for me i have learned 3 major lessons one is about feeling unconditional love the second is about understanding myself and the third lesson is about shifting my paradigm to have a fresh perspective about understanding the meaning of life and how others affect my life i never knew that i would ever feel love within myself the way i do i now understand that love is just about physical intimacy and sexual satisfaction you can get those anywhere but feel a soul connection somewhere else

beautiful feeling that frees your soul feeling unconditional love within yourself heals you and liberates you from your fears i believe that when you win the battle of accepting yourself forgiving yourself and letting the guilt of being human go you win happiness because no matter what situations you find yourself in whether good or bad you feel free to experience them secondly you must understand that you are human and the twin flame journey teaches you to accept yourself i was truly a runner i was running from my twin flame because i was afraid of feeling vulnerable and his love for me open me up to him i felt very uncomfortable feeling exposed and i did not know that it was a twin flame connection even after three years of meeting him i still get moments of doubt and disbelief that i deserve to feel this immense love for him sometimes i tell myself this is just an obsession but no matter how much i doubt the twin flame connection i cannot stop feeling the love feelings for him also i now fully accept my journey because i see my transformations i have been through a lot of changes since i met my twin flame and i smile every time i look at myself in the mirror because i feel so blessed to have met him and gone through all my experiences life will never be perfect and i have learned to embrace change and also find happiness and meaning in everything i do the twin flame journey teaches you to learn to forgive others and yourself as well i surrender to unconditional love
