Coming Home to the Third Reich

2021-09-14

during the 1930s germany's industrialization rearmament and economic plans taxed the existing manpower forcing the country to explore new ways of acquiring aryan german labor eventually the third reich implemented a return migration program which used various recruitment strategies to entice germans from canada and the united states to migrate home it initially used the atlantic ocean to transport german speakers but after the outbreak of world war ii german civilians were brought from the americas to east asia and then to germany via the trans siberian railway through the soviet union germany's attack on the soviet union in june 1941 ended this overland route but some germans were moved on nazi ships from east asia to the third reich until the end of 1942 this book investigates why germans who had already established themselves in overseas countries chose to migrate back to an oppressive and authoritarian country it sheds light on some aspects of the third reich's administration goals and achievements associated with return migration while also telling the individual stories of returnees
