in the first 1987 edition of this book dr higashi and dr lauter have discussed and analyzed the initial stages of the internationalization process the authors with michio watanabe at a reception in hakone japan 1988 xvi the internationalization of the japanese economy of the japanese economy as it had evolved between 1985 and 1986 in this the second edition they explore the developments during 1985 1988 and show how the gradual transformation of the economy from export ied to domestic demand ied growth has taken place what the results of the trans formation process are what remaining problems still have to be resolved and what directions the japanese economy might take in the future while the transformation process is by no

means completed drs higashi and lauter provide a broad policy analysis based overview that enables the reader to understand not only the economic but also the basic political and social issues involved in the internationalization process in this sense the authors stay away from the extreme positions that characterize so many of the publications on japan today and attempt to provide a realistic view of the changes and the impact of these changes i believe that this book is a fair and balanced representation of events
