Joyride 2012-11-12 click here to download the first section from joyride new edition includes 50 keys to transforming your community a detailed checklist for communities trying to adapt bike friendly and more sustainable policies successful in the first self published edition this new edition will now be available to book and outdoor retailers for the first time joyride tells the inspiring story of mia birk s twenty year crusade to integrate bicycling into daily life with only table scraps of funding birk led a revolution that helped grow portland oregon into the country s premier cycling city she then hit the road teaching communities how to incorporate cycling into their civic dna to make their towns healthier safer and more livable through a panoply of hilarious and poignant stories birk takes readers on a rollercoaster journey of global and local discovery while bringing into sharp focus some of the planet s most pressing and hotly debated energy and transportation issues policies shortcomings and solutions her funny touching and instructive joyride offers hope and experienced how to advice to anyone interested in changing our world for the better one pedal stroke at a time

Science Fiction Magazine Story Index, 1926-1995 1999 since the appearance of the first science fiction magazine in 1926 thousands of short stories have been published in periodicals devoted to the genre these stories cover a wide range of subjects from spacecraft to the human condition and feature little known authors as well as masters like ellison and asimov in the past finding which issue of what magazine ran a certain story was nearly impossible this much needed reference tool provides valuable assistance in the daunting task of locating short stories published in science fiction magazines providing exhaustive indexes to magazines authors and titles allowing a variety of options for research on 34 000 stories appearing in nearly 5 000 issues of 133 genre magazines stories from all major american publications as well as from several minor periodicals are indexed also included is an appendix of the best known and most prolific contributors giving the titles of all their stories in this work necessary because the huge author index does not show titles a guide to how to use this book clarifies its features for the researcher

Cached 2013-03-18 this is the most culturally sophisticated history of the internet yet written we can t make sense of what the internet means in our lives without reading schulte s elegant account of what the internet has meant at various points in the past 30 years siva vaidhyanathan chair of the department of media studies at the university of virginia in the 1980s and 1990s the internet became a major player in the global economy and a revolutionary component of everyday life for much of the united states and the world it offered users new ways to relate to one another to share their lives and to spend their time shopping working learning and even taking political or social action policymakers and news media attempted and often struggled to make sense of the emergence and expansion of this new technology they imagined the internet in conflicting terms as a toy for teenagers a national security threat a new democratic frontier an information superhighway a virtual reality and a framework for promoting globalization and revolution schulte maintains that contested concepts had material consequences and helped shape not just our sense of the internet but the development of the technology itself cached focuses on how people imagine and relate to technology delving into the political and cultural debates that produced the internet as a core technology able to revise economics politics and culture as well as to alter lived experience schulte illustrates the conflicting and indirect ways in which culture and policy combined to produce this transformative technology

Mac OS X 2003-03 mac os x

Dr. Dobb's Journal 1999 this volume studies the relation between globalization and inequalities in emerging societies by linking area and global studies aiming at a new theory of inequality beyond the nation state and beyond eurocentrism
