Security Awareness in the 1980s 1989 in a library circulation is
the process of lending books to borrowers and accurately
reshelving them after they have been returned so that they will be
retrievable by the next user this basic cycle has many
elaborations and sub cycles attached to it such as those for
overdues and holds the record keeping process and the reserve
book operation these sub cycles vary from library to library but
the basic cycle remains the same in every library that allows
patrons to remove books connie battaile provides a detailed
volume written for those new to the circulation department of
small academic libraries the author presents not the definitive
way to run a circulation department but rather she provides a
variety of possible methods because the circulation department is
the main public contact point many library housekeeping chores
are assigned to it again these additional responsibilities vary from
library to library but the author provides various procedures the
physical environment of the department and the stacks the staff
effective communications and scheduling are covered in full detail
