the ideological origins of the american revolution is a 1967 pulitzer prize winning book of history by bernard baily it is considered one of the most influential studies of the american revolution published during the 20th century though published over fifty years ago in 1967 the themes charted in bernard baily's pulitzer prize winning book the ideological origins of the american revolution are so crucial to the american experiment in governance and the nation's ongoing revolution of equality liberty and self government that they seem almost as if they might the ideological origins of the american revolution awarded both the pulitzer and the bancroft prizes has become a classic of american historical literature hailed at its first appearance as the most brilliant study of the meaning of the revolution to the ideological origins of the american revolution published in 1967 by renowned historian and harvard university professor bernard baily is considered the most important book ever written about the american revolution the ideological origins of the american revolution is a definitive exemplar of the latter in this pulitzer prize winning classic bernard baily discusses the intellectual origins and controversies of the american revolution baily traces the ideological origins of the american revolution to the commonwealthmen whig philosophers of the late 17th and early mid 18th century in great britain these ideas provided the inspiration for the revolution but were also transformed by the revolution the theory of politics that emerges from the political literature of the pre revolutionary years rests on the belief that what lay behind every political scene the ultimate explanation of every political controversy was the disposition of power spotlight the ideological origins of the american revolution by bernard baily share twitterfacebookemail read the jury report for an epochal work of revolutionary history by sean murphy in ideological origins baily reviewed political pamphlets from the american revolution these radical ideas about power and liberty and deeply rooted fears of conspiracy had propelled americans in the 1760s and 1770s into the revolution baily said his book which won the pulitzer and bancroft prizes in 1968 influenced an entire generation of historians the ideological origins of the american revolution the literature of revolution sources and traditions power and liberty a theory of politics the logic of rebellion a note on conspiracy transformation representation and consent constitution and rights sovereignty the contagion of liberty slavery establishment of ideology a form of social or political philosophy or a system of ideas that aspires both to explain the world and to change it the word was introduced in the 18th century by the french philosopher a l c destutt de tracy as a short name for what he called his science of ideas pennsylvania magazine of history and biography book review the ideological origins of the american revolution by bernard baily book reviews sowell's book has been published both with and without the subtitle ideological origins of political struggles steven pinker's book the blank slate calls sowell's explanation the best theory given to date in his book pinker refers to the unconstrained vision as the utopian vision and the constrained vision as the tragic vision etymology and history antoine destutt de tracy coined the term ideology the term ideology originates from french idéologie itself deriving from combining greek idéā ἰδέα notion pattern close to the lockean sense of idea and logiā λογία the study of in this groundbreaking book alison iacox traces the history of american federal thought from its colonial beginnings in scattered provincial responses to british assertions of authority to its emergence in the late eighteenth century as a normative theory of multilayered government it highlights the conflict among colonialisms as britain and france tried to keep the world unchanged under the pressure from post 1933 germany mussolini's dreams of mediterranean empire and japan's anti western push for imperial and racial hegemony across east asia ideology french philosophic movement of the late 18th and early 19th centuries that reduced epistemological problems concerning the nature or grounds of knowledge to those of psychology as in the work of Étienne condillac before advancing to ethical and political problems federalism is regarded as one of the signal american contributions to modern politics its origins are typically traced to the drafting of the constitution but the following list is strictly alphabetical and attempts to divide the ideologies found in practical political life into several groups with each group containing ideologies that are related to each other the headers refer to the names of the best known ideologies in each group by the second quarter of the eighteenth century the british empire comprehended the united kingdom of great britain ireland the islands of the caribbean and the british mainland colonies of north america 2 the frontiers of that extensive monarchy were guarded by a common religion and by the royal navy
