work on intellectual property ip in its global context with intelligent and insightful coverage of ip law from international and comparative perspectives this second edition has been thoroughly revised and expanded this unique textbook presents the main ip rights identifying their basic features and tracing their evolution up to the present day by reference to statutes cases and international treaties promoting a learning by doing approach to comparative contract law and comparative methodology this updated second edition of comparative contract law updates the first true student reader on the subject bringing together extracts from legislation and court practice this textbook lets students experience comparative law in action and presents a unique guide to european and international contract law sport and the law second edition is fully revised expanded and updated since its first publication in 2010 the professionalisation and commercialisation of sport has brought with it a number of legal issues sport is an industry which accounts for around three percent of the european union s eu gross domestic product gdp a number of recent scandals at international and national level have highlighted the importance of good governance and as a corollary the need for public confidence to be restored the law has a role to play however the extent of its involvement has been the subject of academic discourse sport and the law identifies the main legal concepts draws on case law and legislation from ireland and adopts a comparative methodology as it examines other jurisdictions including england and wales canada and australian unlocking the law is the groundbreaking series of textbooks with a unique approach to the study of law designed specifically to make the subject matter accessible the text includes features activities key facts charts diagrams and clear headings and sub headings to aid students in understanding the different areas within their course unlocking the law textbooks have been written specifically to ensure that readers understand fully the concepts required and are able to apply them with confidence all titles in the series follow the same format and include the same features so students can move easily from one subject to another the series covers all the core undergraduate foundation subjects required by the bar council and the law society for entry onto professional qualifications unlocking the law remains the most original and accessible textbook series available this second edition of john l esposito s landmark book expands and updates coverage of family law reforms in marriage divorce and inheritance throughout the middle east north africa and south and southeast asia and analyzes the diverse interpretation of muslim family law identifying shifts key problems and challenges in the twenty first century following its publication in 1974 grant gilmore s compact portrait of the development of american law from the eighteenth century to the mid twentieth century became a classic in this new edition the portrait is brought up to date with a new chapter by philip bobbitt that surveys the trajectory of american law since the original publication bobbitt also provides a foreword on gilmore and the celebrated lectures that inspired the ages of american law sharp opinionated and as pungent as cheddar new republic this book has the engaging qualities of good table talk among a group of sophisticated and educated friends given body by broad learning and a keen imagination and spiced with wit willard hurst this innovative and accessible text offers a straightforward and clear introduction to the law of contract suitable for use across geographical boundaries it introduces the key principles of contract law by comparing solutions from different jurisdictions and has an innovative design with text boxes colour and graphics making it a highly attractive tool for studying this revised second edition has been updated to reflect the most recent changes in the law including the french reform of the law of obligations and the new uk consumer rights act a whole new chapter on contracts and third parties has also been added welcome to the second edition of georgia education law if you want to acquire a strong working knowledge of georgia education law this is the book you need from cover to cover this book is designed to actively engage you in building a vital working knowledge of the law in practice inside you will find the most current laws concise summaries of essential legal principles useful flow charts and check lists and helpful professional practice tips all at a welcomed reader friendly price this

book is perfect as a compelling and engaging textbook and as an invaluable desktop reference for daily use in practice be sure and also read john dayton s education law principles policies and practice providing a comprehensive presentation of federal education laws as the necessary counterpart to this essential state law book chinese contract law 2nd ed contains the latest developments of contract legislation adjudication and practices in china and provides all information necessary to comprehend contemporary chinese contract law the second edition of readings in the philosophy of law is a concise anthology of key arguments in the philosophy of law organized around the ideas of law and legal reasoning limits on individual liberty responsibility and international law selections new to this edition update the anthology while continuing to present legal theory as a set of closely intertwined arguments critical race theory is addressed as are challenges to legal theory posed by the emergence of the european union the readings provide superb coverage of both classic and contemporary views and they are edited only lightly to allow readers to grapple with arguments in their original form culver s clear accessible introductions discuss key terms claims issues connections and points of conflict in each section culver takes particular care to place arguments in their historical and social context with analogies and examples emphasizing the continuing relevance of historical and contemporary arguments a third edition of this text is forthcoming in early 2017 this comprehensive book provides a detailed overview of eu internet regulation in all its key areas as well as giving a critical evaluation of eu policymaking and governance this thoroughly revised second edition includes latest developments in the case law of the court of justice it also discusses pending proposals in telecommunications copyright and privacy laws as well as the new directions in internet regulation resulting from the commission s 2015 strategy document research and real life examples that lucidly connect some of the divisive social issues confronting us today to that thing we call the law law and politics book review law and society is a rapidly growing field that turns the conventional view of law as mythical abstraction on its head kitty calavita brilliantly brings to life the ways in which law is found not only in statutes and courtrooms but in our institutions and interactions while inviting readers into conversations that introduce the field s dominant themes and most lively disagreements deftly interweaving scholarship with familiar examples calavita shows how scholars in the discipline are collectively engaged in a subversive exposé of law s public mythology while surveying prominent issues and distinctive approaches to both law as it is written and actual legal practices as well as the law s potential as a tool for social change this volume provides a view of law that is more real but just as compelling as its mythic counterpart with this second edition of invitation to law and society calavita brings up to date what is arguably the leading introduction to this exciting evolving field of inquiry and adds a new chapter on the growing law and cultural studies movement entertaining and conversational law and social inquiry this book provides a clear and concise account of the main principles of administrative law more than that it sets those principles in historical comparative and constitutional perspective does the law exist and if so what is it can we know it this book tries to answer these questions by approaching as a whole the problem of law its justification and demonstration because when facing multiple legal theories many of which are contradictory we have to ask ourselves what the true law is if it exists indeed its origin meaning and perspective we are in pursuit of something more the law and its truth this fundamental question must be scientifically solved and in such an in depth approach that only philosophy traditionally understood as knowledge by its first and principle causes obtained under the natural light of reason can give us the answer the current thesis takes up the problem of knowledge and its theories of being and truth to later contrast them with various juridical currents two different paths processes and objects to reach the same conclusion the result wasn t easy but we believe we contributed with a juridical theory with seven rules of truthfulness that from our humble point of view solves the conflict over law its essence and properties what is right what is law does a juridical science exist does a true theory of law exist or does each one of us have their own truth these were the central questions we tried to answer in the current thesis to demonstrate through reason the considerations raised here and to somehow contribute in a positive way to the growing relativism of this subject this is an expanded second edition of nicholas mercuro and steven medema s influential book economics and the law whose publication in 1998 marked the most comprehensive overview of the various schools of thought in the burgeoning field of law and economics each of these competing yet complementary traditions has both redefined the study of law and exposed the key economic implications of the legal environment the book remains true to the scope and aims of the first edition but also takes account of the field s evolution at the book s core is an expanded discussion of the chicago school public choice theory institutional law and economics and new institutional economics a new chapter explores the law and economics literature on social norms today an integral part of each of the schools of thought the chapter on the new haven and modern civic republican approaches has likewise been expanded these chapters are complemented by a discussion of the austrian school of law and economics each chapter now includes an at work section presenting applications of that particular school of thought by providing readers with a concise noncritical description of the broad contours of each school this book illuminates the fundamental insights of a field with important implications not only for economics and the law but also for political science philosophy public administration and sociology psychiatry in law law in psychiatry 2nd edition is a sweeping up to date examination of the infiltration of psychiatry into law and the growing intervention of law into psychiatry unmatched in breadth and coverage and thoroughly updated from the first edition this comprehensive text and reference is an essential resource for psychiatry residents law students and practitioners alike this is a new and substantially expanded edition of the author s russian commercial law 2001 which has become the standard resource in this area this casebook deals with the basic principles of the italian business law and focuses on certain recent and pivotal cases in which important rules governing the modern public company have been applied after a short overview of the main corporate and securities laws and regulation applicable to italian listed companies certain leading cases which triggered the application of such rules are analyzed the main interrelationships between and among the economic and legal elements are scrutinized for the purpose of highlighting the economic logic underlying corporate law in the financial markets dynamics the public company plays a vital role since it attracts the public savings coming from the investors in order to finance business plans and strategies which create growth and welfare in such a scenario financial intermediaries must act in the interest of the investors selecting among the potential issuers those who are the most attractive for their clients when companies are structurally organized to attract standardized equity or debt investments by issuing listed shares bonds or other financial instruments their operational and governance rules change in order to safeguard the public savings coming from the investors in the end what makes this branch of law so interesting to students practitioners and scholars alike is the open textured relationship between corporate law and securities regulation which plays a crucial role in such context the cases selected in the second part of this book deal with significant topics in the italian market practice and are briefly commented making reference to an updated set of laws and references therefore this book can be used also with a focus on comparative legal systems for corporations taught in italy or abroad international and foreign legal research a coursebook second edition by hoffman and rumsey now in a second edition is designed for classes in foreign and international legal research topics covered in the book range from treaty research to chapters on particular subjects of international law coverage also includes chapters on researching foreign and comparative law as well as major international organizations including the un and the eu lexisnexis questions and answers business law by anne ardagh contains questions and problems on a number of topics commonly taught in business or commercial law areas covered include introduction to law law making the common law and the doctrine of judicial precedent the court system settlement of disputes and contract law from formation through to discharge and remedies for breach

additional topics are agent and principal business organisations and business fiduciary relationships insolvency the law of torts and negotiable instruments the text is designed to help students grasp the techniques for analysing and writing assignment questions and problems that are frequently used in tutorials course assessment and examinations each chapter provides an overview of key issues followed by a variety of questions and problems that assist students to apply their knowledge revise important areas and identify weaknesses in understanding suggested answer plans and comments from an examiner are given overall the book gives students the ability to master business law concepts and overcome common difficulties in answering problems and preparing for exams lexisnexis questions and answers business law also provides teachers of business law with many practice questions for their students previous edition 1st published in 1998 written by a team of leading specialists in this area commercial law is an essential guide to the legislation and case law relating to both domestic and international commercial transactions offering a scholarly yet highly readable account of key commercial and consumer law principles it also highlights the commercial and socio economic context underpinning the law in this area this is the author s 2nd edition for grotius father of international law a series of lectures prepared for cape r law students in grenada the text forms part of a series of books prepared from a compilation of lectures written by justice don mitchel ret and jasmin redhead it is primarily for use by students in grenada who are undertaking advanced law studies in preparation for the cape r examinations all lectures are prepared in accordance with the current cape r syllabus for law in this series law of tort law of contract law of real property this fully revised and updated edition of international investment law remains a complete and concise guide to the law of international investment protection and continues to approach the subject with an easy to follow broad and balanced text new to this edition updates to include numerous new cases completely reworked sections on standards of treatment new q a section to capture practitioner views key features balance of cases and explanatory comment familiarises students with reading opinions and enables them to grasp the core concepts at stake concise suitable for one semester course for non specialists or as a first text for students who will take further specialised courses in the area excerpts from the most influential arbitration decisions outline differing interpretations and ensure students don t learn in a theoretical vacuum questions throughout encourage readers to come to their own opinions the worlds of today and tomorrow rely upon open networks connecting distant participants exchanging personal and commercial information bringing some certainty to this very dynamic environment are the legal foundations supporting the free flow of information over the internet new lawyers lawyers new to information and internet law lawyers updating their knowledge on the latest statutes and cases and lawyers desiring a u s eu comparative legal perspective are among the audiences for this single resource on information and internet law this book used at law schools in the u s and europe is current to july 2020 and serves as volume 1 of a two volume set it provides insight by looking at current statutes regulations and directives in the united states and europe it discusses and identifies issues raised by the latest u s and eu cases on protection of information and use of the internet starting with a risk and standards based approach to this area of law the areas of information law addressed are privacy information security and data protection law unlawful data disclosures through cybercrime and data breach and lawful data disclosures related to messaging and surveillance the areas of internet law addressed are access jurisdiction speech intermediary liability intellectual property and e commerce through electronic and website agreements bringing a unique perspective to explain a complex topic the author has written numerous books on legal privacy and technology and legal history lectures and writes extensively on the latest developments in technology law and has long lived and worked in both of these jurisdictions this book is the result of those many years of experience and insight
