excerpt from a selection of cases on trial practice at common law and under modern statutes when the editor undertook to organize a course in practice some years ago it soon became apparent to him that the same methods of study and instruction which had proved satisfactory in other branches of the law should be applied to this perplexing topic as there was no collection of cases it was necessary to send the students to the original reports an unsatisfactory method even with small classes because it is impracticable to have the material under the student s eye during discussion in the class room an increasing number of students made it impossible to rely on the library and hence the present selection of cases has been prepared to meet the needs of students the material has been collected during the last ten years for class room use about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
