providing tools to enhance treatment of any clinical problem this book shows how integrating motivational interviewing mi and cognitive behavioral therapy cbt can lead to better client outcomes than using either approach on its own the authors demonstrate that mi strategies are ideally suited to boost client motivation and strengthen the therapeutic relationship whether used as a pretreatment intervention or throughout the course of cbt user friendly features include extensive sample dialogues learning exercises for practitioners and 35 reproducible client handouts purchasers get access to a page where they can download and print the reproducible materials in a convenient 8 1/2 x 11 size this book is in the applications of motivational interviewing series edited by stephen rollnick william r miller and theresa b moyers

Commercial Library Publications List 1991

conventional wisdom holds that the us army in vietnam thrust into an unconventional war where occupying terrain was a meaningless measure of success depended on body counts as its sole measure of military progress in no sure victory army officer and historian gregory daddis looks far deeper into the army s techniques for measuring military success and presents a much more complicated and disturbing account of the american misadventure in indochina daddis shows how the us army which confronted an unfamiliar enemy and an even more unfamiliar form of warfare adopted a massive and eventually unmanageable system of measurements and formulas to track the progress of military operations that ranged from pacification efforts to search and destroy missions the army s monthly measurement of progress reports covered innumerable aspects of the fighting in vietnam force ratios vietcong north vietnamese army incidents tactical air sorties weapons losses security of base areas and roads population control area control and hamlet defenses concentrating more on data collection and less on data analysis these indiscriminate attempts to gauge success may actually have hindered the army s ability to evaluate the true outcome of the fight at hand a roadblock that daddis believes significantly contributed to the many failures that american forces suffered in vietnam filled with incisive analysis and rich historical detail no sure victory is not only a valuable case study in unconventional warfare but a cautionary tale that offers important perspectives on how to measure performance in current and future armed conflict given america s ongoing counterinsurgency efforts in iraq and afghanistan no sure victory provides valuable historical perspective on how to measure and mismeasure military success

The Publishers' Trade List Annual 1882

the increase in the number of countries that have abolished the death penalty since the end of the second world war shows a steady trend towards worldwide abolition of capital punishment this book focuses on the political and legal issues raised by the death penalty in countries in transition understood as countries that have transitioned or are transitioning from conflict to peace or from authoritarianism to democracy in such countries the politics that surround retaining or abolishing the death penalty are embedded in complex state building processes in this context madoka futamura and nadia bernaz bring together the work of leading researchers of international law human rights transitional justice and international politics in order to explore the social political and legal factors that shape decisions on the death penalty whether this leads to its abolition reinstatement or perpetuation covering a diverse range of transitional processes in asia africa latin america europe and the middle east the politics of the death penalty in countries in transition offers a broad evaluation of countries whose death penalty policies have rarely been studied the book would be useful to human rights researchers and international lawyers in demonstrating how transition and transformation provide the catalyst for several of interrelated developments of which one is the reduction and elimination of capital punishment

Catalogue of the Public Documents of the ... Congress and of All Departments of the Government of the United States for the Period from ... to ... 1929

comprehensive and practical pavement asset management provides an essential resource for educators students and those in public agencies and consultancies who are directly responsible for managing road and airport pavements the book is comprehensive in the integration of activities that go into having safe and cost effective pavements using the best

technologies and management processes available this is accomplished in seven major parts and 42 component chapters ranging from the evolution of pavement management to date requirements to determining needs and priority programming of rehabilitation and maintenance followed by structural design and economic analysis implementation of pavement management systems basic features of working systems and finally by a part on looking ahead the most current methodologies and practical applications of managing pavements are described in this one of a kind book real world up to date examples are provided as well as an extensive list of references for each part

No Sure Victory 2011-06-01

A Description and List of the Lighthouses of the World, 1887 1887

from its inception in the early 1900s the united church of canada set out to become the national church of canada this book recounts and analyzes the history of the church of canada s largest protestant denomination and its engagement with issues of social and private morality evangelistic campaigns and its response to the restructuring of religion in the 1960s a chronological history is followed by chapters on the united church s worship theology understanding of ministry relationships with the canadian jewish community israel and palestinians changing mission goals in relation to first nations peoples and changing social imaginary the result is an original accessible and engaging account of the united church of canada s pilgrimage that will be useful for students historians and general readers from this account there emerges a complex portrait of the united church as a distinctly canadian protestant church shaped by both its christian faith and its engagement with the changing society of which it is a part

Truth 1879

save hours of time consuming paperwork the addiction progress notes planner fifth edition provides prewritten session and patient presentation descriptions for each behavioral problem in the addiction treatment planner fifth edition the prewritten progress notes can be easily and quickly adapted to fit a particular client need or treatment situation saves you hours of time consuming paperwork yet offers the freedom to develop customized progress notes organized around 44 behaviorally based presenting problems including depression gambling nicotine abuse dependence chronic pain and eating disorders features over 1 000

prewritten progress notes summarizing patient presentation themes of session and treatment delivered provides an array of treatment approaches that correspond with the behavioral problems and dsm 5 diagnostic categories in the addiction treatment planner fifth edition offers sample progress notes that conform to the latest asam guidelines and meet the requirements of most third party payors and accrediting agencies including carf tjc coa and the ncqa incorporates new progress notes language consistent with evidence based treatment interventions

The Illustrated London News 1869

soft law increasingly shapes and impacts the content of international law in multiple ways from being a first step in a norm making process to providing detailed rules and technical standards required for the interpretation and the implementation of treaties this is especially true in the area of human rights while relatively few human rights treaties have been adopted at the un level in the last two decades the number of declarations resolutions conclusions and principles has grown significantly in some areas soft law has come to fill a void in the absence of treaty law exerting a degree of normative force exceeding its non binding character in others areas soft law has become a battleground for interpretative struggles to expand and limit human rights protection in the context of existing regimes despite these developments little attention has been paid to soft law within human rights legal scholarship building on a thorough analysis of relevant case studies this volume systematically explores the roles of soft law in both established and emerging human rights regimes the book argues that a better understanding of how soft law shapes and affects different branches of international human rights law not only provides a more dynamic picture of the current state of international human rights but also helps to unsettle and critically question certain political and doctrinal beliefs following introductory chapters that lay out the general conceptual framework the book is divided in two parts the first part focuses on cases that examine the role of soft law within human rights regimes where there are established hard law standards its progressive and regressive effects and the role that different actors play in the incubation process the second part focuses on the role of soft law in emerging areas of international law where there is no substantial treaty codification of norms these chapters examine the relationship between soft and hard law the role of different actors in formulating new soft law and the potential for eventual codification

The United States Department of Commerce Publications, Catalog and Index Supplement 1973

this work is a unique collection of valuable statistical information about project apollo it includes a chapter about 20 pages each for apollo 1 through apollo 17 there are several data tables for each mission plus a 50 page section with additional statistics and tables that merge data for each mission so you can easily make comparisons tables include launch and ascent data fuel consumption stage impact locations very detailed mission timelines and much more

Code of Federal Regulations 1950

improving the measurement of symptoms of emotional disorders has been an important goal

of mental health research in direct response to this need the expanded version of the inventory of depression and anxiety symptoms idas ii was developed to assess symptom dimensions underlying psychological disorders unlike other scales that serve as screening instruments used for diagnostic purposes the idas ii is not closely tethered to the diagnostic and statistical manual of mental disorders dsm rather its scales cut across dsm boundaries to examine psychopathology in a dimensional rather than a categorical way developed by authors david watson and michael o hara the idas ii has broad implications for our understanding of psychopathology understanding the emotional disorders is the first manual for how to use the idas ii and examines important replicable symptom dimensions contained within five adjacent diagnostic classes in the dsm 5 depressive disorders bipolar and related disorders anxiety disorders obsessive compulsive and related disorders and trauma and stressor related disorders it reviews problems and limitations associated with traditional diagnosis based approaches to studying psychopathology and establishes the theoretical and clinical value of analyzing specific types of symptoms within the emotional disorders it demonstrates that several of these disorders contain multiple symptom dimensions that clearly can be differentiated from one another moreover these symptom dimensions are highly robust and generalizable and can be identified in multiple types of data including self ratings semi structured interviews and clinicians ratings furthermore individual symptom dimensions often have strikingly different correlates such as varying levels of criterion validity incremental predictive power and diagnostic specificity consequently it is more informative to examine these specific types of symptoms rather than the broader disorders the book concludes with the development of a more comprehensive symptom based model that subsumes various forms of psychopathology including sleep disturbances eating and weight related problems personality pathology psychosis thought disorder and hypochondriasis beyond the emotional disorders
