-30

literature and film dispositioned looks to twentieth century literature s encounter with film as a means to thinking about the locations of thought in literature and literature s location in the world it includes readings of works by james joyce henry james and samuel beckett whose film 1965 forms a concluding focus

Literature and Science

1963

literature as history presents a selection of specially commissioned essays by a range of key contemporary thinkers on the interdisciplinary study of literature and history the unifying theme is the interrelationship between literary cultural production and its historical moment the essays in the collection are astute and exciting in terms of their engagement with ever changing developments in critical and theoretical practice while retaining an invaluable focus on familiar and engaging texts and authors the contributors offer a reappraisal of the nature of literary studies today looking back over the thirty five years of peter widdowson s career a career which has coincided with the emergence of challenges to and reformulations of critical theory and ask what the future holds particularly for the interdisciplinary ways of working which widdowson pioneered bringing together distinguished scholars in the interdisciplinary study of english and history it seizes the opportunity to take stock of the current field of literary studies and to ask searching questions about its future development

The Identity of Literature

2017

Literature and Film, Dispositioned

2014-09-23

this book guides through some six centuries of english literature beginning with chaucer s time and goes on to analyse the background interconnections and major achievements of individual writers in each period it is useful to the student of english literature and to the general reader

Literature as History

2011-10-27

as all life proceeds from the egg so all discussion must proceed from a definition indeed it is generally necessary to follow definition by definition fixing the meaning of the terms used in the original explanation and again explaining the words employed in this exposition i once heard a learned but somewhat pedantic man begin to answer the question of a child by saying that a lynx is a wild quadruped he was allowed to get no further but was at once asked what a quadruped is he responded that it is a mammal with four feet this of course provoked the inquiry what a mammal is and so on from one question to another until the original subject was entirely lost sight of and the lynx disappeared in a maze of verbal distinctions as completely as it might have vanished in the tangles of the forest primeval i feel that i am not wholly safe from danger of repeating the experience of this well meaning pedant if i attempt to give a definition of literature the temptation is strong to content myself with saying of course we all know what literature is the difficulty which i have had in the endeavor to frame a satisfactory explanation of the term has convinced me however that it is necessary to assume that few of us do know and has impressed upon me the need of trying to make clear what the word means to me if my statement seem insufficient for general application it will at least show the sense which i shall give to literature in these talks
