

Free reading Sacred chronology of the hebrew kings a harmony of the reigns of the kings of israel and judah (Download Only)

new revised edition considered the classic and comprehensive work in reckoning the accession of kings calendars and coregencies based upon the old testament text and other extra biblical sources reconstruction based upon grammatical and lexical items in the book of kings of the dialect of hebrew peculiar to the northern kingdom of israel occasional publications of the department of near eastern studies and the program of jewish studies cornell university no 5 unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in books where there are images such as portraits maps sketches etc we have endeavoured to keep the quality of these images so they represent accurately the original artefact although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work was reproduced from the original artifact and remains as true to the original work as possible therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work as a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant new revised edition considered the classic and comprehensive work in reckoning the accession of kings calendars and coregencies based upon the old testament text and other extra biblical sources follow the words with an expert building on a lifetime of research and writing a graeme auld examines passages in samuel kings chronicles and isaiah that recount the same stories or contain similar vocabulary he advances his argument that samuel and kings were organic developments from a deftly crafted prophetically interpreted shared narrative he calls the book of two houses a work focused on the house of david and the house of yahweh in jerusalem at the end of the study he reconstructs the synoptic material within kings in hebrew with an english translation features a critique of the dominant approach to the narrative books in the hebrew bible a solid challenge to the widely accepted relationship between deuteronomy cultic centralization and king josiah s reform key evidence in the heated contemporary debate over the historical development of biblical hebrew was there a difference in the portrayal of king zedekiah in the hebrew and greek versions of jeremiah shelley l birdsong analyses the two different depictions highlights their unique characterizations and argues that the cruel and manipulative king in the greek is edited into a more compassionate king in the hebrew back cover for generations scholars have attempted to solve the chronological problems associated with the mysterious numbers of the hebrew kings in this volume the authors provide a coherent sensible and believable chronology for the israelite and judean kings in their reconstruction hayes and hooker take into consideration not only all of the biblical data but also all relevant ancient near eastern sources utilizing all available and reliable evidence they establish not only regnal years for all the rulers but also specific dates for numerous events in israelite and judean history in their opening chapters the authors explain the scheme of chronological reckoning found in the books of 1 2 kings their calculations are then computed without recourse to shifting understandings of the methods of reckoning or to a theory of coregencies the value of this work is not limited to purely chronological matters its implications extend to the dating of biblical sources such as the book of the covenant d p and the deuteronomistic history the volume also provides insights into the socio cultic life of biblical times the common response to any attempt to read the chronological notations associated with the kings of israel and judah in the time of the divided monarchy is perhaps a shrug of the shoulders or a statement to the effect that the problem is insoluble not only are the apparently contradictory or confusing notations of the mt a consideration

but the evidence of the other major versions seriously complicates any such undertaking in the twentieth century edwin r thiele attempted to reconcile and wrangle all of the numbers into a semblance of order with results that were far from convincing to his readers now christine tetley has attacked this knottiest of problems with fresh vigor and assayed a new solution there is no doubt that this book will be controversial nevertheless it will be required reading for anyone who wishes to pin archaeological and historical data within the framework of an absolute chronology this pioneering study wrestles with the perpetual problem of chronology in the books of kings starting from the conservative assumptions that the courts of israel and judah maintained regnal records and that these for the most part accurately reflect regnal length the author arrives at a new and persuasive dating for the reigns and their synchronisms in addition his chronological scheme includes all points of contact between israel and judah and external powers especially assyria the result is one of the most responsible and yet most critical chronologies proposed to date and will be the standard chronological reference for the next decade if not longer for contents see title catalog this book is an examination of characters in the books of kings showing how understanding and interpretation of key characters affects readings of the story the volume begins with more general pieces addressing how the study of characters can shed light on the composition history of kings and on how characters and characterization can be considered with respect to ethics particularly with respect to the moral complexity of biblical characters contributors then consider key characters within the kings narrative in depth such as nathan bathsheba solomon and jezebel the contributors use their own specific expertise to analyze these characters and more drawing on insights from literary theory and considering such approaches as questioning our view of a particular character with based on the character within the text with whom we identify contributors also assess whether or not characters as portrayed in the biblical text necessarily match up to their possible counterparts in history the hebrew text of the book of 1 samuel is set with colorful illustrations to represent narration dialogue monologue and scripture quotations together with a new english version by gloassa house translators excerpt from notes on the hebrew d104 of the books of kings with an introduction and appendix the aim of the present work is to provide a critical and grammatical commentary upon the hebrew text of kings after the model of dr driver s notes on the hebrew d104 of the books of samuel in writing the notes the needs of beginners in the study of the hebrew language have been prominent in my mind and so i have endeavoured to deal with some fulness with questions of grammar while at the same time making reference to the best authorities upon the subject for the purposes of textual criticism it has seemed worth while to utilize as largely as might be the evidence of the versions thus as far as possible all variants and additions of the versions have been cited where it may reasonably be supposed that these form original elements of the text from which the version in question was made upon the view that such readings are worthy of record even where no definite verdict can be passed as to their value in relation to the massoretic text the structure of kings and the characteristics of the various sources of the work have also been dealt with in brief the appendix contains the more important contemporary inscriptions which throw light upon the narrative of kings in making use of the work of my predecessors in the same field i trust that i have in every case made acknowledgement of my obligations about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works the narratives of solomon and jeroboam of elijah and ahab have fascinated readers for millennia even apart from questions of historical authenticity they are gripping stories of richly drawn characters caught up in the complex tale of god s dealings with israel this study explores the narrative world created by 1 kings ancient israelite author the people who inhabit it the lives they live the deeds they do and the face of god who is revealed in their stories an introduction explains the significance of 1 kings as a historical narrative originally intended as a literal history after centuries of writing and rewriting it is now as much a literary work as a historical one the views of those who formed it can be discerned and studied walsh also explains how the rich traditions of hebrew prose narrative and the hebrew language itself affect our reading of 1 kings this is the hebrew translation of the book of the chronicles of the kings of media and persia it is referred to in the holy bible in esther 10 2 which is given as follows and all the actes of his power and of his might and

the declaration of the greatness of mordecai whereunto the king advanced him are they not written in the booke of the chronicles of the kings of media and persia this book also includes the english version this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work was reproduced from the original artifact and remains as true to the original work as possible therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work as a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work was reproduced from the original artifact and remains as true to the original work as possible therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work as a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant the bible book of 2 kings with original hebrew as well as english translation and transliteration in 3 lines line by line format a book of the old testament and the tanakh perfect for beginner intermediate and advanced level hebrew includes a key to hebrew vowels and letter pronunciation you can now also listen to the hebrew audio while you read the books just go to the website that is provided in this ebook for the audio a useful addition to collections on the study of the bible as literature choice reflects not only on what the bible is saying but on how and why the result is an illumination of the role of compositional art in the analysis of the past and its consequent political implications shofar clearly there is much to gain from a careful reading of this book journal of the american oriental society joel rosenberg explores the fundamental concepts and contradictions in the history of pre exilic israel emphasizing the transition from tribal confederation to national kingdom the result is a fascinating illumination of the role of compositional art in the analysis of the past and its consequent political implications nathan lovell proposes that 1 and 2 kings might be read as a work of written history produced with the explicit purpose of shaping the communal identity of its first readers in the babylonian exile by drawing on sociological approaches to the role historiography plays in the construction of political identity lovell argues the book of kings is intended to reconstruct a sense of israelite identity in the context of these losses and that the book of kings moves beyond providing a reason for the exile in israel s history and beyond even connecting its exilic audience to that history the book recalls the past in order to demonstrate what it means to be israel in the exilic present and to encourage hope for the israelite nation in the future after developing a reading strategy for 1 2 kings that treats the book as a coherent narrative lovell examines the construction of israelite identity within kings under the headings of covenant nationhood land and rule in each case he suggests that the narrative of the book creates room for a genuine but temporary expression of israelite identity in exile genuine to show that it remains possible for israel to be yahweh s people during the exile but temporary to encourage hope for a future restoration

The Limitations Upon the Power of the Hebrew Kings

1914

follow the words with an expert building on a lifetime of research and writing a graeme auld examines passages in samuel kings chronicles and isaiah that recount the same stories or contain similar vocabulary he advances his argument that samuel and kings were organic developments from a deftly crafted prophetically interpreted shared narrative he calls the book of two houses a work focused on the house of david and the house of yahweh in jerusalem at the end of the study he reconstructs the synoptic material within kings in hebrew with an english translation features aacritique of the dominant approach to the narrative books in the hebrew bible a solid challenge to the widely accepted relationship between deuteronomy cultic centralization and king josiah s reform key evidence in the heated contemporary debate over the historical development of biblical hebrew

A chronology of the Hebrew kings

1979

was there a difference in the portrayal of king zedekiah in the hebrew and greek versions of jeremiah shelley l birdsong analyses the two different depictions highlights their unique characterizations and argues that the cruel and manipulative king in the greek is edited into a more compassionate king in the hebrew back cover

Israelian Hebrew in the Book of Kings

2002

for generations scholars have attempted to solve the chronological problems associated with the mysterious numbers of the hebrew kings in this volume the authors provide a coherent sensible and believable chronology for the israelite and judean kings in their reconstruction hayes and hooker take into consideration not only all of the biblical data but also all relevant ancient near eastern sources utilizing all available and reliable evidence they establish not only regnal years for all the rulers but also specific dates for numerous events in israelite and judean history in their opening chapters the authors explain the scheme of chronological reckoning found in the books of 1 2 kings their calculations are then computed without recourse to shifting understandings of the methods of reckoning or to a theory of co regencies the value of this work is not limited to purely

chronological matters its implications extend to the dating of biblical sources such as the book of the covenant d p and the deuteronomistic history the volume also provides insights into the socio cultic life of biblical times

The Limitations Upon the Power of the Hebrew Kings; a Study in Hebrew Democracy

2012-08

the common response to any attempt to read the chronological notations associated with the kings of israel and judah in the time of the divided monarchy is perhaps a shrug of the shoulders or a statement to the effect that the problem is insoluble not only are the apparently contradictory or confusing notations of the mt a consideration but the evidence of the other major versions seriously complicates any such undertaking in the twentieth century edwin r thiele attempted to reconcile and wrangle all of the numbers into a semblance of order with results that were far from convincing to his readers now christine tetley has attacked this knottiest of problems with fresh vigor and assayed a new solution there is no doubt that this book will be controversial nevertheless it will be required reading for anyone who wishes to pin archaeological and historical data within the framework of an absolute chronology

2023-08-21

a useful addition to collections on the study of the bible as literature choice reflects not only on what the bible is saying but on how and why the result is an illumination of the role of compositional art in the analysis of the past and its consequent political implications shofar clearly there is much to gain from a careful reading of this book journal of the american oriental society joel rosenberg explores the fundamental concepts and contradictions in the history of pre exilic israel emphasizing the transition from tribal confederation to national kingdom the result is a fascinating illumination of the role of compositional art in the analysis of the past and its consequent political implications

Kings

1977

nathan lovell proposes that 1 and 2 kings might be read as a work of written history produced with the explicit purpose of shaping the communal identity of its first readers in the babylonian exile by drawing on sociological approaches to the role historiography plays in the construction of political identity lovell argues the book of kings is intended to reconstruct a sense of israelite identity in the context of these losses and that the book of kings moves beyond providing a reason for the exile in israel s history and beyond even connecting its exilic audience to that history the book recalls the past in order to demonstrate what it means to be israel in the exilic present and to encourage hope for the israelite nation in the future after developing a reading strategy for 1 2 kings that treats the book as a coherent narrative lovell examines the construction of israelite identity within kings under the headings of covenant nationhood land and rule in each case he suggests that the narrative of the book creates room for a genuine but temporary expression of israelite identity in exile genuine to show that it remains possible for israel to be yahweh s people during the exile but temporary to encourage hope for a future restoration
