The Indian Trade at the Asian Frontier 2008

this volume provides rich insights into workings of the indian mind arguing that indian merchants in the medieval and the early modern period were in no way inferior to other traders and europeans in terms of their commercial operations and business acumen drawing on a wide range of sources this book throws a new light on growth and development of asian trade on sea and land unearthing new evidence from danish and russian sources

Towns and Cities of Medieval India 2016-09-13

this much anticipated volume looks at the historical evolution of towns and cities in medieval india from the early thirteenth to the late eighteenth century the selection is based on the availability of documents these include the narratives of european travellers in english french italian dutch and german with the exception of ibn battuta in mid fourteenth century and also middle bengali literature in case of towns in bengal while the coastal towns and cities have been looked at the interior ones are also described on the basis of the writings of later historians and archaeologists care has been taken to explain the rise growth and the decline of some towns and cities in which the changing courses of rivers had played a crucial role attempts have been made to search other factors responsible for such eventualities the delineation of physical features within the city has been given due emphasis including the different quarters of the city and the manners and customs of the local population with reference to craft production and commercial links the morphological differences between the cities of eastern and those of the western or northern india have also been described this is clear from the observations of port towns described here all these would show that india was one of the most urbanized area in the medieval period before advent of the british

a saint a reformer an avatar of lord krishna chaitanya mahaprabhu 1486 1533 is perceived as all these and many others in this book on chaitanya amiya p sen focuses on the discourses surrounding the mystic s life which ended rather mysteriously at the age of 48 written in a lucid manner and for a wider audience this book is a fresh attempt to historically reconstruct chaitanya s life and times in bengal and odisha as well as vrindavan the key centre of medieval vaishnavism in north india this work critically evaluates how chaitanya has been understood contemporaneously and posthumously particularly as an icon in colonial bengal addressing an important gap in scholarship which hitherto concentrated on religious and philosophical discourses sen offers a full length biographical account of nimai or gaur by drawing on a wide range of sources in english and bengali he also argues against the belief that chaitanya is the sole proponent of vaishnava bhakti in bengal choosing to situate him in the wider devotional cultures of the region
