the disconnect between national rhetoric the law and public policy

Migra!

2010

migra is the first and only substantive history of the u s border patrol hernandez breaks new ground in this deeply researched account of its formation and development george sanchez author of becoming mexican american ethnicity culture and identity in chicano los angeles 1900 1945

Latino Mass Mobilization

2017-09-28

the first full length study of the historic 2006 immigrant rights protests in the us in which millions of latinos participated

Immigration Law

2009

recent acts of terrorism in britain and europe and the events of 9 11 in the united states have greatly influenced immigration security and integration policies in these countries yet many of the current practices surrounding these issues were developed decades ago and are ill suited to the dynamics of today s global economies and immigration patterns at the core of much policy debate is the inherent paradox whereby immigrant populations are frequently perceived as posing a potential security threat yet bolster economies by providing an inexpensive workforce strict attention to border controls and immigration quotas has diverted focus away from perhaps the most significant dilemma the integration of existing immigrant groups often restricted in their civil and political rights and targets of xenophobia racial profiling and discrimination immigrants are unable or unwilling to integrate into the population these factors breed distrust disenfranchisement and hatred factors that potentially engender radicalization and can even threaten internal security the contributors compare policies on these issues at three relational levels between individual eu nations and the u s between the eu and u s and among eu nations what emerges is a timely and critical examination of the variations and contradictions in policy at each level of interaction and how different agencies and different nations often work in opposition to each other with self defeating results while the contributors differ on courses of action they offer fresh perspectives some examining significant case

studies and laying the groundwork for future debate on these crucial issues

Immigration, Integration, and Security

2008

the uncomfortable contemporary realities of immigration enmeshed as they are in economic human rights and national security issues have once again propelled foreign immigration to the united states toward the top of the list of u s domestic policy concerns three respected authorities on immigration and international affairs here present a carefully calibrated history of u s immigration in primary source documents tracing the roots of the current debate in the history of our profoundly divided and surprisingly cyclical response to foreign immigration this book documents this national ambivalence identifying the major waves of immigration and clarifying the ways in which the existing social and political fabric conditioned both the response to the newcomers and their prospects of eventual integration into american society part i introduces the historical record the early days of the republic when most immigrants arrived from northern europe the most important wave of immigration to the united states in the country s history over 1880 1920 when most immigrants arrived from asia or from southern and eastern europe virulent post world war i anti immigration sentiment the world war ii era absorption of huge numbers of displaced persons fleeing the misery and devastation of europe transition from a quota system to a preference system heightened debate in the 1980s and 1990s the immigration policy repercussions of the terrorist attacks of september 11 2001 part ii takes up special issues in the contemporary immigration debate including the security debate and immigration immigration and the u s judiciary the immigration debate and the economy and the spectrum of public opinion on immigration revealed during the 2008 presidential election campaign the authors demonstrate that today s highly polarized immigration reform debate in many respects recapitulates the antagonisms and chaotic policies of the 1980s and 1990s when ronald reagan s republican administration implemented an amnesty program while the state of california adopted the punitive proposition 187 paramount in today s immigration debate however are the homeland security concerns rendered acute by the 2001 bombing of the world trade center in new york city the controversial usa patriot act of 2001 and the homeland security act of 2002 are among the documents surveyed in relation to the contemporary immigration debate

experts address the most vexing questions of the immigration debate

Getting Immigration Right

2011

while the united states cherishes its identity as a nation of immigrants the country s immigration policies are historically characterized by cycles of openness and xenophobia outbursts of anti immigrant sentiment among political leaders and in the broader public are fueled by a debate over who is worthy of being considered for full incorporation into the nation and who is incapable of assimilating and taking on the characteristics and responsibilities associated with being an american in illegal alien or immigrant lina newton carefully dissects the political debates over contemporary immigration reform beginning with a close look at the disputes of the 1980s and 1990s she reveals how a shift in legislator s portrayals of illegal immigrants from positive to overwhelmingly negative facilitated the introduction and passing of controversial reforms newton s analysis reveals how rival descriptions of immigrant groups and the flattering or disparaging myths that surround them define shape and can ultimately determine fights over immigration policy her pathbreaking findings will shed new light on the current political battles their likely outcomes and where to go from here

Illegal, Alien, Or Immigrant

2008-08-10

this book discusses the issues surrounding race ethnicity and immigrant status in u s policing with a special focus on immigrant groups perceptions of the police and factors that shape their attitudes toward the police it focuses on the perceptions of three rapidly growing yet understudied ethnic groups hispanic latino chinese and arab americans discussion of their perceptions of and experience with the police revolves around several central themes including theoretical frameworks historical developments contemporary perceptions and emerging challenges this book appeals to those interested in or researching policing race relations and immigration in society and to domestic and foreign government officials who carry law enforcement responsibilities and deal with citizens and immigrants in particular

Race, Immigration, and Social Control

2018-05-09

manual

johnson and trujillo explore the long history of discrimination against us citizens of mexican ancestry in the united states and the current movement against illegal aliens persons depicted as not deserving fair treatment by us law the authors argue that the united states has a special relationship with mexico by virtue of sharing a 2 000 mile border and a land grab of epic proportions when the united states acquired nearly two thirds of mexican territory between 1836 and 1853 the authors explain us immigration law and policy in its many aspects including the migration of labor the place of state and local regulation over immigration and the contributions of mexican immigrants to the us economy their objective is to help thinking citizens on both sides of the border to sort through an issue with a long emotional history that will undoubtedly continue to inflame politics until cooler and better informed heads can prevail the authors conclude by outlining possibilities for the future sketching a possible movement to promote social justice great for use by students of immigration law border studies and latino studies this book will also be of interest to anyone wondering about the general state of immigration law as it pertains to our most troublesome border

Immigration Law and the U.S.-Mexico Border

2011-11-01

the ethics and politics of immigration provides an overview of the central topics in the ethics of immigration with contributions from scholars who have shaped the terms of debate and who are moving the discussion forward in exciting directions this book is unique in providing an overview of how the field has developed over the last twenty years in political philosophy and political theory the essays in this book cover issues to do with open borders admissions policies refugee protection and the regulation of labor migration the book also includes coverage of matters concerning integration inclusion and legalization it goes on to explore human trafficking and smuggling and the immigrant detention the book concludes with four topics that promise to move immigration ethics in new directions philosophical objections to states giving preference to skilled laborers the implications of gender and care ethics the incorporation of the philosophy of race and how the cognitive bias of methodological nationalism affects the discussion

The Ethics and Politics of Immigration

2016-10-03

in the moral and political philosophy of immigration liberty security and equality josé jorge mendoza argues that the difficulty with resolving the issue of immigration is primarily a conflict over competing moral and political principles and is thereby at its core a problem of philosophy establishing the necessity of situating the public debate on immigration at the center of philosophical debates on liberty security and equality this book brings into dialog various contemporary philosophical texts that deal with immigration to provide some normative guidance to future immigration policy and reform as a groundbreaking work in social and political philosophy it will

after all the green beer has been poured and the ubiquitous shamrocks fade away what does it mean to be irish american besides st patrick s day who s your paddy traces the evolution of irish as a race based identity in the u.s from the 19th century

to the present day exploring how the irish have been and continue to be socialized around race jennifer nugent duffy argues that irish identity must be understood within the context of generational tensions between different waves of irish immigrants as well as the irish community s interaction with other racial minorities using historic and ethnographic research duffy sifts through the many racial class and gendered dimensions of irish american identity by examining three distinct irish cohorts in greater new york assimilated descendants of nineteenth century immigrants white flighters who immigrated to postwar america and fled places like the bronx for white suburbs like yonkers in the 1960s and 1970s and the newer largely undocumented migrants who began to arrive in the 1990s what results is a portrait of irishness as a dynamic complex force in the history of american racial consciousness pertinent not only to contemporary immigration debates but also to the larger questions of what it means to belong what it means to be american

Bringing Outsiders In

2014

in entitled to nothing lisa sun hee park investigates how the politics of immigration health care and welfare are intertwined documenting the formal return of the immigrant as a public charge or a burden upon the state the author shows how the concept has been revived as states adopt punitive policies targeting immigrants of color and require them to pay back benefits for which they are legally eligible during a time of intense debate regarding welfare reform park argues that the notions of public charge and public burden were reinvigorated in the 1990s to target immigrant women of reproductive age for deportation and as part of a larger project of disciplining immigrants drawing on nearly 200 interviews with immigrant organizations government agencies and safety net providers as well as careful tracking of policies and media coverage park provides vivid first person accounts of how struggles over the public charge doctrine unfolded on the ground as well as its consequences for the immigrant community ultimately she shows that the concept of public charge continues to lurk in the background structuring our conception of who can legitimately access public programs and of the moral economy of work and citizenship in the u s and makes important policy suggestions for reforming our immigration system

Who's Your Paddy?

2011-09

almost all aliens offers a unique reinterpretation of immigration in the history of the united states setting aside the european migrant centered melting pot model of immigrant assimilation paul spickard francisco beltrán and laura hooton put forward a fresh and provocative reconceptualization that embraces the multicultural racialized and colonially inflected reality of immigration that has always existed in the united states their astute study illustrates the complex relationship between ethnic identity and race slavery and colonial expansion examining the lives of those

who crossed the atlantic as well as those who crossed the pacific the caribbean and the north american borderlands almost all aliens provides a distinct inclusive and critical analysis of immigration race and identity in the united states from 1600 until the present the second edition updates almost all aliens through the first two decades of the twenty first century recounting and analyzing the massive changes in immigration policy the reception of immigrants and immigrant experiences that whipsawed back and forth throughout the era it includes a new final chapter that brings the story up to the present day this book will appeal to students and researchers alike studying the history of immigration race and colonialism in the united states as well as those interested in american identity especially in the context of the early twenty first century

Entitled to Nothing

2022-09-15

during 1995 and 1996 president bill clinton signed into law three bills that altered the rights and responsibilities of immigrants the antiterrorism and effective death penalty act the personal responsibility act and the illegal immigration reform and immigrant responsibility act model immigrants and undesirable aliens examines the changing debates around immigration that preceded and followed the passage of landmark legislation by the u s congress in the mid 1990s arguing that it represented a new neoliberal way of thinking and talking about immigration christina gerken explores the content and the social implications of the deliberations that surrounded the development and passage of immigration reform analyzing a wide array of writings from congressional debates and committee reports to articles and human interest stories in mainstream newspapers the process she shows disguised its underlying racism by creating discursive strategies that shaped and upheld an image of desirable immigrants those who could demonstrate personal responsibility and an ability to contribute to the u s economy gerken finds that politicians linked immigration to complex issues poverty welfare reform so called family values measures designed to combat terrorism and the spiraling costs of social welfare programs although immigrants were often at the center of congressional debates politicians constructed an elaborate abstract terminology that appeared to be unrelated to race or gender instead politicians promoted neoliberal policies as the avenue to a postracist postsexist world of opportunity for every rational consumer with an entrepreneurial spirit still gerken concludes that the passage of pathbreaking legislation was characterized by a useful tension between neoliberal assumptions and hidden anxieties about race class gender and sexuality
