12 traits of the best doctoryou went into medicine to help people to be kind to give solace and to alleviate suffering you were going to use your amazing brain and great caring heart to help people at their lowest point in their existence but then medical school ground you down residency happened then employment occurred and you ve now been molded and torqued into something and

someone you hardly recognize you personally might need or maybe your office manager says you need 12 traits of the best doctor because now you find yourself seeing forty plus patients a day before noon each day life pile drives you to your knees you almost always miss lunch you love stressed beyond your capabilities caught up in the sheer nightmare of the complexities of the insurance model of making money dealing with potentially devastating hipaa issues and wondering how your life got so twisted by the harsh economics of medicine let me untwist you who am i my name is dan purser i m an md who wrote a well received textbook on preventive medicine a few years back and from that has spread twelve 1 bestselling books on amazon also while waiting for my books to rise to 1 i started and continue to operate seven successful companies we do nutritional and supplement product development and manufacturing plus i ve had the incredible opportunity to speak to fans all over the planet and am lucky enough now to get paid more for an eight hour day of speaking than most docs earn in a month plus many other crazy successes it might help to check out my website to learn more about me danpursermd combut save your mind and your heart and possibly your future or maybe one of your children who are going into health care or your spouse who s a physician or the doctor you work for when you purchase and let them read this paradigm shifting little book 12 traits of the best doctor please order your copy today

12 Traits of the Best Doctor

2016-09-13

hey doc got a minute no matter where dr richard besser goes a day doesn't go by without someone stopping him to ask that question often that person is one of the millions who have come to rely on the vital information he shares on good morning america world news with diane sawyer and nightline now in response to thousands of inquiries from viewers dr besser has written his first book a comprehensive health guide that will both inform and surprise as he deciphers fact from fiction for nearly seventy confusing medical questions including should i take a daily aspirin to prevent a heart attack stroke or cancer if my doctors order a lot of tests does that mean they're more thorough do i need thirty minutes of exercise a day to stay healthy recognizing the astonishing amount of misinformation that many important health decisions are based upon dr besser's commitment to delivering the truth is critical he isn't afraid to challenge the status quo or the interests within the health care industry to provide the knowledge you need to take control of your health eager to help you make the choices that are right for you he organizes his easy to understand answers into six lifestyle categories including diet and nutrition exercise and fitness vitamins supplements and medicines beating illness and injury and navigating the

perplexing world of health care as well as a chapter dedicated to the questions you wished you asked before your doctor walks out the door throughout the book dr besser smashes myths while translating invaluable information into problem solving advice you can use including a dr b s bottom line at the end of each topic as accessible as it is empowering dr besser s tell me the truth doctor is a necessary addition to every home office and dorm room besser ably analyzes popular myths the freshman fifteen considers pros and cons hrt and statins and mostly takes unequivocal stands on the issues quite often his comments and suggestions surprise particularly helpful are his guidelines for avoiding the harmful effects of health care and hospitalization publishers weekly richard besser md abc news chief health and medical editor provides medical analysis and commentary for all abc news broadcasts and platforms including world news with diane sawyer good morning america and nightline as well as many other news entertainment programs since joining abc news in 2009 dr besser has been at the forefront of news coverage for every major medical story including the earthquake in haiti and the japanese radiation release he was the leading correspondent on abc s global health series be the change save a life and received a 2011 emmy nomination for outstanding investigative journalism for his world news story on cord blood banking besser came to abc news from the centers for disease control and prevention cdc where he worked for thirteen years including as acting director from january to june 2009 during which time he led the cdc s

response to the h1n1 influenza outbreak he has taught and trained doctors at the university of california san diego and is a visiting fellow at the harvard school of public health most important for more than twenty five years he has practiced medicine giving his patients and their families straightforward commonsense advice

Tell Me the Truth, Doctor

2013-04-23

doctor in the house is the first home health handbook to provide quick clear and informative answers to the routine and not so routine medical problems that you and your family encounter in everyday life dr harbert who contributed health articles to family circle magazine for several years presents medical ideas and facts in a plainspoken accessible style that will empower you to take charge of your health he teaches you how to diagnose your medical problems and describes the symptoms treatment prognosis and prevention of over 425 diseases and conditions whenever possible he recommends simple methods and medicines and tells you frankly when to seek professional medical help doctor in the house also covers first aid and emergency techniques provides over fifty focus boxes that highlight practical information critical to managing your medical problems and supplies contact

information many with telephone numbers for numerous support and health advocacy groups also included are sample copies of a legally enforceable living will a medical directive and a durable power of attorney with dr john c harbert s doctor in the house you will find the real medical understanding and help that are the first steps to good health long life and fewer medical bills

Doctor in the House

1994-03-15

dr gary epler s alive with life is a narrative roadmap for living an exhilarating life filled with high energy creativity enjoyment positive experiences and extraordinary people which is attained by applying five performance components of well being and ten health practices in countries throughout the world well being is the barometer of how people feel about their lives traditionally measured by that amorphous yardstick happiness however new studies have shown that four additional factors need to be added for an accurate measure these include being engaged in life finding meaning in life beyond yourself recognizing your accomplishments and experiencing positive social interaction with others these checkpoints of well being combined with dr epler s ten health practices have led countless individuals

to a healthy high energy and enjoyable life the health practices include healthy nutrition sleep exercise self healing and more alive with life illustrates ways healthy minded people manage their injuries and illnesses better than anyone else and highlights becoming a people centered leader for increased productivity a positive interactive workplace and business success thriving entrepreneurs know that hard work is a necessary precursor to success and their work ethic has propelled new advances in our lives dr gary epler is an internationally known harvard medical school professor and thought leader in health fitness nutrition and people centered leadership he is an award winning author and speaker who has impacted the lives of people throughout the world through his speaking engagements books and teaching he has been called upon by individuals from around the globe who have a rare lung disease that he discovered dr epler is a successful serial entrepreneur as he has been founder and ceo of three companies including a biotech company a nutraceutical company and the current medical consulting company dr epler has been recognized yearly since 1994 in the best doctors in america he discovered the treatable lung disorder bronchiolitis obliterans organizing pneumonia boop he found a new parasite in south america chronicled the nutritional needs of north african children and managed the tuberculosis program in southeast asia dr epler was chief of medicine at the new england baptist hospital for 15 years he strives to educate and has written more than 110 scientific reports and given hundreds of seminars and lectures throughout

the world he was editor in chief of an online educational program in critical care and pulmonary medicine business week acclaimed him for his development of e health educational programs dr epler was recognized as one of boston magazine s top doctors in town dr epler has run several marathons including boston new york and paris where he proposed to his wife and for their first anniversary they ran the original greek marathon together he has been one of the boston celtics team doctors he is a radio and television personality he is a hollywood screenwriter and has written a medical thriller movie medical drama tv show and a lifestyle reality tv show in the community he coached soccer basketball hockey and baseball he lives in the boston area with his wife joan
