a practical guide for all those living or preparing to live in a step family drawing on real life examples the authors both step parents themselves help parents to explore key issues and to find the way forward that is best for them questions addressed include will i make a good step parent what if we disagree over parenting styles my past experiences of family life aren't good can i really make it work this time round what about money issues and where are we going to live how will the other children feel if we have a new baby this book is designed to be used in tandem with real life heroes a life storybook for children haworth a workbook that helps children develop the self esteem they need to overcome the worries and fears of their past through a creative arts approach that fosters affect management skills positive values a sense of pride and a safe nurturing relationship with a caring committed adult jacket includes french language titles published by predominantly french language publishers 1967 72 includes french language titles published by predominantly english language publishers 1973 74 containing more than 48000 titles of which approximately 4000 have a 2001 imprint the author and title index is extensively cross referenced it offers a complete directory of canadian publishers available listing the names and isbn prefixes as well as the street e mail and web addresses the sociology of healthcare second edition explores the impact of current social changes on health illness and healthcare and provides an overview of the fundamental concerns in these areas this new edition features a brand new chapter entitled end of life which will help health and social care workers to respond with confidence to one of the most difficult and challenging areas of care the end of life chapter includes information on changing attitudes to death theories of death and dying and palliative care all chapters have been thoroughly updated to address diversity issues such as gender ethnicity and disability in addition expanded and updated chapters include childhood and adolescence and health inequalities the text is further enhanced through the use of case studies that relate theory to professional practice and discussion questions to aid understanding links to websites direct the reader to further information on health social wellbeing and government policies this book is essential reading for all students of healthcare including nursing medicine midwifery and health studies and for those studying healthcare as part of sociology social care and social policy degrees in an age when health policy follows an individualist model of personal responsibility this book by alan clarke demonstrates with a vast array of evidence just how much there is such a thing as society an excellent overall book dr stephen cowden senior lecturer in social work coventry university the word welsh witchcraft and america by rhuddlwm gawr taliesin enion vawr merridden gawr introduction by sarah llewellyn book three of the quest trilogy many avid readers have awaited publication of the word part three of the quest trilogy this is the most comprehensive book ever published on the practice of welsh witchcraft and is one of the few books that teaches the basic spirituality of the craft it discloses why and how welsh witchcraft began it reveals the religious practices and explains the mysteries of the magical rituals it demonstrates initiation and guides the reader through that ritual as well as the arcane teachings the word establishes the claim that welsh witchcraft is a remnant of the ancient religion of hyperborea and atlantis the book draws together writers from different backgrounds and interdisciplinary interests and research methodologies as a consequence the book provides a model of the way researchers can work together to illuminate an area and to provide multiple representations and interpretations of that area moreover the book demonstrates interdisciplinary transdisciplinary and intradisciplinary approaches and collaborations kathleen andereck ph d arizona state university west sue beeton ph d la trobe university heather e bowen ph d george mason university kelly s comprehensive in scope and rich in detail this book explores language planning language education and language policy for diverse native american peoples across time space and place based on long term collaborative and ethnographic work with native american communities and schools the book examines the imposition of colonial language policies against the fluorescence of contemporary community driven efforts to revitalize threatened mother tongues here readers will meet those who are on the frontlines of native american language revitalization every day as their efforts show even languages whose last native speaker is gone can be reclaimed through family community and school based language planning offering a critical theory view of language policy and emphasizing indigenous sovereignties and the perspectives of revitalizers themselves the book shows how language regeneration is undertaken in social practice the role of youth in language reclamation the challenges posed by dominant language policies and the prospects for indigenous language and culture continuance current revitalization efforts hold at a time when evidence is everything the comprehensive handbook of evidence based psychotherapies handbook provides a unique up to date overview of the current evidence base for psychological therapies and major psychological disorders the editors take a pluralistic approach covering cognitive and behavioural therapies as well as counselling and humanistic approaches internationally renowned expert contributors guide readers through the latest research taking a critical overview of each practice's strengths and weaknesses a final chapter provides an overview for the future each person confined in jails prisons and juvenile detention facilities must be afforded unimpeded access to needed health care such persons without risk of interference

or fear of reprisal should be able to alert health care staff of a medical need obtain a timely professional evaluation of that need and receive treatment in the manner prescribed by a competent provider simply stated no correctional officer should ever prevent impede or inhibit anyone from alerting a health care provider of a perceived need for health services even though the officer may believe the request is trivial fictitious or undeserved this book focuses on access to health care services by special populations in correctional institutions women youths elderly persons with dementia and the terminally ill which includes important information on privatization in corrections the following topics are featured the context principles balance and implications of correctional health care including the recent detention of immigrants in the united states the unimpeded access to care enhancements stress reductions health literacy culture ethnicity religion intake health screening medical clearance for transfer or release medications and clinical appointments emergency care services special settings copayments and budgeting for health care services privatization contracts evaluating bids monitoring the contract and minimizing adverse risks special health concerns of incarcerated women communicable disease pregnancy related concerns aging frailty osteoporosis mental health cosmetic concerns health education and job assignments youth in corrections hygiene exercise gender specific needs of young women informed consent supervision of vulnerable youth substance abuse treatment and the community connection special health needs and humane care and alternative care of the aging the prevalence person centered care elements of care environment restraints visits and the ethics of incarcerating persons with dementia the book concludes with end of life care in prison hospice palliative care and compassionate release it will serve as an invaluable tool for correctional officers health care providers justice and legal professionals social workers mental health professionals and counselors publisher description psychology focusing on processes that occur inside the individual and sociology focusing on social collectives and social institutions come together in social psychology to explore the interface between the two fields the core concerns of social psychology include the impact of one individual on another the impact of a group on its individual members the impact of individuals on the groups in which they participate the impact of one group on another this book is a successor to social psychology social perspectives and sociological perspectives in social psychology the current text expands on previous handbooks in social psychology by including recent developments in theory and research and comprehensive coverage of significant theoretical perspectives includes entries for maps and atlases
