India 2017-05-18 the natural history of bees directions for obtaining the greatest amount of pure surplus honey with the least possible expense remedies for losses given and the science of luck fully illustrated the result of more than thirty years experience in extensive apiaries

How To Raise Backyard Chickens For Eggs And Meat Or, Keeping Poultry As Pets Discover 10 Quick Tips On Raising Hens And 20 Fun Facts About Chickens

1999 this book argues for the value and application of psychoanalytic thinking beyond as well as within the consulting room inspired by a scottish psychoanalytic tradition that owes much to w r d fairbairn and j d sutherland the scottish institute of human relations has provided a valuable reference point for the work described in the book it illustrates how the coming together of human beings into a shared space fosters opportunities to create loving collaborative relationships in which to work and from which to grow the book's first section explores how psychoanalytic thinking developed in scotland while section two focuses on work with children families and couples showing how psychoanalytic perspectives can be used to strengthen capacities for loving relationships the chapters in section three show how psychoanalysis can be applied in such varied settings as psycho social research education institutional development and organisational consultancy the fourth section pursues this theme further considering the potential of psychoanalytic concepts to enhance work in religious ministry in medical and psychiatric services and in understanding the processes of ageing

Design for Health 1999 this timely book addresses what it is to be a planner in a changing world a world in need of transformation in the way planning is done in order to tackle social problems and ecological crises nicholas low argues for the need to revalue public planning sensitive to the social context in which it takes place

The Voice Book 2011-02-01 interrogating supply demand from an inter and multi disciplinary perspective this collection broadens engagement beyond the routine analysis of the locus of violence in prostitution and the validity of the prostitute's consent a focus on the supply demand dynamic brings into play a range of other societal economic and psychological factors such as the social construction of sexuality the viability of alternative choices for prostitutes and clients and the impact of regulatory regimes on the provision of sexual services the factors which underlie each component of the supply demand dyad are also studied and an examination is made of their dynamic interrelation the collection emphasizes the importance of rendering policy makers alert to the evidence emerging from empirical studies conducted in different fields of enquiry in the hope of moving beyond polarity and politics at the local national and international level
