Alchimia indiana. Rasayana. Arte della lunga vita 1998 theophrastus was aristotle's pupil and second head of the peripatetic school apart from two botanical works a collection of character sketches and several scientific opuscula his works survive only through quotations and reports in secondary sources recently these quotations and reports have been collected and published thereby making the thought of theophrastus accessible to a wide audience the present volume contains seventeen responses to this material there are chapters dealing with theophrastus' views on logic physics biology ethics politics rhetoric and music as well as the life of theophrastus together these writings throw considerable light on fundamental questions concerning the development and importance of the peripatos in the early hellenistic period the authors consider whether theophrastus was a systematic thinker who imposed coherence and consistency on a growing body of knowledge or a problem-oriented thinker who foreshadowed the dissolution of peripatetic thought into various loosely connected disciplines of special interest are those essays which deal with theophrastus' intellectual position in relation to the lively philosophic scene occupied by such contemporaries as zeno the founder of the stoa and epicurus the founder of the garden as well as xenocrates and polemon of the academy and theophrastus' fellow peripatetics eudemus and strato the contributors to the volume are suzanne amigues antonio battezzatore tiziano dorandi woldemar gorier john glucker hans gottschalk frans de haas andre laks anthony long jorgen mejer mario mignucci trevor saunders dirk schenkeveld david sedley robert sharples c m j sicking and richard sorabji the rutgers university studies in classical humanities series is a forum for seminal thinking in the field of philosophy and this volume is no exception theophrastus is a landmark achievement in intellectual thought philosophers historians and classicists will all find this work to be enlightening

ENCICLOPEDIA ECONOMICA ACCOMODATA ALL' INTELLIGENZA 1860 archeologica data wants to reach an italian and international audience of scholars professionals students and more generally early career archaeologists and it accepts contributions written both in italian and english archeologica data proposes to indissolubly associate data and interpretation it embraces that global idea of archaeological data that integrates all the discipline's declinations without any thematic or chronological constraints data is at the centre and around lies everything that can stem from it interpretations hypotheses reconstructions applications theoretical and methodological reflections critical ideas constructive discussions

Concordance of the Divina Commedia 1888 demetrius of phalerum c. 355-280 bce of phalerum was a philosopher statesman he studied in the peripatos under theophrastus and subsequently used his political influence to help his teacher acquire property for the peripatetic school as overseer of athens his governance was

characterized by a decade of domestic peace exiled to alexandria in egypt he became the adviser of ptolemy he is said to have been in charge of legislation and it is likely that he influenced the founding of the museum and the library this edition of the fragments of demetrius of phalerum reflects the growing interest in the hellenistic period and the philosophical schools of that age as a philosopher statesman demetrius appears to have combined theory and practice for example in the work on behalf of the politeia he almost certainly explained his own legislation and governance by appealing to the aristotelian notion of politeia that is a constitution in which democratic and oligarchic elements are combined in on peace he may have defended his subservience to macedon by appealing to aristotle who repeatedly recognized the importance of peace over war and in on fortune he will have followed theophrastus emphasizing the way fortune can determine the success or failure of sound policy whatever the case concerning any one title we can well understand why cicero regarded demetrius as a unique individual the educated statesman who was able to bring learning out of the shadows of erudition into the light of political conflict and that despite an oratorical style more suited to the shadows of the peripatos then to political combat the new edition of secondary reports by stork van ophuysen and dorandi brings together the evidence for these and other judgments the facing translation which accompanies the greek and latin texts opens up the material to readers who lack the ancient languages and the accompanying essays introduce us to important issues the volume will be of interest to those interested in greek literature hellenistic philosophy hellenistic history and generally to persons captivated by the notion of philosopher statesman

Tax-exempt Foundations and Charitable Trusts 1969 50 storie incredibili 50 racconti per fissare momenti che la memoria non potrà cancellare quando i rally erano davvero i rally accadevano cose spesso sopra le righe e ripassarle fa bene perché sembrano delle favole romanzate quando invece erano soltanto la regola basta leggerne una per sera e la notte si sognerà a far sognare sono certo le storie i racconti ma anche i protagonisti da andruet a bettega da cerrato a mikkola da pinto a fassina passando attraverso trombotto verini pregliasco barbasio e ballestrieri tutta gente che per davvero ha scritto la storia del rally il tutto raccontato da un grande professionista del settore quale carlo cavicchi

Commedia Di Dante Alighieri 1870 the ever growing interest in the analysis of materiality has found its expression in many studies of objects and objecthood of things and thingness combining cultural phenomenological semiotic and philosophical approaches this collection of eleven essays proposes a journey into the silent life of things into those aspects of materiality that are not immediately visible and require both increased attention and a sense of intuition it focuses on the subtle changes that materiality operates upon our subjectivity and upon our status as producers users possessors negotiators and manipulators of objects and analyses the ways in which materiality is constantly redefined by consumerism and the strategies it adopts in order to resist commodification in the process the collection explores different ways of deciphering what materiality in its reliable concreteness or its magical materialism tries to tell us all the silent stories that things accumulate while circulating among people societies and cultures the narratives they weave when amassed collected archived or transformed into cultural commodities the secrets they reveal when witnessing the gradual commodification of their owners of their bodies lives and souls the silent life of things representing and reading commodified objecthood establishes a new paradigm for reading and interpreting commodified materiality and its participation in the establishment of a new aesthetics of consumerism

Theophrastus 2020-12-17 franciscans and the elixir of life makes new connections between alchemy ritual life apocalypticism and the particular commitment of the franciscan order to the natural world

ArcheoLogica Data, 1, 2021 2021-05 this volume is an exploration of the innovative ways in which three generations of women writers in modern italy have dealt with history both as narration of events and the events themselves the essays challenge traditional historiography and foster a rereading of history based on the tenets of feminist historicism they also claim a central role for fiction in the construction of women s history and in a rereading of italian history

Demetrius of Phalerum 2018-02-06 a look at the history of censorship science and magic from the middle ages to the post reformation era neil tarrant challenges conventional thinking by looking at the longer history of censorship considering a five hundred year continuity of goals and methods stretching from the late eleventh century to well into the sixteenth unlike earlier studies defining nature s limits engages the history of both learned and popular magic tarrant explains how the church developed a program that sought to codify what was proper belief through confession inquisition and punishment and prosecuted what they considered superstition or heresy that stretched beyond the boundaries of religion these efforts were continued by the roman inquisition established in 1542 although it was designed primarily to combat protestantism from the outset the new institution investigated both practitioners of illicit magic and inquiries into natural philosophy delegitimizing certain

practices and thus shaping the development of early modern science describing the dynamics of censorship that continued well into the post reformation era defining nature's limits is revisionist history that will interest scholars of the history science the history of magic and the history of the church alike

Conflitto e democrazia in Europa, 1650-2000: 2019-05-16 bringing together new writing by some of the field's most compelling voices from the united states and europe this is the first book to examine italy as a territory of both matter and imagination through the lens of the environmental humanities the contributors offer a wide spectrum of approaches including ecocriticism film studies environmental history and sociology eco art and animal and landscape studies to move past cliché and reimagine italy as a hybrid plural eloquent place among the topics investigated are post seismic rubble and the stratifying geosocial layers of the anthropocene the landscape connections in the work of writers such as calvino and buzzati the contaminated fields of the ecomafia's trafficking slow food's gastronomy of liberation poetic birds and historic forests resident parasites and nonhuman creatures at a time when the tension between the local and the global requires that we reconsider our multiple roots and porous place identities italy and the environmental humanities builds a creative critical discourse and offers a series of new voices that will enrich not just nationally oriented discussions but the entire debate on environmental culture contributors marco armiero royal institute of technology at stockholm franco arminio writer poet and filmmaker patrick barron university of massachusetts damiano benvegnù dartmouth college and the oxford center for animal ethics viktor berberi university of minnesota morris rosi braidotti utrecht university luca bugnone university of turin enrico cesaretti university of virginia almo farina university of urbino sophia maxine farmer university of wisconsin madison serena ferrando colby college tiziano fratus writer poet and tree seeker matteo gilebbi duke university andrea hajek university of warwick marcus hall university of zurich serenella iovino university of turin andrea lerda freelance curator roberto marchesini study center of posthuman philosophy in bologna marco moro editor in chief of edizioni ambiente milan elena past wayne state university carlo petrini founder of international slow food movement ilaria tabusso marcyan miami university ohio monica seger college of william and mary pasquale verdicchio university of california san diego

The New Universal English and Italian Dictionary, Etc 2009 la trama nascosta è quella che emerge dalla ricostruzione delle vicende di alcuni personaggi qui osservati pur nell'ambito delle specifiche competenze nelle vesti di tramiti di trasferimenti culturali in uno spazio che è quello dell'europa meno fittamente abitata che nei suoi confini dilatati si apre a est a ben vedere più o meno l'europa entrata con il nuovo millennio nell'unione europea

COLORIAMO L'ORIENTE 2015-11-25 the age of the discovery of the americas was concurrent with the age of discovery in science in the alchemy of conquest ralph bauer explores the historical relationship between the two focusing on the connections between religion and science in the spanish english and french literatures about the americas during the early modern period as sailors conquerors travelers and missionaries were exploring new worlds and claiming ownership of them early modern men of science redefined what it means to discover something bauer explores the role that the verbal conceptual and visual language of alchemy played in the literature of the discovery of the americas and in the rise of an early modern paradigm of discovery in both science and international law the book traces the intellectual and spiritual legacies of late medieval alchemists such as roger bacon arnald of villanova and ramon llull in the early modern literature of the conquest of america in texts written by authors such as christopher columbus amerigo vespucci josé de acosta nicolás monardes walter raleigh thomas harriot francis bacon and

alexander von humboldt

Poesie 2017-05-19 discusses renowned masters including roberto rossellini and federico fellini as well as directors lesser known outside italy like dino risi and ettore scola the author examines overlooked italian genre films such as horror movies comedies and westerns and he also devotes attention to neglected periods like the fascist era he illuminates the epic scope of italian filmmaking showing it to be a powerful cultural force in italy and leaving no doubt about its enduring influence abroad encompassing the social political and technical aspects of the craft the author recreates the world of italian cinema

The Silent Life of Things 1999 italia civiltà e cultura offers a comprehensive description of historical and cultural development on the italian peninsula this project was developed to provide students and professors with a flexible and easy to read reference book about italian civilization and cultural studies also appropriate for cinema and italian literature classes this text is intended for students pursuing a minor or a major in italian studies and serves as an important learning tool with its all inclusive vision of italy each chapter includes thematic itineraries to promote active class discussion and textual comprehension check questions to guide students through the reading and understanding of the subject matter

Franciscans and the Elixir of Life 2022-10-21 edward goldberg shares his sensational discovery of the largest body of surviving correspondence from any jew in early modern europe over the course of six years benedetto blanis a scholar and entrepreneur in the florentine ghetto wrote nearly 200 letters to his princely patron don giovanni dei medici for the first time these letters are available in a definitive critical edition with full transcriptions in the original italian english language summaries and explanatory notes this book is a companion volume to jews and magic in medici florence in which goldberg narrates blanis s startling rise and fall readers can now take a step closer and hear blanis s compelling story in his own words tracing his fraught relations with jews and christians his desperate and often illegal business schemes his disastrous strategies for advancement at the medici court and his pursuit of arcane knowledge including astrology alchemy and kabbalah

Gendering Italian Fiction 2018-03-27 the 15 papers in this volume delivered to an international conference held at the katholieke universiteit leuven in the fall of 2001 offer a systematic investigation into polybius s many critiques and attempt to assess their potentially distortive effects
