Truth Beyond the Illusion 2011-06-01 the connection of religion spiritualism government aliens and ufo s how to find truth among the false teaching and schooling learning to understand what life is really and the things that will be affecting it
The Illusion of Animal Magnetism 2004 this book explains the hypnotic nature of evil and how its harmful influence can be overcome through prayer in christian science it includes 10 articles by different authors all explaining the way in which prayer can help us detect the influence of evil and use prayer to free us of it this is an outstanding collection that is very appropriate to today s mental climate

The Transforming Power of Prayer 2010-12-23 the journey from illusion to reality is a necessary journey through lent the greatest ally in any illusory exercise is the devil himself where better than in the sphere of religion can the devil promote a programme of illusion and self deception we need to pray at every turn in the road for the spirit of discernment if we are to distinguish between illusion and reality we have to shake off this illusion if we are to expose ourselves to the bright beams of reality truth and love

The Alchemy of Prayer 2011-04-15 the alchemy of prayer offers an eminently readable step by step spiritual guide that puts the complex metaphysics of prayer taught in a course in miracles into everyday terms if youre skeptical about the power of prayer or have little faith in the traditional christian approach to prayer this book is for you its central thesis is that prayer is not an act of communication that begins with us and ends with god but rather that it is an act of communication that begins with god and ends with us were it not for this fact wed be oblivious to prayer indeed the alchemy of prayer proposes that we were actually created out of prayer the power surge that emanated out of gods first prayer not only sparked us into existence it forever established our minds as natural channels for receiving and sending his same kind of prayer this explains why today eons after creation were still wired for prayer moreover it also explains why prayers not modeled after gods primal prayer seemingly go unanswered all of this begs the question how is it that weve forgotten how to pray the way god wired us to pray how is it that the apple has fallen so far from the tree this intellectually engaging book seeks to answer these questions for you and aims to provoke a sea change in your fundamental thinking about the kind of god in which you believe as well as what true prayer really is

The Illusion of God's Presence 2016-01-12 an essential feature of religious experience across many cultures is the intuitive feeling of god s presence more than any rituals or doctrines it is this experience that anchors religious faith yet it has been largely ignored in the scientific literature on religion starting with a vivid narrative account of the life threatening hike that triggered his own mystical experience biologist john wathey takes the reader on a scientific journey to find the sources of religious feeling and the illusion of god s presence his book delves into the biological origins of this compelling feeling attributing it to innate neural circuitry that evolved to promote the mother child bond dr wathey a veteran neuroscientist argues that evolution has programmed the infant brain to expect the presence of a loving being who responds to the child s needs as the infant grows into adulthood this innate feeling is eventually transferred to the realm of religion where it is reactivated through the symbols imagery and rituals of worship the author interprets our various conceptions of god in biological terms as illusory supernormal stimuli that fill an emotional and cognitive vacuum left over from infancy these insights shed new light on some of the most vexing puzzles of religion like the popular belief in a god who is judgmental and punishing yet also unconditionally loving the extraordinary tenacity of faith the greater religiosity of women relative to men religious obsessions with sex the mysterious compulsion to pray the seemingly irrepressible feminine attributes of god even in traditionally patriarchal religions and the strange allure of cults finally dr wathey considers the hypothesis that religion evolved to foster reproductive success arguing that in an age of potentially ruinous overpopulation magical thinking has become a luxury we can no longer afford one that distracts us from urgent threats to our planet deeply researched yet elegantly written in a jargon free and accessible style this book presents a compelling interpretation of the evolutionary origins of spirituality and religion
