this book examines the role of institutions in china s recent large scale economic social and political transformation unlike existing literature it offers perspectives from a variety of disciplines including law economics politics international relations and communication studies to consider whether institutions form evolve and change differently according to their historical or cultural environments and if their utilitarian functions can and should be observed identified and measured in different ways

Regulatory Program of the United States Government *1987*

the papers in this volume cover a wide range topics related to theme of the conference titled as current debates in social sciences and reflect the different perspectives of economics the studies are mainly about economics and econometrics and can be classified under the sections of political economy globalisation international economics and foreign trade and lastly economic growth and development economics both empirical and theoretical papers are presented in this volume in order to discuss and analyze current debates on economics we believe that these papers would contribute to the researchers experts and academicians in a way to improve their interests and field of study

Energy Research Abstracts *1979*

although state executive branch reorganization has been surrounded by controversy and expense for more than sixty years and has been occurring at an unprecedented rate during the last thirteen much of our knowledge of it has been anecdotal fragmentary conceptually imprecise and untested asserts dr garnett his book contributes conceptual and empirical order to the study of reorganization by analyzing competing and complementary models evaluating research methodologies stating hypotheses and testing those hypotheses with data drawn from more than 150 of the state reorganizations that have taken place in this century dr garnett addresses three basic questions why do state reorganizations occur how are they conducted what forms do the reorganized executive branches take his specific action guidelines for governors and other state officials agenda for further research and extensive bibliography will be particularly useful

Resources in Education *1980-10*

attitudes towards the council tax are influenced by views as to its fairness with one of the concerns being that it does not take sufficient account of a household s income council tax relief enables the liability of some households to be reduced although it is not a benefit it is called a benefit and in many ways operates like a benefit people only receive it if they make a claim and as a result there is an estimates 1 8 billion unclaimed each year the committee believe that there are two main weaknesses in the operation of the current system firstly the rules of eligibility are too tightly drawn to adequately reduce the burden to those in greatest need secondly the take up is low they call on the government to take urgent actions to tackle these problems
