completely updated facts and stats plus special features on the x games and other major sports events read about all of the top athletes championships and legends featuring all your favorite stars in baseball basketball football and more this book is perfect for sports newbies as well as the most devoted fans critically acclaimed nonfiction author deborah hopkinson pieces together the story of the titanic and that fateful april night drawing on the voices of survivors and archival photographs in this award winning book critically acclaimed author deborah hopkinson weaves together the voices and stories of real titanic survivors and witnesses to the disaster from the stewardess violet jessop to captain arthur rostron of the carpathia who came to the rescue of the sinking ship packed with heartstopping action devastating drama fascinating historical details loads of archival photographs on almost every page quotes from primary sources and painstaking back matter this gripping story which follows the titanic and its passengers from the ship s celebrated launch at belfast to her cataclysmic icy end is sure to thrill and move readers this irresistible novel by suzanne collins tells the story of a boy who embarks on a dangerous quest in order to fulfill his destiny and find his father in a strange world beneath new york city gregor the overlander joins the scholastic gold line which features award winning and beloved novels includes exclusive bonus content when gregor falls through a grate in the laundry room of his apartment building he hurtles into the dark underland where spiders rats cockroaches coexist uneasily with humans this world is on the brink of war and gregor s arrival is no accident a prophecy foretells that gregor has a role to play in the underland s uncertain future gregor wants no part of it until he realizes it s the only way to solve the mystery of his father s disappearance reluctantly gregor embarks on a dangerous adventure that will change both him and the underland forever this unforgettable novel by suzanne collins the international bestselling author of the hunger games series is rich in suspense and brimming with adventure in exploring the social background of early jewish mysticism scholastic magic tells the story of how imagination and magic were made to serve memory and scholasticism in the visionary literature that circulated between the fifth and ninth centuries there are strange tales of ancient rabbis conjuring the angel known as sar torah the prince of the torah this angel endowed the rabbis themselves with spectacular memory and skill in learning and then taught them the formulas for giving others these gifts this literature according to michael swartz gives us rare glimpses of how ancient and medieval jews who stood outside the mainstream of rabbinic leadership viewed torah and ritual through close readings of the texts he uncovers unfamiliar dimensions of the classical judaic idea of torah and the rabbinic civilization that forged them swartz sets the stage for his analysis with a discussion of the place of memory and orality in ancient and medieval judaism and how early educational and physiological theories were marshaled for the cultivation of memory he then examines the unusual magical rituals for conjuring angels and ascending to heaven as well as the authors attitudes to authority and tradition showing them to have subverted essential rabbinic values even as they remained beholden to them the result is a ground breaking analysis of the social and conceptual background of rabbinic judaism and ancient mediterranean religions offering complete translations of the principal sar torah texts scholastic magic will become essential reading for those interested in religions in the ancient and medieval world ritual studies and popular religion originally published in 1996 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905 the purpose of this volume is to investigate scholastic culture in the hellenistic and roman eras with a particular focus on ancient book and material culture as well as scholarship beyond greek authors and the greek language accordingly one of the major contributions of this work is the inclusion of multiple perspectives and its contributors engage not only with elements of greek scholastic culture but also bring greek ideas into conversation with developing latin scholarship see chapters by dickey nicholls marshall and the perspective of a minority culture i e jewish authors see chapters by hezser adams this multicultural perspective is an important next step in the discussion of ancient scholarship and this volume provides a starting point for future inquiries a portrait of scholastic approaches to a qualified disagreement of opinions focusing on the antagonism of scholastic probabilism and anti probabilism in the early modern era a thrilling and incisive examination of the post reconstruction era struggle for and suppression of african american voting rights in the united states following the civil war the reconstruction era raised a new

question to those in power in the us should african americans so many of them former slaves be granted the right to vote in a bitter partisan fight over the legislature and constitution the answer eventually became yes though only after two constitutional amendments two reconstruction acts two civil rights acts three enforcement acts the impeachment of a president and an army of occupation yet even that was not enough to ensure that african american voices would be heard or their lives protected white supremacists loudly and intentionally prevented black americans from voting and they were willing to kill to do so in this vivid portrait of the systematic suppression of the african american vote for young adults critically acclaimed author lawrence goldstone traces the injustices of the post reconstruction era through the eyes of incredible individuals both heroic and barbaric and examines the legal cases that made the supreme court a partner of white supremacists in the rise of jim crow though this is a story of america s past goldstone brilliantly draws direct links to today s creeping threats to suffrage in this important and alas timely book a thrilling account of the most daring world war ii rescue mission liberating hundreds of american prisoners of war scholastic focus is the premier home of thoroughly researched beautifully written and thoughtfully designed works of narrative nonfiction aimed at middle grade and young adult readers these books help readers learn about the world in which they live and develop their critical thinking skills so that they may become dynamic citizens who are able to analyze and understand our past participate in essential discussions about our present and work to grow and build our future following the bombing of pearl harbor america entered world war ii and a new theater of battle opened up in the pacific but us troops along with thousands of filipino soldiers who fought alongside them were overtaken in the philippines by a fiercely determined japanese navy and many americans and filipino fighters were killed or captured these american and filipino prisoners of war were forced to endure the most horrific conditions on the deadly trek known as the bataan death march then the american servicemen who were held captive by the japanese military in cabanatuan camp and others in the philippines faced beatings starvation and tropical diseases and lived constantly under the threat of death unable to forget their comrades fate and concerned that these pows would be brutally murdered as the tides of war shifted in the pacific the us army rangers undertook one of the most daring and dangerous rescue missions of all time aided by the angels of the underground the sixth ranger battalion and courageous filipino guerrilla soldiers set out on an uncertain and treacherous assignment often called the great raid this remarkable story remains largely forgotten sibert honor author deborah hopkinson presents an extraordinary and unflinching look at the heroic servicemen and women who courageously weathered the worst of circumstances and conditions in service to their country as well as those who answered the call to save their fellow soldiers this is collection of christian treatises written prior to the end of the sixteenth century the must have book for sports lovers for sport fans everywhere the 2014 edition of year in sports features an exciting new cover full color action photographs throughout completely updated facts and stats brand new interior design new chapter openers and new top 10 moments from lists from the past year in sports with info about all of the top athletes championships and legends from the major and secondary sports if you love sports then you have to have this book originally published under the title scholasticism old and new in this corrected edition of a standard work professor maurice de wulf great authority on medieval philosophy examines the scholastic tradition after a careful and discriminating examination of the true nature and definition of scholasticism in which he sifts modern interpretations and misinterpretations of the scholastic spirit he analyzes the scholastic method scholastic philosophy in its relations to medieval philosophy in general as well as to ancient philosophy and medieval science scholastic metaphysics theodicy general physics celestial and terrestrial physics psychology moral philosophy and logic the decline of medieval scholasticism is then treated examination is not so much in terms of individual thinkers as is usual in histories of philosophy as in terms of a philosophia communis of the scholastic tradition the second part of this work examines the modern scholastic revival with a discussion of the relations of neoscholasticism and neothomism to history of philosophy religion and modern science and an examination of the neoscholastic doctrines considerable information is included on the neoscholastic estimation of various trends in modern philosophy written by one of the very greatest historians of medieval philosophy this book is useful both as a corrective to earlier histories and as an excellent exposition and evaluation of the scholastic position this book aims to publish a complete and systematic exposition of scholastic philosophy based upon the sound principles of aristotle and thomas aquinas and bring it into contact with the facts of modern science the considerations which have guided the author in its composition are chiefly two he wished both to modernize and popularize the philosophia perennis the book covers the topics philosophy of nature psychology ontology and metaphysics and natural theology featuring the latest and greatest superstars this is a must have guide for sports fans of all ages for sports fans everywhere the 2016 edition of year in sports features full color action photographs throughout completely updated facts and stats and a superstars this is a must have guide for sports fans of all ages for sports fans everywhere the 2017 edition of year in sports features full color action photographs throughout completely updated facts and stats and a colorful interior design featuring info about all of the top athletes championships and legends from the major and secondary sports including all your favorite stars in baseball basketball football and more this book is perfect for sports beginners as well as the most devoted fans the ultimate book for young sports fans is back with the past year's top sports stories look back on another year in sports with scholastic featuring exciting and all new coverage for 2022 get up close and personal with the top athletes in baseball basketball football soccer and more in this perfect book for sports fanatics and newbies alike gives you an in depth look at all of the hottest stars and most memorable moments from the past sports season page 4 of cover cardinal mercier's manual of modern scholastic philosophy is a standard work prepared at the higher institute of philosophy louvain mainly for the use of clerical students in catholic seminaries though undoubtedly elementary it contains a clear simple and methodological exposition of the principles and problems of every department of philosophy and its appeal is not to any particular class but broadly human and universal volume ii contains sections on natural theology logic ethics and outlines of the history of philosophy a reference guide includes records in the realms of politics sports the environment nature space and popular culture and includes a section of united states records robert f sibert award winner susan campbell bartoletti explores the riveting and often chilling story of germany's powerful hitler youth groups in her first full length nonfiction title since winning the robert f sibert award susan campbell bartoletti explores the riveting and often chilling story of germany's powerful hitler youth groups i begin with the young we older ones are used up but my magnificent youngsters look at these men and boys what material with them i can create a new world adolf hitler nuremberg 1933 by the time hitler became chancellor of germany in 1933 3 5 million children belonged to the hitler youth it would become the largest youth group in history susan campbell bartoletti explores how hitler gained the loyalty trust and passion of so many of germany's young people her research includes telling interviews with surviving hitler youth members this volume presents a feminist approach to the canterbury tales investigating the ways in which the tensions and contradictions found within the broad contours of medieval gender discourse write themselves into chaucer's text four discourses of medieval masculinity are examined which simultaneously reinforce and resist one another heroic or chivalric christian courtly love and emerging humanist models each chapter attempts to negotiate both contemporary assumptions of gender construction and essentialist readings of gender common to the middle ages throughout the author argues that the canterbury tales offer a sophisticated discussion of masculinity and that it strongly indicts some of the prevalent medieval notions of ideal masculinity while still remaining firmly homosocial and homophobic the book concludes that on the question of gender issues the tales are best studied as male authored texts containing representations and negotiations revealing much about late medieval masculinities dr anne laskaya teaches in the english department at the university of oregon the studies gathered in this volume seek to do homage to the spirit of scholasticism they address key issues in that tradition some from an historical point of view others from a more substantive standpoint from nyt bestselling author jennifer a nielsen comes a stunning thriller about a girl who must escape to freedom after the berlin wall divides her family between east and west a night divided joins the scholastic gold line which features award winning and beloved novels includes exclusive bonus content with the rise of the berlin wall gerta finds her family suddenly divided she her mother and her brother fritz live on the eastern side controlled by the soviets her father and middle brother who had gone west in search of work cannot return home gerta knows it is dangerous to watch the wall yet she can't help herself she sees the east german soldiers with their guns trained on their own citizens she her family her neighbors and friends are prisoners in their own city but one day on her way to school gerta spots her father on a viewing platform on the western side pantomiming a peculiar dance gerta concludes that her father wants her and fritz to tunnel beneath the wall out of east berlin however if they are caught the consequences will be deadly no one can be trusted will gerta and her family find their way to freedom introducing an extraordinary new voice a magical debut that will make your skin tingle your eyes glisten and your heart sing midnight gulch used to be a magical place a town where people could sing up thunderstorms and dance up sunflowers but that was long ago before a curse drove the magic away twelve year old felicity knows all about things like that her nomadic mother is cursed with a wandering heart but when she arrives in midnight gulch felicity thinks her luck's about to change a word collector felicity sees words everywhere shining above strangers tucked into church eaves and tangled up her dog's floppy ears but midnight gulch is the first place she's ever seen the word home and then there's jonah a mysterious spiky haired do gooder who shimmers with words felicity's never seen before words that make felicity's heart beat a little faster felicity wants to stay in midnight gulch more than anything but first she'll need to figure out how to bring back the magic breaking the spell that's been cast over the town and her mother's broken heart st thomas aquinas is best known for his summa theologiae and is regarded as the great exemplar of systematic theology yet st thomas himself might be surprised at this legacy he may well have saw himself principally as a commentator and teacher of sacred scripture when it comes to engaging st thomas scriptural work readers are at a significant disadvantage they are arguably more foreign and more dense than his summa yet have been scarcely studied this book by one of the foremost experts on st thomas use of scripture is a significant and much needed contribution in the order and division of divine truth st thomas aquinas as scholastic master of the sacred page john boyle opens up the riches of st thomas as a master of the sacred page readers will find explorations not just of the style of aquinas commentaries which differs from that of the modern biblical commentary but also the overarching

theological and methodological perspective that shapes his approach to scripture boyle gives insight into how aquinas would have understood the task of biblical commentary as a university lecturer how scripture is ordered to divine revelation how medieval masters divided up the text and how aquinas biblical commentaries relate to his theological summaries this book will be important for anyone seeking to better understand st thomas theology and the often overlooked role that scripture plays in his work the peripatetics explores the development of peripatetic thought from theophrastus and strato to the work of the commentator alexander of aphrodisias the book examines whether the internal dynamics of this philosophical school allowed for a unity of peripatetic thought or whether there was a fundamental tension between philosophical creativity and the notions of core teachings and canonisation the book discusses the major philosophical preoccupations of the peripatetics interactions with hellenistic schools of thought and the shift in focus among greek philosophers in a changing political landscape it is the first book of its kind to provide a survey of this important philosophical tradition

this volume presents a feminist approach to the canterbury tales investigating the ways in which the tensions and contradictions found within the broad contours of medieval gender discourse write themselves into chaucer s text four discourses of medieval masculinity are examined which simultaneously reinforce and resist one another heroic or chivalric christian courtly love and emerging humanist models each chapter attempts to negotiate both contemporary assumptions of gender construction and essentialist readings of gender common to the middle ages throughout the author argues that the canterbury tales offer a

sophisticated discussion of masculinity and that it strongly indicts some of the prevalent medieval notions of ideal masculinity while still remaining firmly homosocial and homophobic the book concludes that on the question of gender issues the tales are best studied as male authored texts containing representations and negotiations revealing much about late medieval masculinities dr anne laskaya teaches in the english department at the university of oregon

2016-04-26

st thomas aquinas is best known for his summa theologiae and is regarded as the great exemplar of systematic theology yet st thomas himself might be surprised at this legacy he may well have saw himself principally as a commentator and teacher of sacred scripture when it comes to engaging st thomas scriptural work readers are at a significant disadvantage they are arguably more foreign and more dense than his summa yet have been scarcely studied this book by one of the foremost experts on st thomas use of scripture is a significant and much needed contribution in the order and division of divine truth st thomas aquinas as scholastic master of the sacred page john boyle opens up the riches of st thomas as a master of the sacred page readers will find explorations not just of the style of aquinas commentaries which differs from that of the modern biblical commentary but also the overarching theological and methodological perspective that shapes his approach to scripture boyle gives insight into how aquinas would have understood the task of biblical commentary as a university lecturer how scripture is ordered to divine revelation how medieval masters divided up the text and how aquinas biblical commentaries relate to his theological summaries this book will be important for anyone seeking to better understand st thomas theology and the often overlooked role that scripture plays in his work

Hitler Youth: Growing Up in Hitler's Shadow (Scholastic Focus)

1995

the peripatetics explores the development of peripatetic thought from theophrastus and strato to the work of the commentator alexander of aphrodisias the book examines whether the internal dynamics of this philosophical school allowed for a unity of peripatetic thought or whether there was a fundamental tension between philosophical creativity and the notions of core teachings and canonisation the book discusses the major philosophical preoccupations of the peripatetics interactions with hellenistic schools of thought and the shift in focus among greek philosophers in a changing political landscape it is the first book of its kind to provide a survey of this important philosophical tradition
