The Dream Oracle

2012-01-01

the mysteries of life and the best course for us to take through it are usually better understood within our sub conscious mind this title gives you the opportunity to access this wisdom directly and be sure that the advice received is nothing but the best and entirely positive

Dream Codes

2009-11-25

dream codes is a powerful little book about the purpose of dreaming it not only explains why we dream but also how to remember and interpret your dreams the author gives a few examples of things that can affect our dreaming and how when acknowledged dreams can change and improve our life the author explains why we have ghosts and how they can

affect our life and even our sleep and dreams he also includes things like spiritual energy the truth about psychics and the importance of harmony between the mind body and soul the book also includes a three hundred word dream dictionary which gives on average three examples of what each dream symbol may mean the symbols chosen are what the author feels are the most commonly dreamed about and also the ones that trouble people most the dictionary is detailed and authoritative and offers insight into the language of dreams

heated debates about and insurgencies against female circumcision are symptoms of a disease emanating from a mindset that produced hierarchies of humans conquered colonies and built empires the loss of colonies and empires does not in any way mitigate the ideological underpinnings of empire building and the knowledge construction that subtends it the mindset finds its articulation at points of coalescence female circumcision provided a point of coalescence and impetus for this articulation insisting that the hierarchy on which the imperialist project rests is not bipolar but multi layered and more complex the contributions in this volume demonstrate how imperialist discourses complicate issues of gender race and history nnaemeka gives voice to the silenced and marginalized and creates space for them to participate in knowledge construction and theory making the authors in this volume trace the travels of imperial and colonial discourses from antecedents in anthropology travel writings and missionary discourse to modern configurations in films literature and popular culture the contributors interrogate foreign or western modus operandi and interventions in the so called third world and show how the resistance they generate can impede development work and undermine the true collaboration and partnership necessary to promote a transnational feminist agenda with great clarity and in simple accessible language the contributors present complex ideas and arguments which hold significant implications for transnational feminism and development
