when a man speaks words against or in favor of another man whether he knows it or not he is speaking those very same words against or in favor of himself the bible tells us to do unto others the things that we would want done unto us or in our behalf well that is the very same principle that god set down with words what we say to others should be what we would want said to us and whether we want them to or not they will come to pass in our lives there is a law of nature that says that when you plant a seed you will in time reap a harvest just so when you speak a word since your word is a seed you will reap a harvest given the right amount of time you will reap what you sow jesus said that if you had faith and you wanted that faith to grow plant it and it will grow jesus gave you seeds for whatever you need they are called words but you decide are your words going to be good or bad either way they will grow and you will reap what you sow

in today's social media saturated world the word influence conjures up images of beautifully curated instagram feeds or women who lead from the stage and have thousands of followers it's measured by the number of likes and shares and how well we can get people to imitate us influence has almost become synonymous with fame and power and if we're honest many of us long to have it but in its purest form influence is simply the capacity to affect change on someone it is the ability to impact others for a certain purpose and from a biblical perspective influence is the right and responsibility of everyone who follows christ courageous influence will guide you in the journey of living the impact you were made to have through this six session study let's turn the world's idea of influence on its head and become the courageous women of influence god calls us to be

the apostle peter warned us that in the last days before the end times there would be a new philosophy that would deny that there ever was a worldwide flood they would deny that god created the world the existence of god and the coming end time judgment by fire today we see this taking place exactly as peter had predicted this book provides proof of a biblical worldwide flood and backs it up with geological data the information in this book offers evidence of creation by an omnipotent god and a global flood as god's judgment of a sinful world it provides evidence as to what the earth was like before the flood it was a world which after creation god had declared very good even after the fall of man it was still paradise compared with the world we know today the effects of catastrophic worldwide flood changed this planet drastically this book also offers extensive proof that disproves the theory of evolution new scientific discoveries are showing that evolution is impossible also contained in this book is considerable scientific evidence showing that the earth is only a few thousand years old this book may go against much of the popular scientific views of today but it does so with the evidence to back it the bible gave us the history as well as the future of this world the scientific and geological data that is available today fits well within that biblical framework in fact it fits within the biblical framework much better than any theories the evolutionary community has come up with as this book will show

a groundbreaking interpretation of prayer quantum science and prophecy only one document was discovered completely intact among the 25 000 fragments of papyrus parchment and hammered copper known as the dead sea scrolls the great isaiah scroll nearly one thousand years older than existing copies of the old testament's book of isaiah the twenty two foot long parchment was still rolled and sealed in its original earthen vase when it was discovered in 1946 the completeness of the isaiah scroll offers unprecedented insight into the power of an ancient

mystery a lost mode of prayer that modern science is just beginning to understand displayed today in jerusalem s shrine of the book museum the great isaiah scroll is believed to be so precious by modern scholars that it s withdrawn into a vault beneath the building s floor in the event of a natural or man made disaster in the isaiah effect the dazzling new work from the author of awakening to zero point and walking between the worlds scientist and visionary gregg braden offers a radical departure from traditional interpretations of isaiah s text weaving state of the art research with his extensive knowledge of the ancient essenes the creators of the scroll texts braden invites us on a journey where science and miracles are merged into a new wisdom and lead to a startling conclusion he suggests that isaiah the first old testament prophet left precise instructions to the people of the future describing an unconventional mode of prayer using principles recognized only recently in quantum physics braden demonstrates how isaiah s nonreligious nondenominational form of prayer transcends time and distance to bring healing to our bodies and peace to the nations of our modern world

sticks and stones will break my bones but names will never hurt me this lie has been taught to children for years we claim it strengthens them allows them to let the harsh words of other children roll off their backs but the truth is that words have power power to encourage power to heal but also power to intimidate power to scourge and power to wound how are you using the power of words what we say has both spiritual and physical implications revelation 21 8 tells us that liars have their place in the lake of fire and we all have seen the devastation wreaked by rumors on innocent reputations yet with the same intensity kind words can soothe a broken spirit and restore shattered relationships your words also say a lot about you jesus said for out of the overflow of the heart the mouth speaks matthew 12 34 if our hearts are not in tune with god neither will be our words in the weight of your words joseph stowell shares the truth about the tongue straight from the bible god s word to his people he challenges us to not allow our mouths to be controlled by our anger or our circumstances but rather to be controlled by the holy spirit and his work in our lives take inventory of your words and your heart attitude with joseph stowell in the weight of your words
