The Bulletin 1990 as a kid bernie shakespeare s mischievous and reckless behaviour led him to become known as the wild one of his devout catholic family it isn t surprising that his path led him to the northern territory a place where people often go to either lose themselves or find themselves bernie a searcher for his purpose in life found himself he had many jobs firstly as a ringer on a cattle station owned by the packer family and later as a dingo trapper for the parks and wildlife service throughout it all he drank he swore he fought and took chances with his own well being but crucially he also developed deep connections with the indigenous people and it was these connections that helped lay the foundations for what was to come he worked for youth welfare organisations and all the while he built up his knowledge about helping wayward youths particularly those from indigenous communities years later bernie was living in armidale he d been visiting too many kids in prison and going to too many funerals the usual methods weren t working so that reckless mischievous kid inside him decided he could do better he started a youth program called backtrack with three aims to keep them alive out of jail and chasing their hopes and dreams for most this was their last chance combining life skills education job preparedness with rural work bernie threw in one other factor dogs and it works with the help of these working dogs the lost boys and girls find their way back on track these days backtrack youth tour the country competing in dog jumping trials bernie and the backtrack team are now supporting other communities in lake cargelligo broken hill dubbo and grafton and have forged a new beginning for over 1000 young people this one man is making a huge difference in back on track bestselling author james knight tells bernie s story and the stories of those whose lives he has saved it is a powerful reminder that we should never give up on our kids this fella bernie he s a good fella a bit of a genius really what a great story russell crowe

The Rock Music Self Management Manual 1993

Power Farming in Australia and New Zealand Technical Manual 1987 winner of a shingo research and professional publication award information technology is supposed to enable business performance and innovation improve service levels manage change and maintain quality and stability all while steadily reducing operating costs yet when an enterprise begins a lean transformation too often the it department is ei

Australian National Bibliography 1994-09 in this latest addition to his acclaimed u s warship design history series norman friedman describes the ships and the craft of the u s amphibious force from its inception in the 1920s through world war ii to the present he explains how and why the united states successfully created an entirely new kind of fleet to fight and win such world war ii battles as d day and the island landings in the pacific to an extent not previously documented his book lays out the differing views and contributions of the u s army navy and marines as well as the british and how they affected the development of prewar and wartime amphibious forces current and future amphibious forces and tactics are explained together with their implications for ships and craft from 40 000 ton amphibious carriers down to tracked amphibious vehicles as in earlier volumes in the series this study uses previously unpublished sources to illustrate not only what was actually built but what was planned and never brought into service for example the book offers the first comprehensive and fully illustrated account of abortive attempts in the 1960s and beyond to build new fire support ships lfs with nearly two hundred photographs and specially commissioned line drawings and extensive appendixes the work conveniently brings together details of the ships and their service histories found elsewhere only in scattered official references

Australian Caravans and Touring Manual 1950 the published works are derived from the zoological catalogue of australia database taxa in the australian fauna are divided among volumes to form sets of about 1800 2000 species available names such that each volume comprises the whole or part of one or more major groups
