## **An Introduction to Property Theory**

2012-04-09

in its essence land law has to provide answers to two very difficult questions who is entitled to use land and how they are entitled to use it land law is therefore inherently difficult but not impossibly so it consists of an ordered and logical system which aims to take the sting out of fierce disputes this new introductory textbook reveals the system and also shows how it is possible to understand and criticize land law the book is written in a student friendly style and in both its pages and companion web site makes use of helpful visual aids the book places land law firmly within the wider context of property law the introduction discusses a basic tension which runs throughout property law and it shows how that tension is heightened where land is involved the second part shows the response to this basic tension setting out a basic structure which applies throughout property law while noting how the special nature of land leads to the special features of land law the third part of the book applies the basic structure to the individual topics making up land law courses using the structure to reveal the conceptual coherence which lies behind the technical terms the book is ideal reading for undergraduate law students seeking a rock solid understanding of how land law works

## **Land Law Revision Pack 2015**

2015-12

the area of law that controls the various types of ownership in personal property and real estate is known as property law property indicates the legally protected claims to resources like land personal property and intellectual property it can be exchanged through contract law if the laws of property are violated one can sue under tort law in order to protect it the concept idea and philosophy of property form the basis of property law there are two views on property rights these views are the traditional view and the bundle of rights view the traditional view believes that there is a core and inherent meaning in the concept of property the bundle of rights view believes that the owner of the property only has bundle of permissible uses over the property this book unfolds the innovative aspects of property law which will be crucial for the progress of this field in the future it provides significant information of this discipline to help develop a good understanding of the property law and related fields the topics covered in this book offer the readers new insights in the field of property law
