*Capital Tax Acts 2018* 2022-12-02 this textbook analyses from an economic perspective the phenomena of public law the constitution the democratic and political process federalism ngos administration and state decisions it also examines selected fields of administrative law including finance and tax law public economic law and environmental law although the book uses examples from different legal orders it maintains a focus on continental european law as it aims to advance the law and economics approach in europe

**Economic Analysis of Public Law** 2019-01-10 in an important addition to the series this book tells the story of 20 leading revenue law cases it goes well beyond technical analysis to explore questions of philosophical depth historical context and constitutional significance the editors have assembled a stellar team of tax scholars including historians as well as lawyers practitioners as well as academics to provide a wide range of fresh perspectives on familiar and unfamiliar decisions the whole collection is prefaced by the editors extended introduction on the peculiar significance of case law in revenue matters this publication is a thought provoking and engaging showcase of tax writing that is accessible equally to specialists and non specialists

**Landmark Cases in Revenue Law** 2019-02-15 auditing is constantly and quickly changing due to the continuous evolution of information and communication technologies as the auditing process is forced to adapt to these changes issues have arisen that lead to a decrease in the auditing effectiveness and efficiency leading to a greater dissatisfaction among users more research is needed to provide effective management and mitigation of the risk associated to organizational transactions and to assign a more reliable and accurate character to the execution of business transactions and processes organizational auditing and assurance in the digital age is an essential reference source that discusses challenges identifies opportunities and presents solutions in relation to issues in auditing information systems auditing and assurance services and provides best practices for ensuring accountability accuracy and transparency featuring research on topics such as forensic auditing financial services and corporate governance this book is ideally designed for internal and external auditors assurance providers managers risk managers academicians professionals and students

**Organizational Auditing and Assurance in the Digital Age** 2019-04-30 asia and the pacific is experiencing major demographic shifts

and urbanizing rapidly e agriculture technologies remote sensing drones sensors are emerging with potentially profound implications for the entire food system and management of the natural resource base structural transformation of the economy has also changed the nature of the food security problem earlier many governments thought that producing more staple food was sufficient to improve food security however today s economy increasingly based on human capital and less on physical strength requires that policies and programmes promote healthy diets for healthy people this need for improved nutrition will require shifts in agricultural production and trade patterns solving the malnutrition problem in urban areas will also require different solutions than in rural areas due to the difference in urban and rural food environments in line with the structural transformation of the economy farm households also increasingly rely on non farm income to support their livelihoods and risk management strategies which has implications for the uptake of new technologies the demographic shifts urbanization and structural changes in the economy coupled with climate change have made the food security and nutrition problem more complex than it was in the past solutions require input from different stakeholders both public and private as well as a range of government ministries including health finance education environment trade and social welfare in addition to agriculture
